Witness For Peace A Story Of Resistance:

Witness for Peace Ed Griffin-Nolan, 1991-01-01 Relates how the American organization Witness for Peace observed the war in Nicaragua to bring accurate reports of the war back to the United States *A Call to Conscience* Roger Craft Peace, 2012 Unlike earlier U S interventions in Latin America the Reagan administration's attempt to overthrow the Sandinista government of Nicaragua during the 1980s was not allowed to proceed quietly Tens of thousands of American citizens organized and agitated against U S aid to the counterrevolutionary guerrillas known as contras Believing the Contra War to be unnecessary immoral and illegal they challenged the administration's Cold War stereotypes warned of another Vietnam and called on the United States to abide by international norms *A Call to Conscience* offers the first comprehensive history of the anti Contra War campaign and its Nicaragua connections Roger Peace places this eight year campaign in the context of previous American interventions in Latin America the Cold War and other grassroots oppositional movements Based on interviews with American and Nicaraguan citizens and leaders archival records of activist organizations and official government documents this book reveals activist motivations analyzes the organizational dynamics of the anti Contra War campaign and contrasts perceptions of the campaign in Managua and Washington Peace shows how a variety of civic groups and networks religious leftist peace veteran labor women's rights worked together in a decentralized campaign that involved extensive transnational cooperation *Peace Advocacy in the Shadow of War* Francis Shor, 2024-01-05 For peace advocates a corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical political perspectives in the 20th and 21st centuries should find much to reflect upon in this book **Berkeley Journal of Religion and Theology, Vol.2, No. 2** BJRT GTU, 2016-06-18 Volume 2 Issue 2 of the Berkeley Journal of Religion and Theology is a special issue honoring the work of Judith Berling and Arthur Holder Judith Berling the 4th academic dean of the Graduate Theological Union is retiring from the faculty and Arthur Holder the 6th academic dean is stepping down from the deanship of the GTU This issue brings students and colleagues of both Drs Berling and Holder to celebrate their achievements and honor their service to the GTU by engaging their work Featuring contributions by Margaret

Miles Henry Kuo Lisa Dahill Ken Butigan Sandra Schneiders William Short Mary Mee Yin Yuen Jennifer Howe Peace and Riess Potterveld The Oxford Handbook of Peace History Charles F. Howlett, Christian Philip Peterson, Christian Peterson, Deborah D. Buffton, David L. Hostetter, 2023 The Oxford Handbook of Peace History uniquely explores the distinctive dynamics of peacemaking across time and place and analyzing how past and present societies have created diverse cultures of peace and applied strategies for peaceful change The analysis draws upon the expertise of many well respected and distinguished scholars from disciplines such as anthropology economics history international relations journalism peace studies sociology and theology This work is divided into six parts The first three sections address the chronological sweep of peace history from the Ancient Egyptians to the present while the last three cover biographical profiles of peace advocates key issues in peace history and the future of peace history A central theme throughout is that the quest for peace is far more than the absence of war or the pursuit of social justice ideals Students and scholars alike will appreciate that this work examines the field of peace history from an international perspective and expands analysis beyond traditional Eurocentric frameworks This volume also goes far beyond previously published handbooks and anthologies in answering what are the strengths and limits of peace history as a discipline and what can it offer for the future It also has the unique features of a state of the field introduction with a detailed treatment of peace history historiography and a chapter written by a noted archivist in the field that provides a comprehensive list of peace research resources It is a work ably suited applicable for classrooms and scholarly bookshelves Where Do We Go from Here? Mark Major, 2010-01-01 Progressive politics has long been in crisis in the United States As the radical Left realizes the dire consequences of defining themselves solely by what they are against this collection challenges leading engaged academics and activists to show how radical politics can lead to a more fruitful democracy Dealing with pressing issues of the day such as health care race immigration religion foreign policy unions feminism liberalism education and the media this edited volume looks at the prospects for a progressive turn in U S politics In doing so it hopes to inspire the radical imagination by showing where we can go from here As technology continues to enable greater access to ideas around the world the power of intellectuals is greater than ever And given that the world is full of crushing poverty sexism uneven development environmental degeneration religious fanaticism racism and imperialism the need for intellectuals to inspire the radical imagination by championing principles of economic and social justice democracy and universality is also greater than ever However political visions are required to guide that struggle This is the aim of this book Empathy Beyond US Borders Gary Adler, 2019-05-02 Why do colleges and churches travel to help distant others and what does transnational civic engagement actually accomplish **Nonviolent Action** Ronald J. Sider, 2015-02-10 There are numerous examples throughout history of effective nonviolent action Nonviolent protesters defied the Soviet Empire s communist rulers Gandhi s nonviolent revolution defeated the British Empire and Martin Luther King Jr s peaceful civil rights crusade changed American history Recent

scholarship shows that nonviolent revolutions against injustice and dictatorship are actually more successful than violent campaigns In this book noted theologian and bestselling author Ron Sider argues that the search for peaceful alternatives to violence is not only a practical necessity in the wake of the twentieth century the most bloody in human history but also a moral demand of the Christian faith He presents compelling examples of how nonviolent action has been practiced in history and in current social political situations to promote peace and oppose injustice showing that this path is a successful and viable alternative to violence

The Sandbox Revolution Lydia Wylie-Kellermann, 2021-03-30 It is a complex time to be a parent Our climate is in crisis and economic inequality is deepening Racialized violence is spreading and school shootings are escalating How do we as parents cultivate in our children a love of the earth a cry for justice and a commitment to nonviolence Where do we place our bodies so we teach our kids that resistance is crucial and change is possible What practices do we hold as a family to encourage them to work with their hands honor their hearts and nurture their spirits The Sandbox Revolution calls upon our collective wisdom to wrestle with the questions navigate the challenges offer concrete practices and remind parents of the sacredness of the work Written by parents who are also writers pastors teachers organizers artists gardeners and activists this anthology offers a diversity of voices and experiences on topics that include education money anti racism resistance spirituality disability justice and earth care

Routledge Handbook of Radical Politics Ruth Kinna, Uri Gordon, 2019-05-16 Successive waves of global protest since 1999 have encouraged leading contemporary political theorists to argue that politics has fundamentally changed in the last twenty years with a new type of politics gaining momentum over elite representative institutions The new politics is frequently described as radical but what does radicalism mean for the conduct of politics Capturing the innovative practices of contemporary radicals Routledge Handbook of Radical Politics brings together leading academics and campaigners to answer these questions and explore radicalism s meaning to their practice In the thirty five chapters written for this collection they collectively develop a picture of radicalism by investigating the intersections of activism and contemporary political theory Across their experiences the authors articulate radicalism s critical politics and discuss how diverse movements support and sustain each other Together they provide a wide ranging account of the tensions overlaps and promise of radical politics while utilising scholarly literatures on grassroots populism to present a novel analysis of the relationship between radicalism and populism Routledge Handbook of Radical Politics serves as a key reference for students and scholars interested in the politics and ideas of contemporary activist movements
