Wolfgang Capito: From Humanist to Reformer James M. Kittelson, 2022-04-25 **The Wheat and the Tares** Andrew Allan Chibi, 2017-05-25 Western Christians in the late Middle Ages were accustomed to living in a hierarchical Church albeit one that had huge local differences and many divisions Half a millennium later that seeming unity has been shattered into tens of thousands of Christian denominations each with its distinctive beliefs and structure In *The Wheat and the Tares* Andrew Chibi explores the era of the Reformation showing how that unity was shattered in a few years Chibi brings out the divisions that were simmering deep beneath the surface in the era before Luther posted his 95 theses attacking the sale of indulgences on the door of the Castle Church at Wittenberg sparking momentous changes throughout Europe The widespread recognition of the need for reform is seen through the eyes of Erasmus the greatest scholar of the age Exploring the writings of the main reformers about the Church Chibi brings out the diverse ecclesiological ideas Jesus's parable of the Wheat and the Tares for Zwingli and other reformers offered an image as the reformers sought to rediscover the purity of the Church as God's gift **Communities, Politics, and Reformation in Early Modern Europe** Thomas Brady, 2021-10-25 The studies united in this volume explore themes of community politics religion gender and social conflict and accommodation during the first decades of the Reformation movement Other chapters investigate historiographical themes especially the interpretation of early modern German history Two longer chapters address European themes the historical sociology of early modern societies in terms of legal definitions of status and modern conceptions of economic class and the difference between central and western European development in a global context Taken together the studies explore the transition zone between medieval and modern history in both microhistorical especially urban and regional and broadly comparative contexts Some of the studies are supplementary to the author's books on the sixteenth century Protestant Reformation at Strasbourg in southern Germany and in the Holy Roman Empire **Reformation and Early Modern Europe** David M. Whitford, 2007-11-01 Continuing the tradition of historiographic studies this volume provides an update on research in Reformation and early modern Europe Written by expert scholars in the field these eighteen essays explore the fundamental points of Reformation and early modern history in religious studies European regional studies and social and cultural studies Authors review the present state of research in the field new trends key issues scholars are working with and fundamental works in their subject area including the wide range of electronic resources now available to researchers *Reformation and Early Modern Europe A Guide to Research* is a valuable resource for students and scholars of early modern Europe *The Impact of the Reformation* Heiko Augustinus Oberman, 1994 This collection of essays from a distinguished scholar of medieval Renaissance and Reformation history examines one of the most fascinating and turbulent periods of human history from the perspective of the social history of ideas Taking advantage of the windows offered by late medieval scholastic thought the Modern Devotion Johann von Staupitz Martin Luther Marian piety and the escalation of anti-Semitism

Heiko A Oberman illuminates the social and intellectual context for the reform of church and society in the sixteenth century. These programmatic essays not only provide analyses of Reformation events but also contribute to the contemporary search for new methods and models that better capture the meaning of that period. Recognizing the distance between intellectual and social historians of the Reformation, Oberman seeks to bridge the gap by pursuing an innovative path. The impact of the Reformation is traced through everyday life as well as through individual programs for change. Christian Magistrate and Territorial Church James Martin Estes, 2007. *The Bible in the Sixteenth Century* David C. Steinmetz, 1990-01-30. A distinguished group of authors here illuminate a broad spectrum of themes in the history of biblical interpretation. Originally published in 1990, these essays take as their common ground the thesis that the intellectual and religious life of the sixteenth century cannot be understood without attention to the preoccupation of sixteenth century humanists and theologians with the interpretation of the Bible. Topics explored include Jewish exegesis and problems of Old Testament interpretation and the relationship between the Bible and social, political, and institutional history. Contributors: Irena Backus, Guy Bedouelle, Kalman P. Bland, Kenneth G. Hagen, Scott H. Hagen, Scott H. Hendrix, R. Gerald Hobbs, Jean-Claude Margolin, H. C. Erik Midelfort, Richard A. Muller, John B. Payne, David C. Steinmetz. Orthodoxy and Reform in Early Reformation France James K. Farge, 1985.

The Renaissance in Rome Charles L. Stinger, 1998-09-22. Probes the basic attitudes, the underlying values, and the core convictions that Rome's intellectuals and artists experienced, lived for, and believed in, from Pope Eugenius IV's reign to the Eternal City in 1443 to the sacking of 1527. *Karlstadt and the Origins of the Eucharistic Controversy* Amy Nelson Burnett, 2011-04-01. This book examines the early development of the Reformation debate over the Lord's Supper, going beyond Martin Luther and Ulrich Zwingli; it demonstrates the importance of late medieval heresy and the key role played by Andreas Bodenstein von Karlstadt in challenging traditional belief in Christ's corporeal presence in the sacrament.
