Top 10 Mistakes That Will Destroy Your Social Security Disability Claim Nick Ortiz, 2012-11-02 The Social Security disability application process can be long and difficult I receive dozens of calls each month from individuals seeking assistance in disability claims Plenty of legitimate claims are denied despite the fact that the claimant has a severe and debilitating condition I am constantly reminding applicants that there is a reason why I do what I do I would not have a job assisting claimants if all legitimate claims were approved right away Unfortunately good claims are denied right along with the weaker cases When people seek assistance they tell me what they've already done in the claim After years of practice I've learned that claimants routinely make the same critical mistakes over and over again that can forever destroy their chances of ever collecting on their disability claims That's why I've written this book I want to try and assist claimants in avoiding the most common mistakes in the claim process If you visit my website www.PensacolaDisability.com you will learn more about the Disability Insurance Benefit DIB and Supplemental Security Income SSI programs of disability benefits with the Social Security Administration The rules and regulations can be very complicated This book attempts to try and educate claimants on how to avoid making critical mistakes that may cost them their claims For some claimants the advice in this book may make the difference in collecting thousands of dollars of benefits For others this book may make the difference in hundreds of thousands of dollars in benefits over their lifetimes And don't forget if you are awarded benefits you are eligible for health insurance via Medicaid or Medicare Such health insurance benefits are critical for anyone with a debilitating disability
