Tim's God Bless Us Every One is as familiar as Merry Christmas. It is not surprising that Dickens' ghostly little book, as he called it, has proved popular with playwrights and screenwriters. In everything from elegant literary treatments to animated musicals, the role of Scrooge has been essayed by actors from George C. Scott to Mr. Magoo. This critical account of the story's history and its various adaptations examines first the original writing of the story, including its political, economic, and historical context. The major interpretations are analyzed within their various media: stage, magic lantern shows, silent film, talkies, and television. Dickens' other lesser-known Christmas stories, like *The Cricket on the Hearth*, are also examined and compared to the immortal Carol. Finally, a complete annotated filmography of all film and television productions based on *A Christmas Carol* is included, with commentary on each version's loyalty to the original text. The book includes 25 previously unpublished photos as well as analysis of previously undocumented productions. The text includes a foreword by the distinguished film and literary scholar Edward Wagenknecht, a bibliography, and an index.

Retribution of the Atomic Creature D. Anthony Watters, 2022-07-15 *Retribution of the Atomic Creature* Book II: Challenge of the Arrowhead Trilogy. The saga continues in this exciting sequel. Young Daniel Anderson and his best friend Herb Dillon once again find themselves launched on a dangerous trek back to the Arrowhead in quest of the eternal child, back to the ruins of what was once the domicile of their nemesis, the depraved Nazi despot Arthur Broderick and his secret weapons manufacturing operations and nefarious bio-eugenics experimental laboratories. They must move quickly lest their lost compatriot succumb to the cold. But the frigid temperatures will not only pose a mortal danger for Bernie, but they themselves will also encounter life-threatening Arctic blizzards, an isle of frost, a radioactive volcano, and miles of frozen desolation. As if that weren't tough enough, they are ruthlessly being stalked by the bloodthirsty radiation-mutated beast of the volcano, hell-bent on their annihilation. This anecdotal tale from the creative imagination of author D. Anthony Watters will transport the reader back to a time when heroes were just ordinary people called by destiny to become extraordinary. You will, without doubt, enjoy his nostalgic portrayals of teen heroism and romance, penned in his characteristic nail-biting action style. A capstone on his lifelong romance with the great outdoors, he now enjoys writing and publishing outdoor novels featuring adventures inspired by his own experience as a teen in the fifties and sixties.
