Tracking Europe, 2010 **Tracking Europe** Ginette Verstraete, 2010-02-17 A work of cultural theory addressing how European identity is defined in terms of mobility **Handbook of Research on Urban Tourism, Viral Society, and the Impact of the COVID-19 Pandemic** Andrade, Pedro, Martins, Moisés de Lemos, 2022-06-30 The tourism and hospitality industries have faced major setbacks in recent years as they have had to combat various challenges such as the COVID 19 pandemic and a rapidly evolving global market In order to ensure these industries are prepared for future crises further study on the best practices and strategies for handling difficult times and managing growth is critical The Handbook of Research on Urban Tourism Viral Society and the Impact of the COVID 19 Pandemic provides innovative research and perspectives on the revitalization of cultural tourism industries and services by addressing the creation of jobs in the areas of restoration leisure and culture The book also analyzes how the tourism industry has handled global crises in the past and proposes business models for information and knowledge dissemination to appropriately handle disasters Covering critical topics such as digital media and risk management this major reference work is ideal for industry professionals government officials policymakers researchers academicians scholars practitioners instructors and students Mobility and Migration in Film and Moving Image Art Nilgun Bayraktar, 2015-12-07 Mobility and Migration in Film and Moving Image Art explores cinematic and artistic representations of migration and mobility in Europe from the 1990s to today Drawing on theories of migrant and diasporic cinema moving image art and mobility studies Bayraktar provides historically situated close readings of films videos and cinematic installations that concern migratory networks and infrastructures across Europe the Middle East and Africa Probing the notion of Europe as a coherent entity and a borderless space this interdisciplinary study investigates the ways in which European ideals of mobility and fluidity are deeply enmeshed with forced migration illegalization and xenophobia With a specific focus on distinct forms of mobility such as labor migration postcolonial migration tourism and refugee mobilities Bayraktar studies the new counter hegemonic imaginations invoked by the work of filmmakers such as Ay e Polat Fatih Akin Michael Haneke and Tony Gatlif as well as video essays and installations of artists such as Kutlu Ataman Ursula Biemann Ergin avu o lu Maria Iorio and Rapha l Cuomo Challenging aesthetic as well as national cultural and political boundaries the works central to this book envision Europe as a diverse inclusive and unfixed continent that is reimagined from many elsewheres well beyond its borders The Figure of the Migrant in Contemporary European Cinema Temenuga Trifonova, 2020-07-09 The Figure of the Migrant in Contemporary European Cinema explores contemporary debates around the concepts of Europe and European identity through an examination of recent European films dealing with various aspects of globalization the refugee crisis labour migration the resurgence of nationalism and ethnic violence neoliberalism post colonialism with a particular attention to the figure of the migrant and the ways in which this figure challenges us to rethink Europe and its core Enlightenment values citizenship justice ethics liberty tolerance and

hospitality in a post national context of ephemerality volatility and contingency that finds people desperately looking for firmer markers of identity The book argues that a compelling case can be made for re orienting the study of contemporary European cinema around the figure of the migrant viewed both as a symbolic figure representing post national citizenship urbanization the gap between ethics and justice and as a figure occupying an increasingly central place in European cinema in general rather than only in what is usually called migrant and diasporic cinema By drawing attention to the structural and affective affinities between the experience of migrants and non migrants Europeans and non Europeans Trifonova shows that it is becoming increasingly difficult to separate stories about migration from stories about life under neoliberalism in general
