Translating Official Documents Translation Practices Explained:

Translating Official Documents Roberto Mayoral Asensio, 2014-07-16 Official translations are generally documents that serve as legally valid instruments They include anything from certificates of birth death or marriage through to academic transcripts or legal contracts This field of translation is now as important as it is fraught with difficulties for it is only in a few areas that the cultural differences are so acute and the consequences of failure so palpable In a globalizing world our official institutions increasingly depend on translations of official documents but little has been done to elaborate the skills and dilemmas involved Roberto Mayoral deals with the very practical problems of official translating He points out the failings of traditional theories in this field and the need for revised concepts such as the virtual document pragmatic constraints and risk analysis He details aspects of the social contexts ethical norms translation strategies different formats fees legal formulas and ways of solving the most frequent problems Care is taken to address as wide a range of cultural contexts as possible and to stress the active role of the translator This book is intended as a teaching text for the classroom for self learning or for professionals who want to reflect on their practice Activities and exercises are suggested for each chapter and information is included on professional associations and societies across the globe [An Introduction to Audio Description](#) Louise Fryer, 2016-04-20 An Introduction to Audio Description is the first comprehensive user friendly student guide to the theory and practice of audio description or media narration providing readers with the skills needed for the effective translation of images into words for the blind and partially sighted A wide range of examples from film to multimedia events and touch tours in theatre along with comments throughout from audio description users serve to illustrate the following key themes the history of audio description the audience the legal background how to write prepare and deliver a script Covering the key genres of audio description and supplemented with exercises and discussion points throughout this is the essential textbook for all students and translators involved in the practice of audio description Accompanying film clips are also available at <https://www.routledge.com/products/9781138848177> and on the Routledge Translation Studies Portal <http://www.routledge.com/textbooks/translationstudies> [Translation and Community](#) Mustapha Taibi, 2024-12-13 Community or public service translation contributes to a more equitable and sustainable community by empowering minority groups such as migrants and refugees and is a growing area for both teaching and research within translation studies Written by a leading authority with over 20 years of teaching experience and in consultation with a range of academics running major courses across the globe this is the first accessible and interactive introductory textbook to this growing area It provides step by step guidance to students undertaking an undergraduate or postgraduate course covering community translation public service translation translation as social action or translation as a social service in multilingual and multicultural societies The book covers key issues in this area of translation practice including its distinctive features challenges and requirements role and ethical issues common text types translation strategies translation revision and quality

assurance and relationships with end users Including examples of a range of different text types suggested activities and readings at the end of each chapter and additional resources and activities on the Routledge Translation Studies portal this is the essential introduction for all students of community and public service translation *Localizing Apps* Johann Roturier,2015-05-08 The software industry has undergone rapid development since the beginning of the twenty first century These changes have had a profound impact on translators who due to the evolving nature of digital content are under increasing pressure to adapt their ways of working *Localizing Apps* looks at these challenges by focusing on the localization of software applications or apps In each of the five core chapters Johann Roturier examines The role of translation and other linguistic activities in adapting software to the needs of different cultures localization The procedures required to prepare source content before it gets localized internationalization The measures taken by software companies to guarantee the quality and success of a localized app With practical tasks suggestions for further reading and concise chapter summaries *Localizing Apps* takes a comprehensive look at the transformation processes and tools used by the software industry today This text is essential reading for students researchers and translators working in the area of translation and creative digital media *Legal Machine Translation Explained* Patrizia Giampieri,2023-06-05 Machine translation MT has made huge strides in the last few decades In the legal field however there are only a few academic works dedicated to exploring how MT can be successfully applied in legal translation practice There is currently a gap in the literature that concerns studies on the automated translation of legal documents drawn up by international law firms and or tackled by legal translators This book bridges this gap by providing an in depth analysis of MT in legal practice It explores whether and to what extent MT can be considered reliable or at least acceptable in the legal field and in legal practice It investigates whether MT target texts can be used as drafts to be processed further i e post edited how we might tackle MT s shortcomings and how MT tools could be supplemented with other language resources *Community Translation* Mustapha Taibi,Uldis Ozolins,2016-02-25 Investigating an important field within translation studies *Community Translation* addresses the specific context characteristics and needs of translation in and for communities Traditional classifications in the fields of discourse and genre are of limited use to the field of translation studies as they overlook the social functions of translation Instead this book argues for a classification that cuts across traditional lines based on the social dimensions of translation and the relationships between text producers and audiences *Community Translation* discusses the different types of texts produced by public authorities services and individuals for communities that need to be translated into minority languages and the socio cultural issues that surround them In this way this book demonstrates the vital role that community translation plays in ensuring communication with all citizens and in the empowerment of minority language speakers by giving them access to information enabling them to participate fully in society ***The Routledge Handbook of Forensic Linguistics*** Malcolm Coulthard,Alison Johnson,2010-03-30 Forensic linguistics is the study of language and the law covering topics from legal
