Trapped In The War On Terror

Thomas P. Cavanna

Trapped In The War On Terror:

Trapped in the War on Terror Ian Lustick, 2006-09-06 Ian Lustick has written a brave forceful and very valuable book I wish that every politician promising to defend America would read what he has to say Failing that the voters should James Fallows National Correspondent The Atlantic Monthly *The Necessary Evil of Preventive Detention in the War on Terror* Stephanie Cooper Blum, 2008 This book explores the underlying rationales for preventive detention as a tool in this war on terror analyzes the legal obstacles to creating a preventive detention regime discusses how Israel and Britain have dealt with incapacitation and interrogation of terrorists and compares several alternative ideas to the administration's enemy combatant policy under a methodology that looks at questions of lawfulness the balance between liberty and security and institutional efficiency In the end this book recommends using the Foreign Intelligence Surveillance Court to monitor a narrow regime of preventive detention only to be used under certain prescribed circumstances where interrogation and or incapacitation are the justifications This book is an essential reference for collections in American studies political science and national security studies BOOK JACKET **Hubris, Self-Interest, and America's Failed War in Afghanistan**

Thomas P. Cavanaugh, 2015-07-22 This book describes the conduct of the US led post 9 11 war in Afghanistan Adopting a long term perspective it argues that even though Washington initially had an opportunity to achieve its security goals and give Afghanistan a chance to enter a new era it compromised any possibility of success from the very moment it let bin Laden escape to Pakistan in December 2001 and found itself locked in a strategic overreach Given the bureaucratic and rhetorical momentum triggered by the war on terror in America the Bush Administration was bound to deploy more resources in Afghanistan sooner or later despite its focus on Iraq The need to satisfy unfulfilled counter terrorism objectives made the US dependent on Afghanistan's warlords which compromised the country's stability and tarnished its new political system The extension of the US military presence made Washington lose its leverage on the Pakistan army leaders who aware of America's logistical dependency on Islamabad supported the Afghan insurgents their historical proxies more and more openly The extension of the war also contributed to radicalize segments of the Afghan and Pakistani populations destabilizing the area further In the meantime the need to justify the extension of its military presence influenced the US led coalition into proclaiming its determination to democratize and reconstruct Afghanistan While highly opportunistic the emergence of these policies proved both self defeating and unsustainable due to an inescapable collision between the US led coalition's inherent self interest hubris limited knowledge limited attention span and limited resources and on the other hand Afghanistan's inherent complexity As the critical contradictions at the very heart of the campaign increased with the extension of the latter's duration scale and cost America's leaders entrapped in path dependence lost their strategic flexibility Despite debates on troops resource allocation and more sophisticated doctrines they repeated the same structural mistakes over and over again The strategic overreach became self sustaining until its costs became intolerable leading to a drawdown which has more to

do with a pervasive sense of failure than with the accomplishment of any noble purpose or strategic breakthrough The Discourse Trap and the US Military J. Michaels, 2013-03-19 This book proposes the idea of a discourse trap in which the discourses and associated terminology devised for political or military reasons can entrap policymakers by motivating or constraining their actions **Lessons and Legacies of the War on Terror** Gershon Shafir, Everard Meade, William J.

Aceves, 2013 A decade after 9 11 it is increasingly difficult to deny that terror has prevailed not as a specific enemy but as a way of life This book examines the social cultural and political drivers of the war on terror through the framework of a political moral panic **The Terrorism Trap** Harrison Akins, 2023-06-20 After two decades and trillions of dollars the

United States fight against terrorism has achieved mixed results Despite the vast resources and attention expended since 9 11 terrorism has increased in many societies that have been caught up in the war on terror Why have U S policies been unable to stem the tide of violence Harrison Akins reveals how the war on terror has had the unintended consequence of increasing domestic terrorism in U S partner states He examines the results of U S backed counterterrorism operations that targeted al Qaeda in peripheral regions of partner states over which their central governments held little control These operations often provoked a violent backlash from local terrorist groups leading to a spike in retaliatory attacks against partner states Senior U S officials frequently failed to grasp the implications of the historical conflict between central governments and the targeted peripheries Instead they exerted greater pressure on partner states to expand their counterterrorism efforts This exacerbated the underlying conditions that drove the escalating attacks trapping these governments in a deadly cycle of tit for tat violence with local terrorist groups This process Akins demonstrates accounts for the lion s share of the al Qaeda network s global terrorist activity since 2001 Drawing on extensive primary sources including newly declassified documents dozens of in depth interviews with leading government officials in the United States and abroad and statistical analysis The Terrorism Trap is a groundbreaking analysis of why counterterrorism has backfired

Homeland Security Organization in Defence Against Terrorism J. P. I. A. G. Charvat, 2012 Centre of Excellence Defence Against Terrorism Ankara Turkey The Price of Fear Ibrahim Warde, 2007 Ibrahim Warde exposes the Bush administration s much ballyhooed but often duplicitous war on terrorist finances which has nabbed few bad guys ruined many innocents frozen little hot money and vastly complicated worldwide banking for the greater glory of a burgeoning American bureaucracy Jonathan Randal author of Osama The Making of a Terrorist Ibrahim Warde takes a long overdue skeptical look at the widely held view that money is the oxygen of terrorism That conclusion has resulted in a financial war on terror launched by the US government that in many cases has produced meager or even counterproductive results Warde writes with great clarity and his book is very well reported It is a welcome addition to a field that has been largely the preserve of alarmists with little interest in the kinds of reporting done by Warde Peter Bergen author of The Osama bin Laden I Know A pleasure to read remarkably informative about a subject that the press seems to have mangled This ought to

have a big impact Chalmers Johnson author *Blowback The Costs and Consequences of American Empire* Is it any wonder that with thinking like this American policy went adrift in the war on terror not able to find a solid base on which to move forward Patrick Lloyd Hatcher author of *North Atlantic Civilization at War* A witty irreverent analysis of the financial war on terror A must read for anyone interested in the Middle East and the global economy Clement M Henry co author of *Globalization and the Politics of Development in the Middle East*

The BBC, The 'War on Terror' and the Discursive Construction of Terrorism Jared Ahmad, 2018-04-21 In the years since the September 11th 2001 attacks the al Qaeda phenomenon has become one of the most written about yet crucially misunderstood threats of the 21st century But despite the sheer volume of literature produced during the war on terror period few studies have sought to consider the way this entity has been represented within the news media The BBC the War on Terror and the Discursive Construction of Al Qaeda addresses this significant gap in knowledge by providing an original and much needed assessment of the various strategies used to depict al Qaeda and thus make it meaningful for British television audiences Drawing on the work of French philosopher Michel Foucault and focusing on Britain's most watched and trusted news programme the BBC's flagship News at Ten bulletin the book provides insight into both the visual and verbal nature of these representations and the way they have shifted over the course of a ten year period while also shedding light upon the broader political and social consequences of the BBC's portrayals In doing so the book not only helps to develop a deeper understanding of the complexity of the BBC's representations and their various shifts and transformations but also details the process through which al Qaeda has been pieced together from a range of cultural parts And how ultimately the dominant mode of representation used to portray this entity is one that closely resembles Britain's own diverse multicultural self

Ten Years After 9/11 Arabinda Acharya, 2013 Ten years after the 9 11 attacks this book reassesses the effectiveness of the War on Terror considers how al Qaeda and other jihadist movements are faring explores the impact of wider developments in the Islamic world such as the Arab Spring and discusses whether all this suggests that a new approach to containing international especially jihadist terrorism is needed Among the book's many richly argued conclusions are that the War on Terror and the invasions of Afghanistan and Iraq have brutalised the United States that the jihadist threat is not one but rather a wide range of separate unconnected struggles and that al Qaeda's ideology contains the seeds of its own destruction in that although many Muslims are content to see the United States worsted they do not approve of al Qaeda's violence and are not taken in by the jihadists empty promises of utopia

Getting the books **Trapped In The War On Terror** now is not type of challenging means. You could not solitary going in the manner of ebook amassing or library or borrowing from your contacts to way in them. This is an very simple means to specifically acquire lead by on-line. This online statement Trapped In The War On Terror can be one of the options to accompany you once having other time.

It will not waste your time. assume me, the e-book will unconditionally melody you further thing to read. Just invest little times to gain access to this on-line message **Trapped In The War On Terror** as skillfully as evaluation them wherever you are now.
