expression This richly illustrated publication illuminates the backstory of his invention for the first time from his initial investigations of the motif in benchmark drawings from Arles to his realization of their full evocative potential in such iconic canvases as *The Starry Night* and *Wheat Field with Cypressess* painted at the asylum in Saint Remy Susan Alyson Stein retraces the Dutch artist's inspired response to the flame-like evergreens as they gained ground in his works and artistic thinking over the course of his sojourn in the South of France The volume provides further insight into Van Gogh's creative process through a technical study focused on two celebrated works from the artist's epic painting campaign of June 1889 The visual and literary heritage of the cypresses is featured in a compilation of images and excerpts from nineteenth century poetry novels and travel writing many translated into English for the first time
