Virtual War Kosovo And Beyond:

Virtual War Michael Ignatieff, 2001-06-02 Virtual War describes the latest phase in modern combat war fought by remote control Kosovo was such a virtual war a war in which US and NATO forces did the fighting but only Kosovars and Serbs did the dying Ignatieff raises the troubling possibility that virtual wars so much easier to fight could become the way superpowers impose their will in the century ahead Millennium Lecture I - Virtual War, 1999 *War and Virtual War*, 2021-10-25 If the practice of war is as old as human history so too is the need to reflect upon war to understand its meaning and implications The Pre Socratic philosopher Heraclitus asserted in 600BC that War polemos is justice thus inaugurating a long philosophical tradition of consideration of the morality of war In recent times the increased specialisation of academic disciplines has led to a fragmentation of the thematic of war within the academy the topic of war is as likely to be addressed by sociologists cultural theorists psychologists and even computer scientists as it is by historians philosophers or political scientists This diversity of disciplinary approaches to war is undoubtedly fruitful in itself but can lead to an isolation of respective disciplinary analyses of war from each other In July 2002 at Mansfield College Oxford an inter disciplinary conference on war entitled War and Virtual War was held so as to redress some of this disciplinary isolationism and to forge an integrative dialogue on war in all its facets The papers in this volume were nominated by delegates as the most paradigmatic of the ethos of the original project and the most successful in achieving its aims of inter disciplinaryity and critical dialogue
