way Why did a billionaire with a voice like liquid silk and a face like a bad angel take a second look at a girl in no name jeans with a fifteen dollar haircut and a beat up car she calls her Eep because the J fell off long ago I didn't want to know why and when I thought I knew I didn't want to admit it By the time I found his secret it was already too late His passion had me hooked like a drug It didn't hurt that he pulled the people I love the most out of harm's way A girl can get used to a knight in shining armor even when the armor has some very large dents in it Taking His Risk the second installment full of suspense and surprises I was hurtling across the ocean a mile high destination unknown I'd brought a passport and nothing else He seemed determined to make everything in my life brand new He revealed me peeling back layer after layer until all that was left was my raw intimate core Yet I hardly knew him Crazy is a pretty good word for the kind of uncertainty that comes with a man like Tristan King I never knew what the day would bring but I began to expect surprises That was the biggest problem Managing my expectations with a man who'd told me I couldn't have any For a regular girl falling for a man like him was taking a very big chance Was it really possible to love one day at a time Keeping His Promise the soulful and satisfying conclusion to a journey of discovery danger and delight Just carrying a million dollars around is exhausting Paying my mother's ransom was a relief but I had too much time to think about Tristan on that ferry ride He was more than I had dared hope for and less than I deserved I underestimated his power and didn't give him nearly enough credit for determination He had me on his jet again flying high and wanting him Consequences be damned Who could be prepared for what he had to say I wasn't going to hold him to the promise he intended to keep When he opened the heavy door to his heart we both knew it would change what we had Trouble is I still didn't have a word for what it is we had Our bodies tended to do all the talking
