

The Verbal Reasoning Test – Sample Questions

This is a multiple choice test in which you must mark your answer to each question on the answer sheet. You can view the answer sheet by clicking the link on the website. The test contains a number of different types of questions. Some of the questions start with a worked example.

Draw a firm horizontal line clearly through the answer on your answer sheet. If you make a mistake, rub it out as well as you can and put in your new answer. Be sure to keep your place on the answer sheet. If you are answering question 3, make sure that you mark your answer on the answer sheet in the line relating to question 3.

The following are examples of some of the types of questions that will be found on the exam paper.

1. The word in capitals has had three letters need to each other taken out. These three letters will make one correctly spelt word without changing their order. The sentence that you make must make sense. Mark the correct three letter word on the answer sheet.

Example The cat scratched him with his **CS**.
A) LAD B) LAW C) HAD D) RAW E) RED
Answer B (The word in capitals is: CLAWS)

2. In these questions, one letter can be moved from the first word to the second word, to make two new words. The letters must not otherwise be rearranged and both new words must make sense. Find the letter which moves and mark it on the answer sheet.

Example pound or
A) p B) o C) u D) n E) d
Answer C (u – the two new words are pond and our)

3. In each question, find the number that continues the series and mark it on the answer sheet.
