You're Smarter Than You Think A Kids Guide To Multiple Intelligences:

You're Smarter Than You Think Thomas Armstrong, 2014-03-05 Howard Gardner's theory of multiple intelligences has revolutionized the way we think about being smart. Written by an award-winning expert on the topic, this book introduces the theory, explains the different types of intelligences like Word Smart, Self Smart, Body Smart, and helps kids identify their own learning strengths and use their special skills at school, at home, and in life. As kids read the book, they stop asking "How smart am I?" and start asking "How am I smart?" This powerful learning tool is recommended for all kids and all adults committed to helping young people do and be their best. Resources describe related books, software, games, and organizations. This revised and updated edition includes information on a newly researched ninth intelligence, Life Smart, thinking about and asking questions about life, the universe, and spirituality.

Multiple Intelligences Howard E. Gardner, 2008-07-31 The most complete account of the theory and application of Multiple Intelligences available anywhere. Howard Gardner's brilliant conception of individual competence, known as Multiple Intelligences theory, has changed the face of education. Tens of thousands of educators, parents, and researchers have explored the practical implications and applications of this powerful notion that there is not one type of intelligence but several, ranging from musical intelligence to the intelligence involved in self-understanding. Multiple Intelligences distills nearly three decades of research on Multiple Intelligences theory and practice, covering its central arguments and numerous developments since its introduction in 1983. Gardner includes discussions of global applications, Multiple Intelligences in the workplace, an assessment of Multiple Intelligences practice in the current conservative educational climate, new evidence about brain functioning, and much more.

When Gifted Kids Don't Have All the Answers Judy Galbraith, Jim Delisle, 2015-04-15 Gifted kids are so much more than test scores and grades. Still, it's sometimes difficult to see past the potential to the child who may be anxious, lonely, confused, or unsure of what the future might bring. This book, now fully revised with updated information and new survey quotes, offers practical suggestions for addressing the social and emotional needs of gifted students. The authors present ways to advocate for gifted education, help gifted underachievers, perfectionists, and twice exceptional students, and provide all gifted kids with a safe, supportive learning environment. Complete with engaging stories, strategies, activities, and resources, this book is for anyone committed to helping gifted students thrive. Includes online digital content.
