Yuan Dao Tracing Dao To Its Source Classics Of Ancient China:

Yuan Dao ,1998 The only English language translation of a classic work of Daoist poetry and philosophy presented in a dual language format Chinese and English on facing pages Wise practical and compelling YUAN DAO is a stunning work of Daoist philosophy originally written around 140 B C *Myth and the Making of History* Constance A. Cook,Christopher J. Foster,Susan Blader,2024-06-01 *Myth and the Making of History* examines the relationship between myth and history in early China a topic that has been explored by American paleographer and scholar of ancient China Sarah Allan throughout her career Allan has worked at a crucial and sensitive intersection where myth and history collide at the very heart of China s origin story Her work has created an intellectual space in which the disciplines of philosophy history anthropology archeology philology and literature have come together helping to change the way scholars conceive of historical patterns in China s past In *Myth and the Making of History* eleven senior and emerging scholars from both China and the West respond to the intellectual challenge raised by Allan s theoretical model of analysis of mythologized and historical figures and even dynasties that have intrigued scholars for generations and play a central role in the Chinese historical imagination The book will be of great interest to all scholars and students of China of whatever level and discipline and indeed those concerned with other early civilizations as well **The Huainanzi** An Liu,2010 Compiled by scholars at the court of Liu An king of Huainan in the second century B C E The *Huainanzi* is a tightly organized sophisticated articulation of Western Han philosophy and statecraft Outlining all that a modern monarch needs to know the text emphasizes rigorous self cultivation and mental discipline brilliantly synthesizing for readers past and present the full spectrum of early Chinese thought The *Huainanzi* locates the key to successful rule in a balance of broad knowledge diligent application and the penetrating wisdom of a sage It is a unique and creative synthesis of Daoist classics such as the *Laozi* and the *Zhuangzi* works associated with the Confucian tradition such as the *Changes* the *Odes* and the *Documents* and a wide range of other foundational philosophical and literary texts from the *Mozi* to the *Hanfeizi* The product of twelve years of scholarship this remarkable translation preserves The *Huainanzi* s special rhetorical features such as parallel prose and verse and showcases a compositional technique that conveys the work s powerful philosophical appeal This path breaking volume will have a transformative impact on the field of early Chinese intellectual history and will be of great interest to scholars and students alike *The Essential Huainanzi* John S. Major,Sarah Queen,Andrew Meyer,Harold D. Roth,2012-03-06 In 2010 the editors of this volume completed the first unabridged English language translation of the *Huainanzi* opening exciting new pathways in the study of philosophy Asian studies political science and Asian literature This abridgement contains essential selections from each of the *Huainanzi* s twenty one chapters and adds a new introduction and chapter descriptions The text represents a remarkable synthesis of Daoist classics such as the *Laozi* and the *Zhuangzi* books associated with the Confucian tradition such as the *Changes* the *Odes* and the *Documents* and a range of other foundational philosophical and literary works from the *Mozi* to

the Hanfeizi The abridgement preserves the Huainanzi's special rhetorical features such as its parallel prose verse and unique compositional techniques The Essential Huainanzi continues to increase awareness of this brilliant work and change our understanding of early Chinese history *Early China/Ancient Greece* Steven Shankman, Stephen W.

Durrant, 2002-02-21 The first edited volume in Sino Hellenic studies this book compares early Chinese and ancient Greek thought and culture **Dao Companion to Xuanxue 道 (Neo-Daoism)** David Chai, 2020-09-29 This comprehensive volume surveys an important but neglected period of Chinese intellectual history Xuanxue Neo Daoism It provides a holistic approach to the philosophical and religious traits of this movement via the concepts of non being being and oneness Thinkers and texts on the periphery of Xuanxue are also examined to show readers that Xuanxue did not arise in a vacuum but is the result of a long and continuous evolution of ideas from pre Qin Daoism The 25 chapters of this work survey the major philosophical figures and arguments of Xuanxue a movement from the Wei Jin dynastic period 220 420 CE of early medieval China It also examines texts and figures from the late Han dynasty whose influence on Xuanxue has yet to be made explicitly clear In order to fully capture the multifaceted nature of this movement the contributors brilliantly highlight its more socially oriented characteristics Overall this volume presents an unrivaled picture of this exciting period It details a portrait of intellectual and cultural vitality that rivals if not surpasses what was achieved during the Warring States period Readers of the Yijing Daodejing and Zhuangzi will feel right at home with the themes and arguments presented herein while students and those coming to Xuanxue for the first time will acquire a wealth of knowledge Ritual Voices of Revelation James J. Fox, 2024-11-26 This is a study of a collection of oral compositions of the Rotenese of eastern Indonesia Recited in semantic parallelism these compositions require a strict pairing of all words to produce correspondingly ordered verses These narrative verses create an elevated discourse a scriptural voice intended to reveal the origins of Rotenese cultural life The translations and exegeses of these origin narratives offer a work of world class poetic imagination that recounts a dynastic contest between the Sun and Moon and Lords of the Ocean Sea and its epic consequences As background to the presentation of these narratives this study provides a description of Rotenese life expressed in the complementary pairs that the Rotenese themselves use to categorise their world A concluding chapter examines the Rotenese acquisition of Christianity and the subsequent retelling of the Biblical Genesis in Rotenese parallel verse thus continuing the general examination of the use of parallelism as elevated ritual discourse Gathered from poets from two domains on the island most of these compositions date from fieldwork in 1965 66 and in 1973 The publication of these materials represents the summation of more than fifty years of research **Chinese Annals in the Western Observatory** Edward Shaughnessy, 2019-11-18 Since the beginning of the twentieth century hundreds of thousands of documents of all sorts have been unearthed in China opening whole new fields of study and transforming our modern understanding of ancient China While these discoveries have necessarily taken place in China Western scholars have also contributed to the study of these documents throughout this entire period This book

provides a comprehensive survey of the contributions of these Western scholars to the field of Chinese paleography and especially to study of oracle bone inscriptions bronze and stone inscriptions and manuscripts written on bamboo and silk Each of these topics is provided with a comprehensive narrative history of studies by Western scholars as well as an exhaustive bibliography and biographies of important scholars in the field It is also supplied with a list of Chinese translations of these studies as well as a complete index of authors and their works Whether the reader is interested in the history of ancient China ancient Chinese paleographic documents or just in the history of the study of China as it has developed in the West this book provides one of the most complete accounts available to date **Explorations in Semantic Parallelism** James J. Fox, 2014-07-28 This collection of eighteen papers explores issues in the study of semantic parallelism a world wide tradition in the composition of oral poetry It is concerned with both comparative issues and the intensive study of a single living poetic tradition of composition in strict canonical parallelism The papers in the volume were written at intervals from 1971 to 2014 a period of over forty years They are a summation of a career long research effort that continues to take shape The concluding essay reflects on possible directions for future research **Encyclopedia of Ethics** Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more
