Smith, 2008-01-08 Already tired of the left wing media spin on the 2008 elections Had enough of Democratic talking heads hyping tax increases and the global warming scare Looking for an island of straight talking sanity in today's swamp of multi-cultiliberal gibberish Look no further Mark Smith continues his crusade against the lunatic Left with this new edition of *The Official Handbook of the Vast Right Wing Conspiracy* Right on time for the 2008 elections this book shows you how to shoot down the latest liberal rants for bigger government a cowardly foreign policy and depraved social values Why stay silent in the face of so many leftist lies Grab a copy of *The Handbook* and you'll be ready to wade into a San Francisco cocktail party a Grateful Dead reunion concert or an Ivy League classroom and take on liberals on their home turf *Gardeners' Chronicle*, 1946 *Guizot's Gibbon* Edward Gibbon, 1851 **Deck Z** Chris Pauls, Matt Solomon, 2012-09-21 This fast-paced thriller reimagines the historical events of the doomed Titanic voyage with an outbreak of zombie mayhem Desperate to keep a terrifying new virus out of the wrong hands a German scientist smuggles the lone sample onto the RMS Titanic But he's followed by a government agent and the ensuing spy games unleash a zombie plague With the 2,200 passengers sailing to New York Capt Edward Smith and his inner circle desperately try to contain the growing horde Smith's team is forced into bloody hand-to-hand combat down the narrow halls of the huge steamer In its few short days at sea the majestic Titanic turns into a Victorian bloodbath steaming at top speed toward a cold blue iceberg **Celebrity in the Time of Covid** Christina S. Beck, 2022-07-25 This work describes the crucial role celebrities played in the emergence of two competing narratives about Covid-19 one a pro-science narrative that advocated for preventive measures and the other a skeptical counter-narrative that denied the disease's existence or downplayed its severity During the first postmodern pandemic a slew of interactions took place across a variety of platforms between prominent figures and those who connected with them forming parasocial communities that framed perspectives on Covid-19 The author first describes how Covid-19 unfolded in the world of sports then goes on to explain how supportive behavior toward public officials fueled the two competing narratives emphasizing how celebrities themselves aided in the development of common perspectives The text concludes with a description of how citizens initially regarded health care professionals as heroes but even the most powerful public appeals could not persuade some that Covid-19 posed a genuine

threat Exploring the polarity of publicly held beliefs this book documents how celebrity advocacy had a lasting effect on people s health choices during a global pandemic
