Slavko Kacunko

Toscana 2016 Dumont Kalenderverlag:

Landscape Resilience Catrin Schmidt, 2021-10-25 This book explains what makes landscapes resilient Why are some landscapes able to recover quickly from disruptive events or crises while others are completely thrown off balance for the foreseeable future The author sets out in search of the influencing factors and conditional structures of landscape resilience and not only evaluates the current state of the art but also explores landscapes around the globe that could not be more contrasting from arid agricultural landscapes to boreal forest landscapes from atolls to saline landscapes from terraced landscapes to cities Just as diverse as the landscape types are the factors considered that can put landscapes under stress However diverse the case studies are in detail their fascinating mosaic shows at the same time that there are overarching principles that can be used to increase the resilience of landscapes in a targeted way so that landscapes emerge from crises strengthened rather than weakened This book is a translation of the original German 1st edition *Landschaftliche Resilienz* by Catrin Schmidt published by Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors

The Invention of Custom Francesca Iurlaro, 2021 This book tells the neglected story of the relationship between custom and the European natural law and *ius gentium* tradition It explores what cultural values and practices facilitated the emergence of custom and rendered it into as a source of the law of nations and how they did so

European Porcelain in The Metropolitan Museum of Art Jeffrey Munger, Elizabeth Sullivan, 2018-05-09 Porcelain imported from China was the most highly coveted new medium in sixteenth and early seventeenth century Europe Its pure white color translucency and durability as well as the delicacy of decoration were impossible to achieve in European earthenware and stoneware In response European ceramic factories set out to discover the process of producing porcelain in the Chinese manner with significant artistic technical and commercial ramifications for Britain and the Continent Indeed not only artisans but kings noble patrons and entrepreneurs all joined in the quest hoping to gain both prestige and profit from the enterprises they established This beautifully illustrated volume showcases ninety works that span the late sixteenth to the mid nineteenth century and reflect the major currents of European porcelain production Each work is illustrated with glorious new photography accompanied by analysis and interpretation by one of the leading experts in European decorative arts Among the wide range of porcelains selected are rare blue and white wares and figures from Italy superb examples from the Meissen factory in Germany and the Sèvres factory in France and ceramics produced by leading British eighteenth century artisans Taken together they reveal why the Metropolitan Museum's holdings in this field are among the finest in the world p 1

margin 0 0px 0 0px 0 0px font 14 0px Verdana **Medien und Ökonomie** Jens Schröter, 2019-06-05 Der Band führt in

die Literatur zu den verschiedenen Aspekten des Verhältnisses von Medien und Konomie ein. Dass die Medien und die Konomie in einem engen Verhältnis stehen scheint zumindest hinsichtlich der Medienindustrie offensichtlich zu sein. Doch wäre es zu eng, die Fragen nach Medien und Konomie darauf zu reduzieren. So setzt z.B. die Konomie ihrerseits immer schon verschiedene und sich wandelnde Formen von Medien voraus und ferner ist die Konomie auch Gegenstand medialer Darstellungen.

After Taste Slavko Kacunko, 2021-06-03 *After Taste* is an inquiry into a field of study dedicated to the reconsideration, reconstruction and rehabilitation of the concept of Taste. Taste is the category whose systematic historical and actual dimensions have traditionally been located in a variety of disciplines. The actuality and potential of the study is based on a variety of collected facts from readings and experiences which materialize in the following features: One concept, figurative Taste, two thinking traditions, analytic and synthetic, continental and three interrelated dimensions, systematic, historic and actual, are presented in three parts or volumes. As such, the study presents a salient, comprehensive companion for wider readership of humanities, approaching conceptions of Taste for the first time. Moreover, *After Taste* is intended for anyone who hopes to make a further contribution to the subject. Since its appearance and apparently short triumph, some 250 years ago, the concept of non-literary Taste remained the linchpin of aesthetic theory and practice, but also a category outreaching aesthetics. Taste as the personal unity of the production theory and criticism of art and literature, which was still largely taken as a given in the eighteenth century, has meanwhile given way to a highly differentiated art world in which aesthetic discourse is placed in such a way that it can seemingly no longer have a conceptual or linguistic effect on general opinion making. *After Taste* fills the gaps of systematic research by a comprehensive tracing of the emergence of the doctrines, discourses and disciplinary dimensions of Taste up to the peak of its systematic and historical trajectory in the eighteenth century and onwards into the present day. The guiding goal is a post-disciplinary rehabilitation of the contested category as a preparation for its productive usage in emerging academic and popular contexts. It shows how the category of Taste became the foundation, legitimation and the catalyst for the emerging division of labour, faculties and disciplines, confirming the hypothesis of the immense impact and actuality of Taste in the contemporary world.

Landschaftliche Resilienz Catrin Schmidt, 2020-03-19 Dieses Buch erklärt, was die Resilienz von Landschaften ausmacht. Warum können sich manche Landschaften von Störfaktoren oder Krisen rasch wieder erholen, während andere auf absehbare Zeit ganzlich aus der Balance gebracht werden. Die Autorin begibt sich auf die Suche nach den Einflussfaktoren und Bedingungen für landschaftliche Resilienz und wertet dazu nicht nur den aktuellen Stand der Fachdiskussion aus, sondern erkundet rund um den Globus Landschaften, die kontrastreicher nicht sein könnten: von ariden Agrarlandschaften bis zu borealen Waldlandschaften, von Atollen bis zu Salzlandschaften, von Terrassenlandschaften bis hin zu Stätten. Ebenso vielfältig wie die Landschaftstypen sind die betrachteten Faktoren, die Landschaften unter Stress setzen können. So unterschiedlich die Fallbeispiele, aber im Einzelnen auch sind, ihr faszinierendes Mosaik zeigt zugleich, dass es bergreifende Prinzipien gibt, mit

denen sich die Widerstandsfähigkeit von Landschaften gezielt erhellen lässt so dass Landschaften aus Krisen möglichst nicht geschwächt sondern gestärkt hervorgehen Fragile Werte Nathalie Bäschlin, 2020-05-07 Fragil nennen wir zerbrechliches Material ebenso wie verletzte gesellschaftliche Konstitutionen Das Fragile oszilliert dabei zwischen affirmativen Bewertungen und verunsichernden Konnotationen Nathalie Bäschlin stellt die These auf dass sich das Fragile zu einer eigenen Wertekategorie entwickelt hat die unseren Blick auf die Kunst und die Formulierung des Bewahrungsauftrags nachhaltig beeinflusst Sie fragt nach dem historischen Kontext den Motivationen die unsere Aufmerksamkeit auf das Fragile gelenkt haben und wie die Auseinandersetzung mit der Fragilität die Praxis und den Diskurs des musealen Bewahrens durchdringt *Halbjährliches Verzeichnis Taschenbücher* Verlag der Schillerbuchhandlung Hans Banger, 1994 **Meine Toscana - Toskana 2020 - Wandkalender 52 x 42,5 cm - Spiralbindung** DUMONT DUMONT Kalenderverlag, 2019

Unveiling the Magic of Words: A Report on "**Toscana 2016 Dumont Kalenderverlag**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Toscana 2016 Dumont Kalenderverlag**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
