Transformers: Retribution David J. Williams, Mark Williams, 2014-01-28 For decades Transformers fans across the globe have marveled at the mighty clashes of Megatron and Optimus Prime and speculated about their arrival on planet Earth Now in Transformers Retribution the prequel to the Transformers animated series the epic odyssey of these two great warriors is finally revealed as Autobots and Decepticons battle one another and the most diabolic foe they've ever encountered Aboard the Ark Optimus Prime leads his Autobots through deep space searching for the AllSpark so vital to their home planet Cybertron Megatron's not far behind and his Decepticons are itching for war But a mysterious planet conceals an enemy far more cunning and powerful the Quintessons Masters of tyranny technology and twisted double crosses the Quintessons are out to enslave both Autobots and Decepticons Their deadly bag of tricks includes fiendish trials and a secret link all the way back to Cybertron where Shockwave is wreaking havoc with supercomputer Vector Sigma In the coming conflagration Star Seekers Wreckers Alpha Trion and Sharkticons all have their parts to play For none can dodge the Quintesson juggernaut of evil and none will escape the cataclysmic life and death battles that will catapult Autobots and Decepticons to Earth

The Big Book of Cyberpunk Jared Shurin, 2023-09-26 A genre defining and redefining collection of the boldest most rebellious and most prescient speculative fiction featuring stories from all over the globe The sky above the port was the color of television tuned to a dead channel Almost forty years ago William Gibson wrote the line that began Neuromancer and a movement that would change the face of science fiction Award winning anthologist Jared Shurin brings together over a hundred stories from more than twenty five countries that both establish and subvert the classic cyberpunk tropes and aesthetic from gritty near future noir to pulse pounding action Urban rebels undermine monolithic corporate overlords Daring heists are conducted through back alleys and the darkest parts of the online world There's dangerous new technology cybernetic enhancements scheming AI corporate mercenaries improbable weapons and roguish hackers These tales examine the near now extrapolating the most provocative trends into fascinating and plausible futures We live in an increasingly cyberpunk world packed with complex technologies and globalized social trends A world so bizarre that even futurists couldn't explain it though many authors in this book have come closer than most As both an introduction to the genre and the perfect compendium for the lifelong fan The Big Book of Cyberpunk offers a hundred ways to understand where we are and where we're going

Robots That Kill Judith A. Markowitz, 2019-04-11 This book describes real world killer robots using a blend of perspectives Overviews of

technologies such as autonomy and artificial intelligence demonstrate how science enables these robots to be effective killers Incisive analyses of social controversies swirling around the design and use of killer robots reveal that science alone will not govern their future Among those disputes is whether fully autonomous robotic weapons should be banned Examinations of killers from the golem to Frankenstein's monster reveal that artificially created beings like them are precursors of real 21st century killer robots This book laces the death and destruction caused by all these killers with science and humor The seamless combination of these elements produces a deeper and richer understanding of the robots around us

Transformers: Exiles Alex Irvine, 2014-06-11 The epic battles between Optimus Prime and Megatron have long thrilled Transformers fans But these two giants weren't always great leaders and bitter foes This new novel continues the electrifying saga that started with Transformers Exodus unveiling the origins of the conflict the explosive events that unfolded before Optimus and Megatron arrived Earthside forever altering the destiny of their kind Once allies Optimus and Megatron are now enemies in a civil war To prevent Cybertron from falling into Megatron's hands Optimus jettisons the planet's heart the AllSpark into space then sets out to find it with Megatron hot on his heels Optimus is determined to defeat Megatron bring the AllSpark home and restore Cybertron to its former glory But a saboteur lurks aboard Optimus's spaceship and ahead lie lost colonies some of them hostile Optimus needs help of the highest caliber but from whom Heroes such as Solus Nexus and Vector Prime are just names from make believe stories of long ago Or are they Maybe it's time for Optimus Prime to find out Maybe it's the only chance he has to vanquish mighty Megatron
