## **Virgil In The Renaissance Virgil In The Renaissance:**

Virgil in the Renaissance David Scott Wilson-Okamura, 2010-08-12 The disciplines of classical scholarship were established in their modern form between 1300 and 1600 and Virgil was a test case for many of them This book is concerned with what became of Virgil in this period how he was understood and how his poems were recycled What did readers assume about Virgil in the long decades between Dante and Sidney Petrarch and Spenser Boccaccio and Ariosto Which commentators had the most influence What story if any was Virgil's Eclogues supposed to tell What was the status of his Georgics Which parts of his epic attracted the most imitators Building on specialized scholarship of the last hundred years this book provides a panoramic synthesis of what scholars and poets from across Europe believed they could know about Virgil's life and poetry

*Printing Virgil* Craig Kallendorf, 2019-12-02 In this work Craig Kallendorf argues that the printing press played a crucial and previously unrecognized role in the reception of the Roman poet Virgil in the Renaissance Using a new methodology developed at the Humboldt University in Berlin *Printing Virgil* shows that the press established which commentaries were disseminated provided signals for how the Virgilian translations were to be interpreted shaped the discussion about the authenticity of the minor poems attributed to Virgil and inserted this material into larger censorship concerns The editions that were printed during this period transformed Virgil into a poet who could fit into Renaissance culture but they also determined which aspects of his work could become visible at that time

*Virgil and the Myth of Venice* Craig Kallendorf, 1999 This book which is the first comprehensive study of its subject shows how one traditionally esteemed author the Roman poet Virgil played an unexpectedly significant role in the shaping of Venetian Renaissance culture The author draws on reception theory the sociology of literature and history of the book to argue that Virgil's poetry became a best seller because it sometimes challenged but more often confirmed the specific moral religious and social values its Venetian readers brought with them to their texts The texts that are used are the printed books of the fifteenth and sixteenth century printed books in which readers of the period encountered Virgil the prefaces and commentaries that guided their responses and the marginal notes that record those responses How the Renaissance Venetians saw themselves when they looked into their literary past tells us a good deal about them but it also illuminates a number of issues at the centre of humanistic studies today ranging from how reading takes place to the role of class and gender in fashioning interpretation The wide range of interests that are touched on should make this book of value to scholars in the disciplines of classics history Renaissance studies and Italian studies as well as English literature and cultural studies

**Virgil and Renaissance Culture** L. B. T. Houghton, Marco Sgarbi, 2018 Brings together studies by scholars from a range of academic disciplines to assess the central position of Virgil in the intellectual artistic and political lives of the Renaissance This collection of essays presents a variety of case studies of Virgil's impact on different branches of Renaissance culture covering the crucial areas of education and court culture the visual arts music history philosophy and Neo Latin and vernacular literature It brings

together established scholars and younger researchers from a range of different academic disciplines The studies included here will be of particular interest to students of Renaissance social intellectual and literary history to art historians and to those working on the reception of classical literature some offer new perspectives on well known material while others investigate examples of Renaissance engagement with the Virgilian corpus which have received little or no previous attention Building on recent scholarship on the Virgilian tradition the collection opens up new avenues for research on the reception of both Virgil and other classical authors and addresses questions of fundamental importance to historians of this period not least the perennial debate over the nature and definition of the Renaissance itself

**In Praise of Aeneas** Craig Kallendorf, 1989 A major new work in the history of rhetoric shows how humanistic interpretations of the Aeneid as praise blame influenced later creative scholarly evocations of the epic

**Virgil's Fourth Eclogue in the Italian Renaissance** L. B. T. Houghton, 2019-09-19 This pioneering study reveals the central place held by Virgil's messianic Eclogue in the art and literature of Renaissance Italy

[The Oxford History of Classical Reception in English Literature](#) Patrick Cheney, Philip Hardie, 2015-10-29 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This second volume covers the years 1558 1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

[The Oxford History of Classical Reception in English Literature](#) David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Philip R. Hardie, Jennifer Wallace, 2012 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly

reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This second volume and third to appear in the series covers the years 1558 1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

**The Early Renaissance**, 1984 **Maphaeus Vegius and His Thirteenth Book of the Aeneid** Anna Cox Brinton, 2019-05-23 Originally published in 1978 this book contains the Thirteenth Book of the Aeneid a canto of six hundred and thirty lines written at Pavia in 1428 with a side by side translation and critical commentary *The Virgilian Tradition II* Craig Kallendorf, 2021-10-25 The Virgilian Tradition II brings together thirteen essays by historian Craig Kallendorf The essays present a distinctive approach to the reception of the canonical classical author Virgil that is focused around the early printed books through which that author was read and interpreted within early modern culture Using the prefaces dedicatory letters and commentaries that accompanied the early modern editions of Virgil's Eclogues Georgics Aeneid and Appendix Virgiliana they demonstrate how this paratextual material was used by early readers to develop a more nuanced interpretation of Virgil's writings than twentieth century scholars believed they were capable of The approach developed throughout this volume shows how the emerging field of book history can enrich our understanding of the reception of Greek and Latin authors This book will appeal to scholars and students of early modern history as well as those interested in book history and cultural history CS 1103 [The Spenser Encyclopedia](#) Albert Charles Hamilton, 1997-01-01 A reference book for scholarship on Edmund Spenser offering a detailed literary guide to his life works and influence Over 700 entries by 422 contributors an index and extensive bibliography **Shakespeare and Historical Formalism** Stephen Cohen, 2016-04-01 Located at the intersection of new historicism and the new formalism historical formalism is one of the most rapidly growing and important movements in early modern studies taking seriously the theoretical issues raised by both history and form it challenges the anti formalist orthodoxies of new historicism and expands the scope of historicist criticism Shakespeare and Historical Formalism is the first volume devoted exclusively to collecting and assessing work of this kind With essays on a broad range of Shakespeare's works and engaging topics from performance theory to the emergence of the literary and from historiography to pedagogy the volume demonstrates the value of historical formalism for Shakespeare studies and for literary criticism as a whole Shakespeare and Historical Formalism begins with an introduction that describes the nature and potential of historical formalism and traces its roots in early modern literary theory and its troubled

relationship with new historicism The volume is then divided into two sections corresponding to the two chief objectives of historical formalism a historically informed and politically astute formalism and a historicist criticism revitalized by attention to issues of form The first section Historicizing Form explores from a variety of perspectives the historical and political sources meanings and functions of Shakespeare s dramatic forms The second section Re Forming History uses questions of form to rethink our understanding of historicism and of history itself and in doing so challenges some of our fundamental literary critical pedagogical and epistemological assumptions Concluding with suggestions for further reading on historical formalism and related work Shakespeare and Historical Formalism invites scholars to rethink the familiar categories and principles of formal and historical criticism

**The Development of Virgil's Art** Henry Washington Prescott,1927

**Transactions of the Connecticut Academy of Arts and Sciences** ,1908 Vol 15 To the University of Leipzig on the occasion of the five hundredth anniversary of its foundation from Yale University and the Connecticut Academy of Arts and Sciences 1909

**The Lesbian Lyre** Jeffrey M. Duban,2016-08-23 Hailed by Plato as the Tenth Muse of ancient Greek poetry Sappho is inarguably antiquity s greatest lyric poet Born over 2 600 years ago on the Greek island of Lesbos and writing amorously of women and men alike she is the namesake lesbian What s left of her writing and what we know of her is fragmentary Shrouded in mystery she is nonetheless repeatedly translated and discussed no appropriated by all Sappho has most recently undergone a variety of treatments by agenda driven scholars and so called poet translators with little or no knowledge of Greek Classicist translator Jeffrey Duban debunks the postmodernist scholarship by which Sappho is interpreted today and offers translations reflecting the charm and elegant simplicity of the originals Duban provides a reader friendly overview of Sappho s times and themes exploring her eroticism and Greek homosexuality overall He introduces us to Sappho s highly cultured island home to its lyre accompanied musical legends and to the fabled beauty of Lesbian women Not least he emphasizes the proximity of Lesbos to Troy making the translation and enjoyment of Homer s Iliad and Odyssey a further focus More than anything else argues Duban it is free verse and its rampant legacy and no two persons more than Walt Whitman and Ezra Pound that bear responsibility for the ruin of today s classics in translation to say nothing of poetry in the twentieth century Beyond matters of reflection for classicists Duban provides a far ranging beginner s guide to classical literature with forays into Spenser and Milton and into the colonial impulse of Virgil Spenser and the West at large
