The Book of the Prophet Daniel Carl Friedrich Keil, 1877 **Vision, Mental Imagery and the Christian Life** Zoltán Dörnyei, 2019-07-03 This book uniquely explores how the notion of vision is presented in modern science and the Bible and how it can be applied to contemporary Christian contexts The word vision our ability to see has been described by an increasing body of scholarship in the social sciences as our capacity for mental imagery and imagination As such this unique cognitive capability has been utilised in many fields for a variety of purposes from arts and psychotherapy to politics and business management and even for performance enhancement in sports The current book argues that a better understanding of vision can have far reaching practical implications for Christian life and ministry by helping people to align themselves with God's specific purposes After a theoretical overview that integrates scientific and theological insights the final chapters present a variety of strategies that can help believers to discern God's call through the use of mental imagery and then to develop and cultivate the perceived vision The book examines the scientific and biblical principles of vision in a comprehensive manner with a special emphasis on the practical implications of the issue As such it will be of great interest to scholars of Theology Biblical Studies and Church Growth Leadership as well as Organisational Behaviour Business Management and Psychology

Theological Works: The heavenly arcana disclosed ... which are in Genesis ([v. 1-11]) [and] in Exodus ([v. 12-19]) Emanuel Swedenborg, 1907 **Zechariah's Night Visions** Peter J. Southgate, 2017 **Visions in**

the Night Ross Parker, 2013-07-18 Visions in the Night features many of these famous dreams from Jacob's experience at Bethel to Paul's night time vision calling him to Macedonia. Russ Parker's long experience of pastoral ministry is evident in the absorbing way he explores these stories and in his encouragement to us to believe that God still speaks to his people today through dreams offering fresh opportunities for healing and growth. Visions in the Night was first published as Dream Stories by BRF in 2002. This SPCK edition includes a new introduction.

Lange's Commentary on the Holy Scripture, Volume 1 Lange, John Peter, All sixty three of the original volumes are included in a nine volumes set. There are two linked indexes in this volume: a main index at the front of this volume that will take you to the beginning of each of the books of the Bible, and another index at the beginning of each book where there is a linked scripture index leading to the particular subject. Lange's Commentary on the Old and New Testaments translated, revised, edited, and enlarged from the German editions of John Peter Lange and many contributors, and edited by Philip Schaff. Lange's Commentary on the entire Bible has remained one of the most useful and valuable works of its kind. It is conservative in theology and universal in hermeneutics. Delmarva Publications is proud to make it available in digital format. The original work was completed in 63 volumes, but we have made it available in 9 volumes: they are Volume 1: Genesis to Ruth; Volume 2: 1 Samuel to Esther; Volume 3: Job to Ecclesiastes; Volume 4: Song of Songs to Lamentations; Volume 5: Ezekiel to Malachi; Volume 6: Matthew to John; Volume 7: Acts to 2 Corinthians; Volume 8: Galatians to 2 Timothy; Volume 9: Titus to Revelation.

Dreams and Visions of the Night Pat Valerino, 2017-10-18 Although this book is based on the Bible as its source of validation, it is not written exclusively to the religious sector of society. This book is for everyone. The reason it is of value to all people is that God speaks to all people by way of dreams. The Bible itself not only declares this but has on record many instances throughout biblical history in which God has actually done it. The fact is God has spoken in dreams as much to those who don't practice the most common format of religious beliefs as to those who do. But it is unfortunate that many of these presentations have not produced the intended objective either in the secular or religious arena. Notwithstanding the lack of recognition of past visitations by the avenue of dreams and visions, there is going to be new opportunity springing up in a vast array of distribution. I believe that many people reading this book will be visited in the night with spiritually oriented dreams. The Lord will use the information in this book to prompt an awareness in its readers of the reality of this channel of communication and then drop one on them in their sleep. As a matter of fact, I know He is going to do that very thing. Once you read through the first section of this book, you will have all the education needed to understand the biblical doctrine on dreams. In this way, you will be aware of and equipped to benefit from a God-given dream if He should happen to send you one. Lest without this knowledge, a blessing seemingly in disguise would be lost.
