VIVEKANANDA'S VISION OF THE UNIVERSAL RELIGION

"If there is ever to be a universal religion, it must be one which will have no location in place or time; which will be infinite, like the God it will preach, and whose sun will shine upon the followers of Krishna and of Christ, on saints and sinners, alike; which will not be Brāhminical or Buddhist, Christian or Mohammedan, but the sum total of all these, and still have infinite space for development; which in its catholicity will embrace in its infinite arms, and find a place for, every human being, from the lowest grovelling savage, not far removed from the brute, to the highest man, towering by the virtues of his head and heart almost above humanity, making society stand in awe of him and doubt his human nature. It will be a religion which will have no place for persecution or intolerance in its polity, which will recognize divinity in every man and woman, and whose whole scope, whose whole force, will be centred in aiding humanity to realize its own true, divine nature."

Bhakti-Yoga Swami Vivekananda, 2023-10-01 Bhakti Yoga is a real, honest search for the Lord that begins, continues, and ends with love. We are free forever because of one crazy moment of crazy love for God. This love can't be reduced to anything on earth because this love won't come as long as people want things on earth. Bhakti is better than both karma and yoga because karma and yoga are supposed to get you somewhere, but Bhakti is its own goal, its own means, and its own end. Swami Vivekananda talked about Bhakti Yoga like a spiritual poet, describing it as a symphony of the soul and a dance of devotion in which the seeker gives in to their overwhelming love for the Divine. He stressed that this path was not limited to any one religion. Instead, it was a universal language of the heart that gave people a direct link to the divine part of themselves and the world around them.

The Complete Works of the Swami Vivekananda Swami Vivekananda, 1915 **Jnana-Yoga** Swami Vivekananda, 2023-10-01 Within the pages of Jnana Yoga, the profound collection of ideas penned by Swami Vivekananda lies a transformative journey into the realm of self-realization and transcendental wisdom. Drawing from ancient Indian philosophy and his own profound experiences, Vivekananda unveils the path of Jnana Yoga: the pursuit of knowledge and the realization of one's true nature. In this timeless treatise, Vivekananda dismantles the barriers of ignorance that shroud our understanding, inviting readers to embark on an inner quest for self-discovery. Through his teachings, Vivekananda illuminates the profound truths that lie at the core of human existence. He explores the intricate tapestry of the mind and its role in perceiving the world, emphasizing the power of introspection and self-analysis as tools for unraveling the mysteries of the self. Jnana Yoga is an invitation to embark on an inward pilgrimage to delve into the depths of our being and discover the timeless truths that lead to liberation. It is a guiding light that empowers seekers to awaken their inner divinity and merge with the eternal source of knowledge.

The Subtle Body Stefanie Syman, 2024-03-26 In *The Subtle Body*, Stefanie Syman tells the surprising story of yoga's transformation from a centuries-old spiritual discipline to a

multibillion dollar American industry Yoga's history in America is longer and richer than even its most devoted practitioners realize It was present in Emerson's New England and by the turn of the twentieth century it was fashionable among the leisure class And yet when Americans first learned about yoga what they learned was that it was a dangerous alien practice that would corrupt body and soul A century later you can find yoga in gyms malls and even hospitals and the arrival of a yoga studio in a neighborhood is a signal of cosmopolitanism How did it happen It did so Stefanie Syman explains through a succession of charismatic yoga teachers who risked charges of charlatanry as they promoted yoga in America and through generations of yoga students who were deemed unbalanced or even insane for their efforts The Subtle Body tells the stories of these people including Henry David Thoreau Pierre A Bernard Margaret Woodrow Wilson Christopher Isherwood Sally Kempton and Indra Devi From New England the book moves to New York City and its new suburbs between the wars to colonial India to postwar Los Angeles to Haight Ashbury in its heyday and back to New York City post 9 11 In vivid chapters it takes in celebrities from Gloria Swanson and George Harrison to Christy Turlington and Madonna And it offers a fresh view of American society showing how a seemingly arcane and foreign practice is as deeply rooted here as baseball or ballet This epic account of yoga's rise is absorbing and often inspiring a major contribution to our understanding of our society
