Your Bailout You Deserve A Fighting Chance:

Surviving the Coming Tax Disaster Roni Deutch, 2010-11 The most recognizable tax expert in the nation Roni Lynn Deutch has helped save American taxpayers tens of millions of dollars from the clutches of the IRS Owner of the nation's largest tax resolution firm and a new tax preparation franchise Deutch knows the IRS has no problems taking advantage of taxpayers who might be uninformed about tax laws or who are unable to pay due to financial troubles And the IRS pressure is only going to get worse With almost 2 trillion in government bailout money approved by Congress for 2008 and 2009 in addition to a hefty stimulus package you better believe Uncle Sam has no intention of being stuck with the tab So how is the government going to get that money Through taxes of course and the IRS is going to audit people at unprecedented rates And they are going to raise the rates on existing taxes to historically high levels If you're behind on your taxes the government is coming after you Millions of Americans may be down on their luck and hurting financially but the IRS whose sole purpose is to confiscate the assets of American taxpayers will seek you out regardless of your ability to pay It's up to you to protect yourself and that's where the Tax Lady comes in Deutch identifies what the IRS can do to you if you fall behind on your taxes wage garnishments tax levies and liens interest and penalties and ruined credit and how you can prevent these things from happening or fight back if they do In the book Why your taxes are going to rise in this economy Steps to avoid getting yourself into back taxes Your options when confronted by the IRS When to file and how to balance withholdings When it's not a situation you can handle yourself and is time to see a professional Get a bailout of your own Surviving the Coming Tax Disaster will show you how

Your Bailout Earl Reed, 2013-04-19 YOU DESERVE A FIGHTING CHANCE Even if you have lost 75 percent of your retirement savings it is possible to recuperate this loss conservatively in about four years No matter your age this book can help you retire much earlier than you may have thought How can this be done Not by seeking the big one or by taking huge risks but instead by using a systematic conservative insured time tested strategy with the goal of making a 4 percent return on your money per month You may be saying to yourself How I am going to regain all the retirement money I've lost with only 4 percent returns The secret is to earn this amount per month If you can achieve that goal you will earn a 48 percent return annually when you compound that 4 percent over a period of 12 months With those results even if you lost 75 percent of your retirement savings you should be able to regain everything you've lost in about four years
