Journeys of Transformation John D.

Barbour,2022-03-31 Western Buddhist travel narratives are autobiographical accounts of a journey to a Buddhist culture. Dozens of such narratives have since the 1970s describe treks in Tibet, periods of residence in a Zen monastery, pilgrimages to Buddhist sites and teachers and other Asian odysseys. The best known of these works is Peter Matthiessen's *The Snow Leopard*. Further reflections emerge from thirty writers including John Blofeld, Jan Van de Wetering, Thomas Merton, Oliver Statler, Robert Thurman, Gretel Ehrlich and Bill Porter. The Buddhist concept of no self helps these authors interpret certain pivotal experiences of unselfing and is also a catalyst that provokes and enables such events. The writers' spiritual memoirs describe how their journeys brought about a new understanding of Buddhist enlightenment and so transformed their lives. Showing how travel can elicit self transformation, this book is a compelling exploration of the journeys and religious changes of both individuals and Buddhism itself.

The Spirit of Zen Solala Towler,2017-02-14 The Spirit of Zen is a collection of inspiring teaching stories taken from the classical works of Zen Buddhism. Zen is probably the most well known yet misunderstood version of Buddhism in the West. The Spirit of Zen presents the most basic principles and practices of Zen in a simple yet authentic fashion. The Spirit of Zen guides you down the path to enlightenment with stories, history and practical guidance from the masters of Zen. Often the stories contained in these teachings are an attempt to shake the student out of his or her complacent accepting of things as they are. By bypassing the ordinary mindset, the often puzzling actions of the Zen master to his students awaken something in them they didn't know they had. This is all part of the attempt of the master to awaken the student to the reality of his or her own being and place in the great scheme of things. By using these radical forms of teaching, the master is jolting the student out of any preconceptions they may have about spiritual attainment. Thus the famous dictum: If you see the Buddha in the road, kill him. The stories are arranged according to theme: Gradual Enlightenment, Sudden Enlightenment, Teaching Stories, Paradoxical Teaching, Eccentric Masters, etc. Most of them are from traditional sources with some original additions from Taoist expert Solala Towler. The simple yet profound truths of spiritual practice and awakening are often best learned from stories rather than ponderous dissertation. These stories are profound and illuminating while also being entertaining, contain the kernel or true flavor of Zen.

Choosing to Be Simple Tao Yuanming,2023-11-07 Navigating the uncertainty of a divided China wracked by warfare and corruption, Tao Yuanming's poetry expertly translated by Red Pine chooses the path walked by China's ancient sages, finding joy in living a simple life. The latest work in Red Pine's rich career of translation, *Choosing to be Simple: Collected Poems of Tao Yuanming* is a definitive portrait of the early Chinese politician and poet. Thoroughly researched and beautifully translated, this bilingual collection of over 160 verses chronicles Tao Yuanming's path from civil servant to reclusive poet during the formative Six Dynasties period (220-589). Familiar scenes like farming and contemplating the nature of work and writing are examined with intimate honesty. As Red Pine illuminates Tao Yuanming's sensitive voice, we find the poet's solace and sorrow in a China transformed by modernity. Tao Yuanming's distinct verse shows a keen attention to rhythm as he explores the tension of scarcity and
