Border Culture Victor Konrad, Anne-Laure Amilhat Szary, 2022-12-29 This book introduces readers to the cultural imaginings of borders the in between spaces in which transnationalism collides with geopolitical cooperation and contestation Recent debates about the refugee crisis and the spread of the COVID 19 pandemic have politicized culture at and of borders like never before Border culture is no longer culture at the margins but rather culture at the heart of geopolitics flows and experience of the transnational world Increasingly culture and borders are everywhere yet nowhere In border spaces national narratives and counter narratives are tested and evaluated coming up against transnational culture This book provides an extensive and critical vision of border culture on the move drawing on numerous examples worldwide and a growing international literature across border and cultural studies It shows how border culture develops in the human imagination and manifests in human constructs of nation and state as well as in transnationalism By analyzing this new and expanding cultural geography of border landscapes the book shows the way to a fresh broader dialogue Exploring the nature and meaning of the intersection of border and culture this book will be an essential read for students and researchers across border studies geopolitics geography and cultural studies

Line in the Sand Rachel St. John, 2012-11-25 The first transnational history of the U S Mexico border Line in the Sand details the dramatic transformation of the western U S Mexico border from its creation at the end of the Mexican American War in 1848 to the emergence of the modern boundary line in the first decades of the twentieth century In this sweeping narrative Rachel St John explores how this boundary changed from a mere line on a map to a clearly marked and heavily regulated divide between the United States and Mexico Focusing on the desert border to the west of the Rio Grande this book explains the origins of the modern border and places the line at the center of a transnational history of expanding capitalism and state power in the late nineteenth and early twentieth centuries Moving across local regional and national scales St John shows how government officials Native American raiders ranchers railroad builders miners investors immigrants and smugglers contributed to the rise of state power on the border and developed strategies to navigate the increasingly regulated landscape Over the border s history the U S and Mexican states gradually developed an expanding array of official laws ad hoc arrangements government agents and physical barriers that did not close the line but made it a flexible barrier that restricted the movement of some people goods and animals without impeding others By the 1930s their efforts had created the foundations of the modern border control apparatus Drawing on extensive research in U S and Mexican archives Line in the Sand weaves together a transnational history of how an undistinguished strip of land became the significant and symbolic space of state power and national

definition that we know today Border Optics Camilla Fojas,2021-06-08 Examines how the US Mexico border is seen through visual codes of surveillance When Donald Trump promised to build a wall on the U S Mexico border both supporters and opponents visualized a snaking barrier of concrete cleaving through nearly two thousand miles of arid desert Though only 4 percent of the US population lives in proximity to the border imagining what the wall would look like came easily to most Americans in part because of how images of the border are reproduced and circulated for national audiences Border Optics considers the US Mexico border as one of the most visualized and imagined spaces in the US As a place of continual crisis permanent visibility and territorial defense the border is rendered as a layered visual space of policing one that is seen from watchtowers camera mounted vehicles helicopters surveillance balloons radar systems unmanned aerial vehicles and live streaming websites It is also a space that is visualized across various forms and genres of media from maps to geographical surveys military strategic plans illustrations photographs postcards novels film and television which combine fascination with the region with the visual codes of surveillance and survey Border Optics elaborates on the expanded vision of the border as a consequence of the interface of militarism technology and media Camilla Fojas describes how the perception of the viewing public is controlled through a booming security industrial complex made up of entertainment media local and federal police prisons and detention centers the aerospace industry and all manner of security technology industries The first study to examine visual codes of surveillance within an analysis of the history and culture of the border region Border Optics is an innovative and groundbreaking examination of security cultures race gender and colonialism

Coloniality of the US/Mexico Border Roberto D. Hernández,2018-10-23 National borders are often taken for granted as normal and necessary for a peaceful and orderly global civil society Roberto D Hernández here advances a provocative argument that borders and border violence are geospatial manifestations of long histories of racialized and gendered colonial violence In Coloniality of the U S Mexico Border Hernández offers an exemplary case and lens for understanding what he terms the epistemic and cartographic prison of modernity coloniality He adopts coloniality of power as a central analytical category and framework to consider multiple forms of real and symbolic violence territorial corporeal cultural and epistemic and analyzes the varied responses by diverse actors including local residents government officials and cultural producers Based on more than twenty years of border activism in San Diego Tijuana and El Paso Ciudad Juárez this book is an interdisciplinary examination that considers the 1984 McDonald's massacre Minutemen vigilantism border urbanism the ongoing murder of women in Ciudad Juárez and anti border music Hernández's approach is at once historical ethnographic and theoretically driven yet it is grounded in analyses and debates that cut across political theory border studies and cultural studies The volume concludes with a theoretical discussion of the future of violence at and because of national territorial borders offering a call for epistemic and cartographic disobedience **The Futures of Borders and Geopolitics in South Asia** Amena Mohsin,ASM Ali Ashraf,Niloy Ranjan Biswas,Mohammad Atique Rahman,2024-11-18 This book offers a theory

driven and evidence based approach to the study of South Asian borders and geopolitics In the book readers will be particularly interested to see the multiple meanings of borders and territoriality and their effects on border communities The analyses found within chapters show how the statist and territorialist definitions of border and geopolitics have given way to the rise of liberal humane and gendered definitions of borders and geopolitics Individual chapters in this volume employ a wide variety of qualitative research methods with some adopting a mixed method approach by combining quantitative and qualitative data The book would be a useful reference to academics and practitioners with a regional interest in South Asia

Border Politics Nancy A. Naples, Jennifer Bickham Mendez, 2015 In the current historical moment borders have taken on heightened material and symbolic significance shaping identities and the social and political landscape Borders defined broadly to include territorial dividing lines as well as sociocultural boundaries have become increasingly salient sites of struggle over social belonging and cultural and material resources How do contemporary activists navigate and challenge these borders What meanings do they ascribe to different social cultural and political boundaries and how do these meanings shape the strategies in which they engage Moreover how do these social movements confront internal borders based on the differences that emerge within social change initiatives *Border Politics* edited by Nancy A Naples and Jennifer Bickham Mendez explores these important questions through eleven carefully selected case studies situated in geographic contexts around the globe By conceptualizing struggles over identity social belonging and exclusion as extensions of border politics the authors capture the complex ways in which geographic cultural and symbolic dividing lines are blurred and transcended but also fortified and redrawn This volume notably places right wing and social justice initiatives in the same analytical frame to identify patterns that span the political spectrum *Border Politics* offers a lens through which to understand borders as sites of diverse struggles as well as the strategies and practices used by diverse social movements in today's globally interconnected world Contributors Phillip Ayoub Renata Blumberg Yvonne Braun Moon Charania Michael Dreiling Jennifer Johnson Jesse Klein Andrej Kurnik Sarah Maddison Duncan McDuie Ra Jennifer Bickham Mendez Nancy A Naples David Paternotte Maple Razsa Rapi Rechitsky Kyle Rogers Deana Rohlinger Cristina Sanidad Meera Sehgal Tara Stamm Michelle Tillez

Borders and Border Politics in a Globalizing World Paul Ganster, David E. Lorey, 2005 Borders represent an intriguing paradox as globalization continues to leap barriers at a vigorous pace merging economies and cultures through world trade economic integration the mass media the Internet and increasingly mobile populations At the same time the political boundaries separating peoples remain pervasive and problematic *Borders and Border Politics in a Globalizing World* offers a carefully selected group of readings to enhance student understanding of the complexities of border regions The reader brings together key writings on the histories of borders their social development their politics and the daily life that characterizes them The authors place their analyses of these issues in an international context stressing how borders influence and how they are influenced by global processes The selections provide a window on our current understanding of

human interactions at and along national and interethnic boundaries interactions that will characterize borders and border politics for decades to come Drawing on a worldwide set of case studies this text divides border issues into seven thematic categories borders as barriers borders migrants and refugees borders and partitioned groups borders perceptions and culture borders and the environment borders goods and services and maritime and space borders An excellent text for courses on boundaries ethnicity and international relations this collection of cutting edge information and analysis on borders and border politics in the context of ongoing globalization will shed light both upon international and subnational boundaries and upon the unfolding processes of globalization or decades to come Drawing on a worldwide set of case studies this text divides border issues into seven thematic categories borders as barriers borders migrants and refugees borders and partitioned groups borders perceptions and culture borders and the environment borders goods and services and maritime and space borders An excellent text for courses on boundaries ethnicity and international relations this collection of cutting edge information and analysis on borders and border politics in the context of ongoing globalization will shed light both upon international and subnational boundaries and upon the unfolding processes of globalization or decades to come Drawing on a worldwide set of case studies this text divides border issues into seven thematic categories borders as barriers borders migrants and refugees borders and partitioned groups borders perceptions and culture borders and the environment borders goods and services and maritime and space borders An excellent text for courses on boundaries ethnicity and international relations this collection of cutting edge information and analysis on borders and border politics in the context of ongoing globalization will shed light both upon international and subnational boundaries and upon the unfolding processes of globalization

The Beloved Border Miriam Davidson, 2021-09-28 Kids

in cages family separations thousands dying in the desert Police violence and corruption Environmental devastation These are just some of the dramatic stories recounted by veteran journalist Miriam Davidson in *The Beloved Border* This groundbreaking work of original reporting also gives hope for the future showing how border people are responding to the challenges with compassion and creativity The book draws on a variety of sources to explain how border issues intersect and how the current situation while made worse under the Trump administration is in fact the result of decades of prohibition crackdowns and wall building on the border Davidson addresses subjects such as violence in Mexico particularly against the press cross border gun smuggling and legal gun sales the rise in migrant detentions deportations and deaths since the crackdown began controversy over humanitarian aid in the desert border patrol crimes and abuses and the legal ethical and moral issues raised by increased police presence and militarization on the border The book also looks at the environmental impact of wall building and construction of a planned copper mine near Tucson especially on the jaguar and other endangered species Davidson shares the history of sanctuary and argues that this social movement and others that have originated on the border are vanguards of larger global movements against the mistreatment of migrant workers and refugees police brutality and other abuses of human and natural rights She gives concrete examples of positive ways in which border people are promoting local culture and cross border solidarity through health care commerce food art and music While death and suffering continue to occur *The Beloved Border* shows us how the U S Mexico border could be and in many ways already is a model for peaceful coexistence worldwide

Portable Borders Ila N. Sheren, 2015-08-15 After World War II the concept of borders became unsettled especially after the rise of subaltern and multicultural studies in the 1980s Art at the U S Mexico border came to a turning point at the beginning of that decade with the election of U S President Ronald Reagan Beginning with a political history of the border with an emphasis on the Chicano movement and its art production Ila Sheren explores the forces behind the shift in thinking about the border in the late twentieth century Particularly in the world of visual art borders have come to represent a space of performance rather than a geographical boundary a cultural terrain meant to be negotiated rather than a physical line From 1980 forward Sheren argues the border became portable through performance and conceptual work This dematerialization of the physical border after the 1980s worked in two opposite directions the movement of border thinking to the rest of the world as well as the importation of ideas to the border itself Beginning with site specific conceptual artwork of the 1980s particularly the performances of the Border Art Workshop Taller de Arte Fronterizo Sheren shows how these works reconfigured the border as an active site Sheren moves on to examine artists such as Guillermo Gmez Pea Coco Fusco and Marcos Ramirez ERRE Although Sheren places emphasis on the Chicano movement and its art production this groundbreaking book suggests possibilities for the expansion of the

concept of portability to contemporary art projects beyond the region *Crossing Borders* Dorothee Schneider, 2011-05-05
Dorothee Schneider relates the story of immigrants passage from an old society to a new one and American policymakers debates over admission to the United States and citizenship Bringing together the histories of Europeans Asians and Mexicans the book opens up a fresh view of immigrant expectations and government responses

The Top Books of the Year Troublesome Border Troublesome Border The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
