Truths We Live Classic Reprint:

The Truths We Live (Classic Reprint) Jay William Hudson, 2015-07-08 Excerpt from The Truths We Live These attitudes of the contemporary mind are unfortunate and ultimately disastrous For what we are accustomed to call the great verities are of immense practical significance a faith in them which takes no account of modern scientific thought will end in inevitable doubt and while the agnosticism of science is sound so far as science goes it is not final since it happens that the logic of science is not the only logic there is The difficulty is that most men of culture tend to think so For the chief reason for the prevalent skepticism concerning life s fundamental problems is the widespread belief that the range of natural science and of human reason are synonymous that not only what science demonstrates is true but that what it cannot or does not demonstrate is either beyond decision or is thereby disproved About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Elzevir Classics**, 1884
