Zimbabwe National Army Recruitment 2014:

Black Soldiers in the Rhodesian Army M. T. Howard, 2024-02-08 During Zimbabwe's war of liberation 1965-80 fought between Zimbabwean nationalists and the minority white Rhodesian settler colonial regime thousands of black soldiers volunteered for and served in the Rhodesian Army This seeming paradox has often been noted by scholars and military researchers yet little has been heard from black Rhodesian veterans themselves Drawing from original interviews with black Rhodesian veterans and extensive archival research M T Howard tackles the question of why so many black soldiers fought steadfastly and effectively for the Rhodesian Army demonstrating that they felt loyalty to their comrades and regiments and not the Smith regime Howard also shows that units in which black soldiers served particularly the Rhodesian African Rifles were fundamental to the Rhodesian counter insurgency campaign Highlighting the pivotal role black Rhodesian veterans played during both the war and the tumultuous early years of independence this is a crucial contribution to the study of Zimbabwean decolonisation

Military Operations in Response to Domestic Emergencies and Global Pandemics Lindy Heineken, Christian Leuprecht, 2025-07-24 This open access book provides a comparative analysis of the deployment of the military in domestic operations the use of the armed forces during the COVID 19 pandemic and the impact of that deployment on civil military relations in 26 countries worldwide The book examines the legal and constitutional regulations under which the military can serve in domestic roles and the extent of domestic deployment before the COVID 19 pandemic It focuses on the roles in which the military served during the pandemic the resources available and the readiness and effectiveness of the military response The volume addresses whether or not the pandemic response was securitized the extent of civilian oversight and control the accountability measures in place and the impact of the COVID 19 deployment on the military's image The volume captures the lessons learnt from the COVID 19 deployment and the implications for future force design structure and organizational transformation Since almost all countries used their military in some capacity to respond to the COVID 19 pandemic this volume offers an opportunity to compare use of the armed forces to provide domestic humanitarian assistance and disaster response

Former Guerrillas in Mozambique Nikkie Wiegink, 2020-03-06 A sensitive ethnography of former Mozambican National Resistance RENAMO combatants After sixteen years of civil war 1976-1992 between the Mozambican National Resistance RENAMO and the government of Mozambique over 90 000 former combatants were disarmed and demobilized by a United Nations led program Former combatants were to find their ways as civilians again assisted by community based reintegration rituals While the process was often presented as a success story of peace renewed armed conflict involving RENAMO combatants in 2013 and onward suggests that the reintegration of former guerrillas was a far more complex story In *Former Guerrillas in Mozambique* Nikkie Wiegink describes the trajectories of former RENAMO combatants in Maringue a rural district in central Mozambique Rather than focus on violence trauma and the reacceptance of these ex combatants by the community Wiegink emphasizes the ways in which RENAMO veterans have

navigated unstable and sometimes dangerous social and political environments during and after the war She examines the experiences of both male and female war veterans and their attempts at securing a tolerable life Based on fourteen months of fieldwork conducted long after the war ended *Former Guerrillas in Mozambique* offers a critique of a notion of reintegration that assumes that the lives of former combatants are shaped first by a break with society when joining the armed group and later by a break with the past when demobilizing and a return to a status quo Wiegink argues instead that former combatants motivations experiences and interactions are not necessarily characterized by a rigid separation from their RENAMO past but rather comprise a mixture of ruptures and continuities of relationships and networks including families the spiritual world fellow former combatants political parties and the state *Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)* Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events *Zimbabwe's Trajectory* V. Masunungure, 2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa's esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe's Trajectory tells the story of the country's post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world *SADC Gender Protocol 2014 Barometer* Morna, Colleen Lowe, Dube, Sifiso, 2014-10-25 In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking SADC Protocol on Gender and Development This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance By the 2013 Heads of State summit 13 countries had signed and 12 countries had ratified the SADC Gender Protocol The Protocol is now in force With one year to go time is ticking to 2015 when governments need to have achieved 28 targets for the attainment of gender equality In keeping with the Alliance slogan Yes we must this 2014 Barometer provides a wealth of updated data against which progress will be measure by all those who cherish democracy in the region The world and SADC is also looking to the future with the post 2015 agenda Now is the time to strengthen resolve reconsider reposition and re strategise for 2030 **Electoral Politics in Zimbabwe, Vol II** Esther Mavengano, Sophia Chirongoma, 2023-08-08

Volume two of Electoral Politics in Zimbabwe The 2023 Election and Beyond argues that research into Zimbabwe's politics is multifaceted and topical particularly because for more than two decades now this Southern African state has been dogged by multiple problems including hyperinflation drought escalating poverty levels extremely high unemployment rates and political instabilities The volume's overall goal is to ignite intellectual discussions and practical action towards turning the political wheels that have been in place for decades The first segment examines the interface between gender and electoral politics in Zimbabwe The second part discusses the role of the media in Zimbabwe's electoral politics The third section reflects on the role of traditional leaders and religious discourses in Zimbabwe's electoral politics The book will be a key resource to colleges universities and organisations in Zimbabwe the Southern Africa region and even beyond

SADC Gender Protocol 2015 Barometer Morna, Colleen Lowe,Dube, Sifiso,2016-02-22 In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking SADC Protocol on Gender and Development This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance The SADC Gender Protocol is the only sub regional instrument that brings together existing global and continental commitments to gender equality and enhances these through time bound targets Aligned to Millennium Development Goal Three the original 28 targets of the Protocol targets expire in 2015 Now that 2015 is here we need to step back assess and reposition In June 2014 SADC Gender Ministers agreed to review the targets of the Gender Protocol in line with the Sustainable Development Goals SDGs In May this year ministers added that they want the Protocol to be accompanied by a Monitoring Evaluation and Results Framework The 2015 Barometer shows that implementation is now the biggest missing gap in the quest for gender equality Now is the time to strengthen resolve reconsider reposition and re strategise for 2030

SADC GENDER PROTOCOL BAROMETER 2015 2015 is here In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking SADC Protocol on Gender and Development This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance The SADC Gender Protocol is the only sub regional instrument that brings together existing global and continental commitments to gender equality and enhances these through time bound targets Aligned to Millennium Development Goal Three the original 28 targets of the Protocol targets expire in 2015 Now that 2015 is here we need to step back assess and reposition In June 2014 SADC Gender Ministers agreed to review the targets of the Gender Protocol in line with the Sustainable Development Goals SDGs In May this year ministers added that they want the Protocol to be accompanied by a Monitoring Evaluation and Results Framework The 2015 Barometer shows that implementation is now the biggest missing gap in the quest for gender equality Now is the time to strengthen resolve reconsider reposition and re strategise for 2030

Transnational Histories of Southern Africa's Liberation Movements Jocelyn Alexander,JoAnn McGregor,Blessing-Miles Tendi,2020-05-21 Transnational Histories of Southern Africa's Liberation Movements offers new perspectives on southern Africa's wars of national liberation drawing on extensive oral historical and

archival research Assuming neither the primacy of nationalist loyalties as they exist today nor any single path to liberation the book unpicks any notion of a straightforward imposition of Cold War ideologies or strategic interests on liberation wars This approach adds new dimensions to the rich literatures on the Global Cold War and on solidarity movements The contributors trace the ways that ideas and practices were made adopted and circulated through time and space through a focus on African soldiers politicians and diplomats The book also asks what motivated the men and women who crossed borders to join liberation movements how Cold War influences were acted upon interpreted and used and why certain moments venues and relations took on exaggerated importance The connections among liberation movements between them and their hosts and across an extraordinarily diverse set of external actors reveal surprising exchanges and lasting legacies that have too often been obscured by the assertion of monolithic national histories Tracing an extraordinarily diverse set of interactions and exchanges Transnational Histories of Southern Africa s Liberation Movements will be of great interest to scholars of Southern Africa Transnational History the Cold War and African Politics The chapters were originally published as a special issue of the Journal of Southern African Studies

West African Soldiers in Britain's Colonial Army (1860-1960) Timothy Stapleton, 2022 West African Soldiers in Britain s Colonial Army 1860 1960 explores the history of Britain s West African colonial army based in Nigeria Ghana Sierra Leone and the Gambia placing it within a broader social context and emphasizing as far as possible the experience of the ordinary soldier The aim is not to describe the many battles and campaigns fought by this force but to look at the development of the West African colonial army as an institution over the course of about a century In pursuing this goal it is sometimes useful to employ the lens of military culture defined differently by scholars but essentially meaning a set of shared ideas and behaviors that inform daily life in the military While other locally recruited colonial militaries in Africa have attracted considerable attention from historians as they served as an essential pillar supporting European rule this book represents the first comprehensive scholarly study of Britain s West African army which was the largest such British led force south of the Sahara The study is based on extensive archival research conducted in nine archives located in five countries

A History of Zimbabwe A. S. Mlambo, 2014-04-07 The first single volume history of Zimbabwe with detailed coverage from pre colonial times to the present this book examines Zimbabwe s pre colonial colonial and postcolonial social economic and political history and relates historical factors and trends to recent developments in the country Zimbabwe is a country with a rich history dating from the early San hunter gatherer societies The arrival of British imperial rule in 1890 impacted the country tremendously as the European rulers exploited Zimbabwe s resources giving rise to a movement of African nationalism and demands for independence This culminated in the armed conflict of the 1960s and 1970s and independence in 1980 The 1990s were marked by economic decline and the rise of opposition politics In 1999 Mugabe embarked on a violent land reform program that plunged the nation s economy into a downward spiral with political violence and human rights violations making Zimbabwe an

international pariah state This book will be useful to those studying Zimbabwean history and those unfamiliar with the country's past

Violent Resistance Corinna Jentzsch, 2022-01-13 Why do communities form militias to defend themselves against violence during civil war Using original interviews with former combatants and civilians and archival material from extensive fieldwork in Mozambique Corinna Jentzsch's *Violent Resistance* explains the timing location and process through which communities form militias Jentzsch shows that local military stalemates characterized by ongoing violence allow civilians to form militias that fight alongside the government against rebels Militias spread only to communities in which elites are relatively unified preventing elites from coopting militias for private gains Crucially militias that build on preexisting social conventions are able to resonate with the people and empower them to regain agency over their lives Jentzsch's innovative study brings conceptual clarity to the militia phenomenon and helps us understand how wartime civilian agency violent resistance and the rise of third actors beyond governments and rebels affect the dynamics of civil war on the African continent and beyond This title is available as open access on Cambridge Core

Citizenship Law in Africa: 3rd Edition Bronwyn Manby, 2015-02-02 Few African countries provide for an explicit right to a nationality Laws and practices governing citizenship effectively leave hundreds of thousands of people in Africa without a country These stateless Africans can neither vote nor stand for office they cannot enrol their children in school travel freely or own property they cannot work for the government they are exposed to human rights abuses Statelessness exacerbates and underlies tensions in many regions of the continent *Citizenship Law in Africa* a comparative study by two programs of the Open Society Foundations describes the often arbitrary discriminatory and contradictory citizenship laws that exist from state to state and recommends ways that African countries can bring their citizenship laws in line with international rights norms The report covers topics such as citizenship by descent citizenship by naturalisation gender discrimination in citizenship law dual citizenship and the right to identity documents and passports It is essential reading for policymakers attorneys and activists This third edition is a comprehensive revision of the original text which is also updated to reflect developments at national and continental levels The original tables presenting comparative analysis of all the continents nationality laws have been improved and new tables added on additional aspects of the law Since the second edition was published in 2010 South Sudan has become independent and adopted its own nationality law while there have been revisions to the laws in Cote d'Ivoire Kenya Libya Mali Mauritania Namibia Niger Senegal Seychelles South Africa Sudan Tunisia and Zimbabwe The African Commission on Human and Peoples Rights and the African Committee of Experts on the Rights and Welfare of the Child have developed important new normative guidance

MY LIFE IN THE STRUGGLE FOR THE LIBERATION OF ZIMBABWE M Mpfu, 2014 This is an elucidation of accumulation of personal experience within the context of socio cultural internalization in particular and the socio political environment in general that is intended to provide some insights into a plethora of ingredients that converged and crystallized into a catalytic impetus that socially transformed my generation from village boys to highly politicised

freedom fighters during the 1960s to the 1970s in Rhodesia I have done this by tracing the footprints of my experience which show multiple stages and strands of cultural social political and physical determinants that landed themselves on my growth path starting from socialization in my parents home all the way through the local community traditions and schooling to active service for the freedom of my country at local and national levels Here the crucial elements that moulded my social being in a very profound way have been ventilated to show when and how I became able to distinguish antagonistic differences between justice and injustice at my very early age Proceeding from here I have brought out how I teamed up with others whose political outlook and aspirations were identical with mine as we all voluntarily joined anti colonial struggle starting from invisible low intensity activism in schools and towns up to risky adventures that finished up in armed struggle within a broad national perspective the narration further demonstrates the domesticity of the movements that championed liberation struggle as drivers were citizens who grew up in the rural villages and urban African Townships where they progressively became aware that they were born unlike their parents in a country under colonial administration In doing all this I had to spell out how my interaction with informative social vectors brought awareness on how my country Zimbabwe was colonized and governed by Europeans without the consent of the indigenous natives who showed their resentment to foreign rule by rebelling First Chimurenga within six years of colonization but failed only to succeed in the second rebellion Second Chimurenga after ninety years of racial domination Furthermore I believe I have laid bare how I became a civilian freedom fighter together with peers of my generation in the second rebellion where intolerable weight of oppression caused us to abandon nonviolent methods of struggle in favour of using arms of war to face a cobweb of security forces led by superb military machine of the colonial state wherein lay formidable challenges confronting rebelling citizens the armed struggle phase meant that fighters and their collaborators had to face those challenges in the theatre of operation Initially they exhibited more weaknesses than strengths and lost opportunities that were in the form of abundance of political support of masses of people in the country the overall process of the struggle exhibited strengths and costly weaknesses right from the civilian phase up to the armed struggle phase with or without my participation It was not until freedom fighters gained experience in planning and undertaking field operations that they became able to apply appropriate tactics that caused the struggle to gain sustainability in the theatre of operation More importantly the narration makes the point that the Rhodesian colonial system was presided over by European settler leaders who hardly recognized African citizens as entitled to participation in governance of the country with equal rights in social political economical and juridical spheres of societal setting of two main races Exclusion of African from consensus on the act of Unilateral Declaration of Independence UDI by Ian Douglas Smith was a fundamental blunder that precipitated nationwide fury that led to a civil war in which a deprived citizen fought against a privileged citizen who was indoctrinated with falsehood that his adversary freedom fighter was sponsored by foreign powers of a communist type while the latter rightly believed that he was fighting to free his country

from racially imposed injustices of deprivation More importantly the narration lays emphasis on the creation of massive political structures throughout the country well below the radar of legality for the purpose of sustaining guerrilla warfare in the face of the super professional Rhodesian security forces In this connection the final phase of armed struggle demonstrated to all at home and abroad that freedom fighters became significantly effective because they were politically rooted in the oppressed population whence came their strength against superior military hardware and a water tight counter insurgency strategy of the Rhodesian security forces Essentially it was that political strength not Communist powers or betrayal by the West which caused all stakeholders to become willing to come to a negotiating table at Lancaster House in Britain in 1979 to settle the armed conflict decisively **Multiparty Democracy in Zimbabwe** Aaron Rwodzi, 2024-03-26

This book provides a comprehensive account of the tumultuous political landscape of Zimbabwe Delving into historical and contemporary perspectives the author analyses the relationship between the ruling ZANU PF party and the opposition exposing the pervasive influence of foreign powers and their regime change agendas Amidst western imposed economic sanctions the book examines how political opposition has struggled to maintain its footing in the face of ZANU PF's rhetoric on preserving the nation's sovereignty Drawing on the powerful theoretical frameworks of Gramsci's hegemony theory and instrumentalism the book dissects the constraints on multiparty democracy under ZANU PF's rule From the party's manipulation of liberation narratives to the subtle intricacies of Mugabeism a violent and ideological stronghold the author unveils the tactics employed to maintain power The chapters uncover the pivotal role played by the military throughout Zimbabwe's history from the days of the liberation struggle to the shocking events of 2017 when Mugabe's grip on power was diminished by the very force that had propped him up for decades the author reveals how the military's involvement has thwarted opposition players attempts to claim power Boldly challenging the notion that constraints solely rest on ZANU PF this book calls attention to the shortcomings of opposition parties in navigating Zimbabwe's treacherous political landscape Using compelling evidence and unparalleled analysis the book is an essential read for those seeking to understand the intricate web of power manipulation and struggle that has defined Zimbabwe's political journey New Armies from Old Roy Licklider, 2014-04-15 Negotiating a peaceful end to civil wars which often includes an attempt to bring together former rival military or insurgent factions into a new national army has been a frequent goal of conflict resolution practitioners since the Cold War In practice however very little is known about what works and what doesn't work in bringing together former opponents to build a lasting peace Contributors to this volume assess why some civil wars result in successful military integration while others dissolve into further strife factionalism and even renewed civil war Eleven cases are studied in detail Sudan Zimbabwe Lebanon Rwanda the Philippines South Africa Mozambique Bosnia Herzegovina Sierra Leone Democratic Republic of the Congo and Burundi while other chapters compare military integration with corporate mergers and discuss some of the hidden costs and risks of merging military forces New Armies from Old fills a serious gap in our understanding of

civil wars their possible resolution and how to promote lasting peace and will be of interest to scholars and students of conflict resolution international affairs and peace and security studies *Department of Justice Manual* Wolters Kluwer,2012-03-23 The new Department of Justice Manual Third Edition takes you inside all the policies and directives outlined in the latest U S Attorneys Manual used universally by the DOJ in civil and criminal prosecutions Along with comprehensive coverage of all the information relied on by today s DOJ attorneys this guide offers you other valuable DOJ publications in the form of Annotations You ll find the Asset Forfeiture Manual the Freedom of Information Act Case List and Merger Guidelines And it s all incorporated in a comprehensive six volume reference You ll discover how to Request immunity for clients using actual terminology from factors that DOJ attorneys must consider Phrase a FOIA request so as to avoid coming within an exempted category of information Draft discovery requests using terminology to avoid triggering an automatic denial by the DOJ Counsel clients on DOJ investigative tactics and their significance using actual DOJ memoranda Develop trial strategies that exploit common problems with certain methods of proof and kinds of evidence offered by the government Propose settlements or plea bargain agreements within the authority of the DOJ attorney handling the case This new Third Edition of Department of Justice Manual has been expanded to eight volumes and the materials have been completely revised to accommodate newly added materials including the text of the Code of Federal Regulations Title 28 and Judicial Administration as relevant to the enforcement of the Federal Sentencing Guidelines by the Department of Justice The Manual for Complex Litigation and The United States Sentencing Commission Guidelines Manual The new edition also includes The National Drug Threat Assessment for Fiscal Year 2011 and the updated version of the Prosecuting Computer Crimes Manual In an effort to provide you with the best resource possible as part of the Third Edition the Commentaries in each volume have been renumbered to refer to the relevant section in the United States Attorney and s Manual for more efficient cross referencing between the Manual and the Commentaries **New Public Management in Africa** Benon C. Basheka,Lukamba-Muhiya. Tshombe,2017-08-25 The administrative sciences have been dominated by a turn to managerial perspectives in the late 20th and early 21st centuries and in the spirit of this turn New Public Management or NPM promises to produce efficient responsible and client oriented public services The reforms carried out in the pursuit of New Public Management are often accompanied by great optimism and rapid enthusiastic steps toward implementation Even in highly developed industrial countries however these fundamental reforms often overlook the political and cultural contexts of the implementing country New Public Management in Africa Emerging Issues and Lessons provides much needed theoretical foundations for NPM reforms in the African context and reflects on the success of existing reforms in the development of several African states The individual contributions in this timely volume provide important analyses of academic discourse practical policy achievements and desiderata The book as a whole however provides a valuable impetus for public administration research in and on African states sharing findings on the results of reforms to date and adjustments required

for these reforms to succeed For public administration researchers outside of Africa this book offers a review of New Public Management case studies that are unavailable or difficult to find elsewhere contributing much to the exchange between African and Western administration science research and demonstrating that African administrative research is well prepared to help resolve global challenges
