Zombies A Record Of The Year Of Infection:

Zombies: A Record of the Year of Infection Don Roff, 2010-07-01 Experience the zombie apocalypse with this illustrated survivor's journal full of chilling tales of terror. The year is 2012 and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of a biologist's illustrated journal found in the aftermath of the attack, this pulse-pounding suspenseful tale of zombie apocalypse follows the narrator as he flees from city to countryside and heads north to Canada where he hopes the undead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of the zombies and careful observations of their behavior along with terrifying tales of survival that will keep readers on the edge of their seats right up to the very end. Praise for *Zombies* Influenced by Richard Matheson's *I Am Legend*. *Zombies* is a genuinely chilling and logical look at a zombie invasion. The matter-of-fact descriptions of the symptoms and effects coupled with the detailed drawings of both victims and scenarios make it a creepy read. A tremendous addition to any zombie book collection.

Werewolves/Zombies Alice Carr, Don Roff, 2012-08-31 A two-book bundle featuring the stories of a teenage girl bitten by a werewolf and of a biologist attempting to survive the zombie apocalypse. Two illustrated journals. Two very different yet equally terrifying stories. *Werewolves* takes readers into the life of a high school girl turned werewolf as she makes her transformation. With a fresh take on the lore and legend, it gives fans a ripping tale to sink their teeth into. In *Zombies*, a biologist's journal is found in the aftermath of the attack. Sfcrowsnest ...But If a Zombie Apocalypse Did Occur Amy L. Thompson, Antonio S. Thompson, 2015-09-02 Part pop culture trope, part hypothetical cataclysm, the zombie apocalypse is rooted in modern literature, film, and mythology. This collection of new essays considers the implications of this scientifically impossible but perhaps imminent event, examining real-world responses to pandemic contagion and civic chaos as well as those from Hollywood and popular culture. The contributors discuss the zombie apocalypse as a metaphor for actual

catastrophes and estimate the probabilities of human survival and behavior during an undead invasion **Zombie Novels**
