Zr Rifle The Plot To Kill Kennedy And Castro:

ZR Rifle Claudia Furiati,1994-01 **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara,2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject **Reclaiming History** Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

Who Really Killed Kennedy? Jerome Corsi,2021-04-12 Almost nothing gives rise to more national intrigue than the murder of an American president And on November 22 2013 the nation remembered the 50th anniversary of one of the most

traumatic events in modern American history the assassination of President John F Kennedy From day one the truth behind JFK s assassination has been mired in controversy and dispute The Warren Commission established just seven days after Kennedy s death delved into the who what when and where of the tragedy and over the course of the following year compiled an 889 page report that arrived at the now widely contested conclusion Lee Harvey Oswald was the sole assassin In Who Really Killed Kennedy No 1 New York Times best selling author Jerome R Corsi Ph D provides readers with the ultimate JFK assassination theory book **The Assassination of President John F. The Secret Fidel Castro Servando Gonzalez,2001 The Secret Fidel Castro is neither a history of the Cuban revolution nor a biography of Fidel Castro The book was written following what intelligence services call a CPP short for Comprehensive Personality Profile similar to the ones intelligence services keep on foreign leaders It focuses on different aspects of Castro s actions and personality which for some reasons have been either ignored misunderstood or misrepresented The main thesis of this book is that there are many different Castros The most widely known is the symbolic public one as it has been portrayed in official Cuban propaganda Castro friendly biographies and mainstream American media But there are also many secret Castros highly different from the public one The Secret Fidel Castro focuses on little known aspects of Castro s personality important in the better understanding of the man and his actions what really makes him tick

Sad and Luminous Days James G. Blight, Philip Brenner, 2007-02-08 In October 1962 school children huddled under their desks and diplomats feverishly negotiated as the world sat on the brink of nuclear war The Cuban Missile Crisis was the most dangerous moment in modern history and resulted in a changed worldview for the United States the Soviet Union and Cuba In tracing the developments of the missile crisis and beyond Sad and Luminous Days presents and interprets a heretofore unavailable and largely unknown secret speech that Castro delivered to the Cuban leadership in 1968 In it Castro reflects on the crisis and reveals the distrust and bitterness that characterized Cuban Soviet relations in 1968 Blight and Brenner frame the annotated speech with an examination of the missile crisis itself and an analysis of Cuban Soviet relations between 1962 1968 ending with an epilogue that highlights the lessons the missile crisis offers us in the current search for security and a stable world order Sad and Luminous Days sheds new light on Cuban Soviet relations and should be required reading not only for Cold War scholars and historians but also for anyone intrigued by the drama of the thirteen momentous days in October 1962

CIA Rogues and the Killing of the Kennedys Patrick Nolan, 2013-11-01 The US Central Intelligence Agency is no stranger to conspiracy and allegations of corruption Across the globe violent coups have been orchestrated high profile targets kidnapped and world leaders dispatched at the hands of CIA agents During the 1960s on domestic soil the methods used to protect their interests and themselves at the expense of the American people were no less ruthless In CIA Rogues and the Killing of the Kennedys Patrick Nolan fearlessly investigates the CIA s involvement in the assassinations of President John F Kennedy and Senator Robert F Kennedy why the brothers needed to die and how rogue intelligence agents orchestrated history s most infamous conspiracy Nolan furthers the research of leading forensic scientists historians and scholars who agree that there remain serious unanswered questions regarding the assassinations of John F Kennedy fifty years ago and Robert F Kennedy in 1968 He revisits and refutes what is currently known about Lee Harvey Oswald and Sirhan Bishara Sirhan and offers readers a compelling profile of the CIA s Richard Helms an amoral master of clandestine operations with a chip on his shoulder Bolstered by a foreword by Dr Henry C Lee one of the world s foremost forensic authorities CIA Rogues and the Killing of the Kennedys is an unmatched effort in forensic research and detective work As the fiftieth anniversary of the JFK assassination approaches Nolan has made a significant contribution to the literature on that fateful day in Dallas as well as shed light on that dark night at the Ambassador Hotel Readers interested in conspiracy the Kennedy family or American history will find this book invaluable [Why the JFK Assassination Still Matters](#) Richard Buyer, 2009 We live in a great country Yet we must have faith and trust in our government or we cannot succeed On the other hand the government must also believe in its own people Both factions must tell the truth For this reason the JFK assassination still matters History cannot be replayed but it can be rewritten Why read another book about the JFK

assassination It is simple the major crime of the twentieth century remains unsolved Although the assassination of President John F Kennedy happened in 1963 the reverberations of this horrific event are still felt today Discrepancies and questions about the assassination remain unanswered Was there a conspiracy behind the assassination If so who was involved Why the JFK Assassination Still Matters discusses new ideas showing Lee Harvey Oswald never fired a shot at the president The Warren Commission was a hoax and the single bullet theory was physiologically impossible Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba About the Author Dr Richard Buyer has been practicing medicine for over thirty five years The assassination of President John F Kennedy was probably the greatest tragedy he has personally experienced He wrote this book to help his children learn the truth behind this horrific event His daughter Kennedy happened to be born on the anniversary of the assassination It is Dr Buyer's goal that all children as well as adults will finally learn the truth about the assassination **Act of Retribution** J.P.

Phillips, 2010-03-17 My quest for an answer to the riddle of President Kennedy's assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student My search has lasted well over twenty years Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals persons of interest their motives and their activities in relation to the assassination and the links that connect them 1 LEE HARVEY OSWALD Accused by the Warren Commission in 1964 of being the sole assassin of President Kennedy 2 JACK RUBY Dallas night club owner who two days following the President's assassination shot and killed Oswald 3 CARLOS MARCELLO Reputed crime boss of the New Orleans Dallas Mafia during the time of the assassination 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy As to the motives of those individuals involved in the President's murder I believe that the assassination was planned and carried out with a dual purpose in mind 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabell's case 2 to prevent the President's domestic and foreign policies particularly in

reference to his stand on the Vietnam conflict from being implemented Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by assassinating this president they were furthering the national interest Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasons for his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maintain

Dead Wrong Richard Belzer,David Wayne,2012-08-14 A New York Times Best Seller **JFK: The French Connection** Peter Kross,2012-07-24 Ten months after the assassination of John F Kennedy the Warren Commission reported that Lee Harvey Oswald alone killed the president on November 22 1963 in Dallas Texas Oswald had no confederates nor did any foreign power aid him in his deadly deed Case closed However what most Americans do not know is that one day after the assassination the FBI deported a known French assassin a member of the militant anti Charles de Gaulle organization called the OAS Jean Souetre was sent to either Mexico or Canada He was involved in anti de Gaulle terrorist activities in Europe and even tried to recruit the CIA in his efforts to oust the French President During his career he used at least 11 identities including those of two real people Why was a known French assassin in Dallas on the exact day that the president of the United States was killed and what role if any did he play in the monstrous deed This book delves into three major areas of study 1 the investigation of Jean Souetre and the two other men whose identities he used 2 the investigation of the identities of two European assassins QJ WIN and WI ROUGE and their use in the CIA s assassination unit called ZR RIFLE Executive Action and 3 the role of the CIA in the drug trade after World War II Chapters include The First Assassin The Mafia and Uncle Sam The Heroin Trail MKULTRA QJ WIN and Patrice Lumumba The US Senate Select Committee on Intelligence Assassination Reports The CIA and Lumumba Who Was Souetre Who Was Mertz The Steve Rivele Investigation The Guns of Dallas more
