Troubling Confessions Speaking Guilt In Law And Literature Paperback October 1 2001:

Law and Literature Richard A. Posner, 2009-04-30 This third edition extensively revised and enlarged emphasizes essential differences between law and literature rooted in the different social functions of legal and literary texts It also explores new topics cruel and unusual punishments illegal immigration surveillance global warming and bioterrorism and plagiarism Literature and the Rise of the Interview Rebecca Roach, 2018-11-15 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy *Literature and the Rise of the Interview* addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel's profligate son Together these stories expose the interview's position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity **In the Shadow of the Gallows** Jeannine Marie DeLombard, 2012-07-24 From Puritan Execution Day rituals to gangsta rap the black criminal has been an enduring presence in American culture To understand why Jeannine Marie DeLombard insists we must set aside the lenses of pathology and persecution and instead view the African American felon from the far more revealing perspectives of publicity and personhood When the Supreme Court declared in *Dred Scott* that African Americans have no rights which the white man was bound to respect it overlooked the right to due process which ensured that black offenders even slaves appeared as persons in the eyes of the law In the familiar account of African Americans historical shift from plantation to prison we have forgotten how for a century before the Civil War state punishment affirmed black political membership in the breach while a thriving popular crime literature provided early America's best known models of individual black selfhood Before there was the slave narrative there was the criminal confession Placing the black condemned at the forefront of the African American canon allows us to see how a later generation of enslaved activists most notably Frederick Douglass could marshal the public presence and civic authority necessary to fashion themselves as eligible citizens At the same time in an era when abolitionists were charging Americans with the national crime of manstealing a racialized sense of culpability became equally central to white civic identity What for African Americans is the legacy of a citizenship grounded

in culpable personhood For white Americans must membership in a nation built on race slavery always betoken guilt In the Shadow of the Gallows reads classics by J Hector St John de Cr vecoeur Edgar Allan Poe Frederick Douglass Herman Melville George Lippard and Edward Everett Hale alongside execution sermons criminal confessions trial transcripts philosophical treatises and political polemics to address fundamental questions about race responsibility and American civic belonging
