Truths Breathed Through Silver Joe R. Christopher, Jonathan Himes, Salwa Khoddam, 2009-03-26 Representing a decade of scholarly activity within the C S Lewis Inklings Society CSLIS this book challenges readers to examine the complex factors that shaped the theological perspectives cultural concerns and literary conventions in the works of the Oxford Inklings The mythopoeic fiction that Lewis Tolkien Williams and their associates enjoyed and composed put mortal humanity in contact with the immortal and the divine The selection of papers in this volume intended not only for experts but also for undergraduates and general readers includes keynote presentations by Joe R Christopher Rolland Hein Kerry Dearborn David Neuhouser and Thomas Howard that explore the Inklings legacy of moral mythopoeia as well as essays that analyze works like *Screwtape* Tom Shippey *The Magician's Nephew* Salwa Khoddam *The Silmarillion* Jason Fisher *The Lord of the Rings* David Oberhelman and *The Dark Tower* Jonathan B Himes The Inklings believed there was still power in the old myths and ultimately that there was still truth to fortify humanity in them Their friendship and their fiction provided these men a forum for entertaining speculative and sometimes unorthodox answers to the complex realities of sacred tradition **C. S.**

Lewis and the Inklings Jason Fisher, Mark Hall, Salwa Khoddam, 2015-09-18 This is a unique collection of two of the Inklings and their literary associates views on the negative impacts of technology in various areas of life and the resolution of these impacts through fellowship with others and faith in the Creator Some of these essays offer suggestions on how enslavement by social media and surrender to modern technology can be countered by surrender to God Other essays also demonstrate how the significant literary craft of these authors can enchant readers and invite them into fairylands from which they return empowered and with a keener spiritual vision to tackle universal and present concerns **Sehnsucht: The C. S. Lewis**

The Transcendent Vision of Mythopoeic Fantasy David S. Hogsette, 2022-08-04 An ever expanding critical library on fantasy fiction requires an analysis of why the genre is so ubiquitous enduring and beloved This work analyzes the mythic elements in foundational fantasy texts arguing that mythopoeic fantasy reveals timeless truths that link human cultures past and present Through close readings of works like Phantastes The King of Elfland s Daughter The Fellowship of the Ring The Lion the Witch and the Wardrobe A Wizard of Earthsea The Neverending Story A Wrinkle in Time and Out of the Silent Planet this book explores how mythopoeic fantasy speaks to the deepest concerns of the human heart It investigates the genre s use of an imagination that is sometimes atrophied by the demands of contemporary life and explores how fantasy provides restoration consolation and hope within a cultural context that too often decries such ideas Each chapter focuses on a representative text providing author background and engaging relevant scholarship on a variety of relevant thematic issues Offering new insights on these classic texts by drawing upon post secular critical approaches this work is suitable for both new and seasoned students of fantasy

The Possibility of Satan Alan McGill, 2021-05-04 Can we know that Satan exists as a particular disembodied spirit Current Catholic teaching insists that Satan exists as a person a fallen angel who has instigated the Fall of humanity continues to influence humans today and constitutes a singular nemesis to God How one might ask could human beings know such a thing with certainty In response this book seeks to rescue the mythical language in which the doctrine of Satan is rooted so that it is freed from the unreasonable expectation that it affirms the existence of a particular creature and can instead express theological truth that is of relevance to all free willed creatures In doing so it addresses thorny questions concerning the interpretation of Scripture the relationship between God and evil between doctrine and truth between the Church and modernity and between the condemnatory impulses apparent in Christian thought and the doctrine of an omnipresent God of infinite mercy The book detects in the doctrine of Satan the expression of fundamental truths concerning the Creator creature relationship truths that are too easily obfuscated in current formulations that invite either fundamentalism or incredulity

The Cambridge Companion to C. S. Lewis Robert MacSwain, Michael Ward, 2010-09-09 A distinguished academic influential Christian apologist and best selling author of children s literature C S Lewis is a controversial and enigmatic figure who continues to fascinate fifty years after his death This Companion is a comprehensive single volume study written by an international team of scholars to survey Lewis s career as a literary historian popular theologian and creative writer Twenty one expert voices from the University of Oxford the University of Cambridge Princeton University and Wheaton College among many other places of learning analyze Lewis s work from

theological philosophical and literary perspectives Some chapters consider his professional contribution to fields such as critical theory and intellectual history while others assess his views on issues including moral knowledge gender prayer war love suffering and Scripture The final chapters investigate his work as a writer of fiction and poetry Original in its approach and unique in its scope this Companion shows that C S Lewis was much more than merely the man behind Narnia

Middle-earth Minstrel Bradford Lee Eden,2010-04-13 The twentieth century witnessed a dramatic rise in fantasy writing and few works became as popular or have endured as long as the novels of J R R Tolkien Surprisingly little critical attention has been paid to the presence of music in his novels This collection of essays explores the multitude of musical literary allusions and themes intertwined throughout Tolkien s body of work Of particular interest is Tolkien s scholarly work with medieval music and its presentation and performance practice as well as the musical influences of his Victorian and Edwardian background Discographies of Tolkien influenced music of the 20th and 21st centuries are included *At the Back of the North Wind* George Macdonald,2011-10-14 The unique blend of fairy tale atmosphere and social realism in this novel laid the groundwork for modern fantasy literature In the novel Little Diamond a kind and precocious boy living in poverty is befriended by the mysterious North Wind who takes him on her nightly adventures Written in intensely poetic language *At the Back of the North Wind* transcends the genres of children s book or fairy tale Appendices include essays on childhood by contemporaries such as John Ruskin and Charles Dickens as well as contextualizing selections from Victorian fantasy and fairy tales **The Surprising Imagination of C. S. Lewis** Jerry Root,Mark Neal,Root,2015-09-01 Narnia Perelandra places of wonder and longing The White Witch Screwtape personifications of evil Aslan a portrait of the divine Like Turkish Delight some of C S Lewis s writing surprises and whets our appetite for more But some of his works bite and nip at our heels What enabled C S Lewis to create such vivid characters and compelling plots Perhaps it was simply that C S Lewis had an unsurpassed imagination Or perhaps he had a knack for finding the right metaphor or analogy that awakened readers imaginations in new ways But whatever his gifts no one can deny that C S Lewis had a remarkable career producing many books in eighteen different literary genres including apologetics autobiography educational philosophy fairy stories science fiction and literary criticism And while he had and still has critics Lewis works continue to find devoted readers The purpose of this book is to introduce C S Lewis through the prism of imagination For Lewis imagination is both a means and an end And because he used his own imagination well and often he is a practiced guide for those of us who desire to reach beyond our grasp Each chapter highlights Lewis s major works and then shows how Lewis uses imagination to captivate readers While many have read books by C S Lewis not many readers understand his power to give new slants on the things we think we know More than a genius Lewis disciplined his imagination harnessing its creativity in service of helping others believe more deeply Truly fresh rhetorically astute works about C S Lewis are rare but this provocative new volume by Jerry Root and Mark Neal emerges at just the right time to reinvigorate Lewis scholarship beyond the clichés we continue to repeat

to each other The Surprising Imagination of C S Lewis delivers just that salvo an ingenious empathetic lavishly informed elucidation of Lewis s understanding of the life of the imagination Bruce L Edwards Professor Emeritus of English and Africana Studies Bowling Green State University Bowling Green OH Our grasp of imagination is such a pale and paltry thing Neal and Root offer a much needed corrective by illustrating Lewis s robust use of the word The happy result is a more accurate and nuanced reading of Lewis But there is more through their careful work we are graced with a rich new vocabulary to discern and describe the many uses of creative imagination all around us Diana Pavlac Glyer Professor of English at Azusa Pacific University Azusa CA author of The Company They Keep C S Lewis and J R R Tolkien as Writers in Community This fabulous book on Lewis s imagination will delight readers new to Lewis and those who like the authors have been reading him for decades It shimmers with the joy of exploration and discovery The Surprising Imagination of C S Lewis is a reliable and inspiring guide not only to Lewis but to a treasure trove of imaginative books that fired Lewis s own imagination In Robert Frost s delightful phrase this book is the occasion for a fresh think Wayne Martindale Emeritus Professor of English Wheaton College Wheaton IL Jerry Root and Mark Neal make excellent use of Lewis s literary criticism of other authors to show how he employed different varieties of imagination in his own works The result is a good book about Lewis and an even better one on the capacity of imagination to enrich each of our lives every day Mark Noll Francis A McAnaney Professor of History University of Notre Dame Notre Dame IN For nearly four decades I have been reading books and articles in the field of Lewis studies This volume is one of the most original and fascinating books on Lewis to appear in a long time Lyle W Dorsett Billy Graham Professor of Evangelism Beeson Divinity School Samford University Birmingham AL

Tolkien and the Study of His Sources Jason Fisher, 2011-09-07 Source criticism analysis of a writer s source material has emerged as one of the most popular approaches in exploring the work of J R R Tolkien Since Tolkien drew from many disparate sources an understanding of these sources as well as how and why he incorporated them can enhance readers appreciation This set of new essays by leading Tolkien scholars describes the theory and methodology for proper source criticism and provides practical demonstrations of the approach *Evil in the Christian Fantasy of C.S. Lewis and J.K. Rowling* Sarah Fiona Winters, 2024-10-29 *Evil in the Christian Fantasy of C S Lewis and J K Rowling* From the White Witch to the Dark Mark argues that The Chronicles of Narnia and Harry Potter series are essential reading for anyone committed to understanding the cultural constructions of evil in twentieth century Europe and the strategies of resistance available to different types of readers in response to those evils This book also suggests that while the construction of evil in both series can and should be approached through a secular lens it cannot be fully understood without a complementary understanding of religious transcendence Sarah Fiona Winters explores the tension between theological evil on the one hand and naturalist and politico historical representations of evil on the other and the tension within both the explicitly religious and the apparently secular between dualism the belief that good and evil both exist and are locked in combat and the belief in

orthodox Christianity that evil is nothing She examines the developments in theories about evil that arose from the experience of the Second World War particularly those of Hannah Arendt and Stanley Milgram in 1963 arguing that Lewis presented obedience as a strategy against evil because he wrote before their work while Rowling presents disobedience as a strategy against evil as she wrote after their work

Tradition Seth Lerer, 2016 Seth Lerer explores our relationship to the literary past in an age marked by historical self consciousness critical distance and shifts in cultural literacy He examines a range of fiction poetry and criticism in order to understand the ways in which the literary past makes us and how we create canons for reading teaching and scholarship

La presencia del ausente. Dios en literatos contemporáneos Juan Agustín Mancebo Roca, Antonio Barnés, Alicia Nila Martínez, 2021-12-20 Cuando Friedrich Nietzsche anunció la muerte de Dios en 1882 atendió a un proceso de secularización de las sociedades occidentales que iniciaron el desplazamiento de la idea de lo sagrado En la actualidad el sujeto contemporáneo bascula entre una razón médica que lo imbuye de información fragmentaria inmediata y reduccionista y otra razón científica que debate continuamente sobre lo que puede o no afirmar Pese al sombrío mundo que aparece con la idea de la expulsión de Dios el discurso sobre lo esencial se sigue permeabilizando a través de diferentes manifestaciones literarias que navegan por los más recónditos espacios del alma humana La presencia del ausente contiene doce capítulos en los que se muestra la preocupación última por la gran pregunta traducida en aportaciones que reflejan el protagonismo de lo sagrado a través de diferentes enfoques y matices Un libro inusual que invita a la lectura atenta y a la reflexión pausada actividades impropias del mundo que habitamos pero quizá por ello más esenciales que nunca Y con este título lo presentamos Con el deseo de su encuentro con todos aquellos lectores inquietos buscadores impenitentes del Autor
