Budget as a Tool for Financial Control in Schools in the Tshwane West D15 District Kelebogile Ethel Maake, 2009

Influence of Resources on Learner Choice of School Mmalefikane Sylvia Sepeng, 2016 South Africa has been

attempting to recover from the ravages of almost five decades of apartheid education since 1994 The current government has been trying to correct the disparities entrenched in education during the apartheid rule Despite all the transformational endeavours implemented by the Department of Education we cannot dispute that the apartheid legacy of unequal and skewed distribution of resources to provinces and schools continue to be evident in the persistent disparities of learners within and between provinces in South Africa This study investigated the influence of resources on the learner's choice of school in seven selected schools in the District of Tshwane West D15 located in Soshanguve area

The Impact of the School Budget on the Financial Management of Selected Schools in District 15, Soshanguve, Gauteng Province

Mashaba Ernest Khalabai, 2015 Generally weak financial management leads to the misdirection of scarce and limited resources resulting in wasteful and fruitless expenditure This study shows that Schools with strong systems of budget control and management are likely to emerge as institutions with sound financial management and effective fiscal operations The purpose of the study was to investigate the impact of the school budget on the financial management of the schools The researcher investigated the phenomenon of budgeting and financial management in eight n 8 selected schools in the District of Tshwane West D15 located in Soshanguve using both the quantitative and qualitative methods With the quantitative approach the instrument used was the closed design questionnaire and the qualitative method the instruments were document analysis and semi structured interviews
