from the Preface and Introduction to *Journeys to the Bandstand* *Journeys to the Bandstand* Thirty Jazz Lives in Vancouver chronicles the creative lives and musical journeys of thirty extraordinary artists who have helped shape the jazz scene in the west coast Canadian city and further afield Each chapter focuses on one remarkable artist or a small group of impactful musicians mostly based in Vancouver Al Neil Dave Quarin Brad Turner Cory Weeds Jodi Proznick Natasha D Agostino and others The book also highlights some American musicians Ornette Coleman Charles Mingus Dr Lonnie Smith George Coleman and others who have made an indelible impression on the city's jazz community Weaving a first person perspective through the author's experiences hearing the musicians perform and documenting oral history from in depth interviews with extensive written and audio visual history gathered from articles letters recordings films and more *Journeys to the Bandstand* is a compelling collection of long form portraits The unique life stories of each subject include challenges addictions anxiety and self doubt racism abuse and other hard realities and triumphs when they succeeded in making expressive and memorable music Each individual path forms a complex and fascinating passage the journey to the bandstand [Jazz Music in Print](#) John Voigt,1978 **Hearing Double** Brian Kane,2024 When we talk about a jazz standard we usually mean one of the many songs that jazz musicians repeatedly play But unlike classical musical works standards are always being transformed in performance They are rearranged and improvised which raises the question what gives a standard its identity *Hearing Double* answers that question Filled with case studies and music analysis this book will draw your attention to unheard aspects of jazz performance as well as unrecognized philosophical social and cultural dimensions of the jazz repertoire **Interaction, Improvisation, and Interplay in Jazz** Robert Hodson,2007-01-18 *Interaction Improvisation and Interplay in Jazz Performance* offers a new and exciting way to listen to and understand jazz When describing a performance most jazz writers focus on the improvised lines of the soloist and their underlying harmonic progressions This approach overlooks the basic fact that when you listen to jazz you almost never hear a single line but rather a musical fabric woven by several musicians in real time While it is often pragmatic to single out an individual solo line it is important to remember that an improvised solo is but one thread in that fabric and it is a thread supported by responded to and responsive of the parts being played by the other musicians in the group *Interaction Improvisation and Interplay in Jazz Performance* explores the process of player interaction in jazz and the role this interaction plays in creating improvised music including jazz improvisation through theory and analysis musical roles behaviours and relationships harmony interaction and performance *Interaction Improvisation and Interplay in Jazz Performance* will appeal to students of jazz history composition and performance as well as to the general jazz audience **Cookin'** Kenny Mathieson,2020-01-16 The music journalist and author of *Giant Steps* offers a history of modern jazz evolutions pioneered by Art Blakey Dexter Gordon and other greats Following his earlier volume *Giant Steps* which gives readers a comprehensive overview of Bebop and free jazz from the mid 40s to the mid 60s Kenny Mathieson now explores the later years of the modern jazz era in greater depth In *Cookin'*

Mathieson examines the birth and development of two of the most enduring and influential jazz styles of the post war era hard bop and its related offshoot soul jazz Hard bop was the most exciting jazz style of its day and remains at the core of the modern jazz mainstream even now It drew on the twin poles of bebop and the blues for its foundation spiced up with gospel Latin and R B influences Mathieson looks at the founding fathers of the form Art Blakey and Horace Silver and goes on to trace the music through its peak decade This updated edition of *Cookin* includes a new chapter devoted to saxophonist and composer Jackie McLean Mathieson s descriptions of what they brought to the bandstand and the recording studio are fondly graphic in well chosen phrases It is extremely readable *Jazz Review* *Miles Davis* Ron Carter,Clark Terry,Lenny White,Greg Tate,Ashley Kahn,Robin D.
