Turkey's Democratization Process Routledge Studies In Middle Eastern Politics:

Turkey's Democratization Process Carmen Rodriguez, Antonio Avalos, Hakan Yilmaz, Ana Planet, 2013-10-30 Since the end of the 1980 coup d'état Turkey has been in the midst of a complex process of democratization Applying methodological pluralism in order to provide a comprehensive analysis of this process in a Turkish context this book brings together contributions from prominent Turkish English French and Spanish scholars Turkey's Democratization Process utilises the theoretical framework of J J Linz and A C Stepan in order to assess the complex process of democratization in Turkey This framework takes into account five interacting features of Turkey's polity when making this assessment namely whether the underlying legal and socioeconomic conditions are conducive for the development of a free and participant society if a relatively autonomous political society exists whether there are legal guarantees for citizens freedoms if there exists a state bureaucracy which can be used by a democratic government and whether the type and pace of Turkish economic development contributes to this process Examining the Turkish case in light of this framework this book seeks to combine analyses that will help assess the process of democratization in Turkey to date and will be of interest to scholars and researchers interested in Turkish Politics Democratization and Middle Eastern Studies more broadly

Democracy and Capitalism in Turkey Devrim Adam Yavuz, 2023-02-23 While a positive correlation between capitalism and democracy has existed in Western Europe and North America the example of late industrializing nations such as Turkey has demonstrated that the two need not always go hand in hand and sometimes the interests of business coincide more firmly with anti democratic forces This book explores the factors that compelled capitalists in Turkey to adopt a more pro democratic ideology by examining a leading Turkish business lobby T SIAD which has been pushing for democratic reform since the 1990s despite representing some of the largest corporation owners in Turkey and having supported the state's authoritarian tendencies in the past such as the military coup of 1980 Drawing on roughly 70 interviews with influential members of T SIAD and individuals close to them the book reveals that business leaders were willing to break away from the state due to the conflict between their evolving economic needs and power with a political elite and state that were unwilling to cater to their demands In so doing the book provides a rich account of business state relations in Turkey as well as providing a case study for the wider study of democracy and capitalism in developing nations

Western Democracy and the AKP Mehmet Celil Çelebi, 2022-12-23 Upturning the typical view of Turkey's democratic trajectory as a product of authoritarian assault or unfortunate circumstances this book argues that the AKP first elected in 2002 has consistently advanced a narrative of democracy as the work of an elite working for the National Will Beginning with an analysis of the historical processes that led to the AKP's rise at the beginning of the 21st century the book then focuses on the AKP since 2002 Though Turkey's democratic transition was originally characterised by Western co operation the author outlines the gradual deterioration of these relations since the 2010s as well as the decline of political rights freedom of expression and the rule of law However

bringing in theoretical perspectives of democracy it is argued that the AKP has adopted an alternative definition based on the National Will throughout its rule resistant to the Western essentialist view As such the AKP s story highlights that the root of this crisis lies within democracy itself The book will appeal to historians and analysts of Turkish politics as well as to political scientists interested in theories of democracy Moreover for those interested in the global contemporary crisis of democracy the book provides an important case study

Turkey's Relations With Israel Ekavi Athanassopoulou,2024-12-03 This book offers the first comprehensive history and analysis of Turkey s relations with Israel since 1948 when the state of Israel was established up until 2010 and places them within the wider framework of Turkey s foreign policy It highlights the remarkable lack of consistency in Turkey s foreign policy towards Israel under different Turkish governments which has given the relationship a pervasive sense of unpredictability Combining empirical analytical evidence with role theory insights as developed in Foreign Policy Analysis FPA it explores Turkish foreign policy makers perceptions regarding the proper role and function of the country in the international system and the sub system of the Middle East and how they affected the policy towards Israel The author argues that Ankara s ambivalent policy towards Israel for over sixty years can be explained by Turkey s multiple and often contradictory national role conceptions The study which draws from archival material and over fifty interviews with Turkish Israeli American and Arab officials and experts places Ankara s policy into a larger analytical framework which helps link the past to the present and future The book is essential reading for students and scholars interested in understanding Turkey s foreign policy in general and towards the Middle East in particular

Overlapping Regional Orders in the Middle East and North Africa Jordi Quero,2023-11-24 Focused on a set of overlapping international orders of regional scope present in the Middle East and North Africa this book argues that rules and primary institutions have sanctioned the foreign behavior of the sub system s international actors since 1945 The author avoids recent IR trends focused on narrow case studies instead providing a comprehensive overview of the MENA s regional politics The normative content and evolution of multiple international orders are examined constituting the intra Arab order the Arab Israeli order and the Arab Iranian order as well as the expression of the global order in regional interactions Drawing on Area Studies and English School and constructivist IR theories the author argues that a plurality of overlapping regional orders have coexisted since 1945 not just one as is commonly suggested in the literature Each of these orders is integrated by different participants and has developed its own differentiated norms and institutions setting parameters on legitimate behavior This analytical proposal helps make sense of foreign relations otherwise labeled as incoherent The book has wide appeal accessible both to students wishing to learn about the politics history and sociology of the Middle East as well as to specialists seeking original research on the functioning of the MENA s regional orders

Islamism, Democracy, and Liberalism in Turkey William M. Hale,Ergun Özbudun,2009

Democratic Consolidation in Turkey Cengiz Erisen,Paul Kubicek,2016-06-10 While Turkey has made major strides in democratic reforms in the late 1990s and early

2000s progress has in many ways stalled Turkey remains democratic in the sense that attaining political power depends upon winning votes but in recent years its leadership has taken a majoritarian view of democracy and the country has faced problems on issues such as rule of law freedom of speech and increased polarization This book explores the understanding and practice of democracy in Turkey since the early 2000s analyzing its evolution in light of the parliamentary elections held in 2015 Adopting a more holistic approach in line with the writing of Wolfgang Merkel it recognizes that a successful consolidated democracy has various micro and macro level foundations The former includes factors such as political values tolerance identity and civil society while the latter includes political economy party competition and institutional development This volume rejects purely descriptive assessments and instead employs theoretical perspectives to analyze a dynamic political environment It brings together a range of noted specialists on Turkish politics and society who employ different methodological approaches and frameworks to offer a distinct scholarly work on democratization in Turkey A thorough analysis of the problems of democratic consolidation alongside an awareness of the theoretical and methodological debates in the discipline make this book essential reading for students scholars and policymakers interested in Turkish politics as well as democratization and democratic transitions more generally Democracy and Authoritarianism in the Arab World Nicola Christine Pratt, 2007 Representing a departure from studies of Middle East politics and democratisation this book employs theories and concepts to the study of democracy and authoritarianism in the Arab world It examines the role of non state actors civil society in the maintenance of or resistance to the discourse that underpins authoritarian politics

Islamism, Democracy and Liberalism in Turkey William Hale, Ergun Ozbudun, 2009-09-17 The Justice and Development Party AKP were elected to power in 2002 and since then Turkish politics has undergone considerable change This book is a comprehensive analysis of the AKP and its politics in government and will be an important contribution to Political Science particularly the areas of Turkish politics Middle Eastern studies Islamic studies and comparative politics **IBSS: Political Science: 2009 Vol. 58** The British Library of Political and Economic Sciences, 2010-11 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics Breadth Today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage The IBSS reviews scholarship published in over thirty languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French Mobilizing Religion in Middle East Politics Yusuf Sarfati, 2013-08-15 Contrary to the expectations of the secularization theorists religious political movements rose to

prominence in numerous countries across the globe in the past three decades By examining the conditions that underlie the electoral fortunes of religious actors in democratic regimes this book contributes to our understanding of this worldwide religious resurgence Employing a social movement theory framework *Mobilizing Religion in Middle East Politics* explores the macro and micro dynamics of successful political mobilization by Sephardic Torah Guardians Shas in Israel and the National Outlook Movement in Turkey in the recent decades In a comparative framework the book demonstrates how ripe political opportunities appropriate frames and dense social networks contribute to building popular support in Israel and Turkey Yusuf Sarfati also assesses the effects of the increasing political power of religious actors on democratic governance and illustrates similarities and differences between two countries Drawing on empirical data from a range of interviews conducted in both Israel and Turkey this book provides a comparative study of religious politics in two countries that are often thought of as exceptional cases and are rarely compared As such this book is a welcome contribution for those studying Middle East politics comparative politics religious politics democratization and social movements

The Decline of Democracy in Turkey Kürşat Çınar, 2019-05-16 This book explores the roots of the decline of democracy and the rise of hegemonic parties in Turkey by comparing the Justice and Development Party AKP with other comparable cases throughout the world Offering a novel analysis in the rise of hegemonic parties this book incorporates the analysis of state society relations and institutionalist approaches A hegemonic party is a single political party that dominates the scene in multi party elections for extended periods of time Focusing on the cases of Turkey Azerbaijan Malaysia Russia and other countries through the Middle East Asia Latin America Africa and Europe the book proves that hegemony building is possible through the combination of societal and institutional factors at the individual local and national levels Multilingual comparative content analysis rigorous statistical tests and in depth elite level interviews support this theory based on an extensive fieldwork analysis Analysing contemporary as well as historical cases of hegemonic parties the volume will be of interest to researchers and students in a broad range of areas including democratization political parties and Turkish politics

Journal of Middle Eastern and North African Intellectual and Cultural Studies, 2006 **Turkish Politics in a Changing World** Emin Fuat Keyman, Ziya Öniş, 2007 *The Government And Politics Of The Middle East And North Africa, Fourth Edition* David Long, Bernard Reich, 2002-04-08 Rapid social economic and political change is endemic to the Middle East and is often more revolutionary than evolutionary in nature In many ways the entire political landscape of the Middle East has been transformed in the past decade in the realm of both international relations and domestic politics The collapse of the Soviet Union the end of the cold war and the Iraqi invasion of Kuwait have all had a profound effect on relations among states within the region and between those states and countries outside the region In this revised edition Long and Reich provide comprehensive and up to date analyses of many critical contemporary events and issues The contributors explain how Desert Storm isolated Iraq and brought Syria back into the mainstream of Arab politics contributing to the revival of the

Arab Israeli peace process They also show how the return of a Labor government in Israel has allowed the peace process to go forward Evaluating the economic costs of the Kuwait war and the continuing oil glut the authors find that resulting changes in the domestic economies of the oil producing states have created additional pressures for social and political change The most profound change in government and politics however is the rise of Islam as the idiom of political discourse among moderates as well as extremists The Government And Politics Of The Middle East And North Africa David E. Long, Bernard Reich, 1995-08-03 Rapid social economic and political change is endemic to the Middle East and is often more revolutionary than evolutionary in nature In many ways the entire political landscape of the Middle East has been transformed in the past decade in the realm of both international relations and domestic politics The collapse of the Soviet Union the end of the cold war and the Iraqi invasion of Kuwait have all had a profound effect on relations among states within the region and between those states and countries outside the region In this revised edition Long and Reich provide comprehensive and up to date analyses of many critical contemporary events and issues The contributors explain how Desert Storm isolated Iraq and brought Syria back into the mainstream of Arab politics contributing to the revival of the Arab Israeli peace process They also show how the return of a Labor government in Israel has allowed the peace process to go forward Evaluating the economic costs of the Kuwait war and the continuing oil glut the authors find that resulting changes in the domestic economies of the oil producing states have created additional pressures for social and political change The most profound change in government and politics however is the rise of Islam as the idiom of political discourse among moderates as well as extremists *Handbook of Political Science Research on the Middle East and North Africa* Bernard Reich, 1998-05-21 Facilitating research on Middle Eastern and North African politics this volume is a major reference work A series of chapters describe the post World War II research on the politics of the states and of the Palestinians of the region The literature on international relations of the region is reviewed and the approach to political economy is discussed Written by the foremost experts on their respective subjects the chapters also identify the gaps in the literature and fruitful areas for future research The chapter references constitute a bibliographical treasure for those seeking to study the politics of the region Annotations enable the reader to better select works for further research This volume provides a complete analysis of the state of the field an agenda for future research and a detailed annotated bibliography of the best research published *Activism and Women's NGOs in Turkey* Asuman Özgür Keysan, 2019-11-28 Civil society is often seen as male structured in a way that excludes women from public and political life Much feminist scholarship sees civil society and feminism as incompatible a result But scholars and activists are currently trying to update this view by looking at women s positions in civil society and women s activism This book contributes to this new research arguing that civil society is a contested terrain where women can negotiate and successfully challenge dominant discourses in society The book is based on interviews with women activists from ten women s organizations in Turkey Foregrounding the voices of women the book answers the

question How do women s NGOs contribute to civil society in the Middle East At a time when civil society is being promoted and institutionalised in Turkey particularly by the EU this book demonstrates that women s organisations can help achieve women s emancipation even if there are significant differences in their approaches and ideas *Democracy in Turkey* Ali Resul Usul,2010-09-13 This book examines the impact of European political conditionality on the process of democratization in Turkey over a twenty year period Employing theoretical and conceptual approaches to the issue of EU conditionality the author compares the case of Turkey to that of other European nations Arguing that Turkey became vulnerable to the European conditionality when it applied for membership in 1987 he shows how the political reforms demanded of Turkey were not fully carried out as the EU had not in essence accepted Turkey as an official candidate during this period The EU has started to exert real active leverage since Turkey was declared an official candidate in 1999 and the author explores how these conditions have exerted a positive influence on democratic consolidation in Turkey However its effectiveness in this regard has diminished to a significant extent due to a number of problems that have continued to remain central in EU Turkey relations This comprehensive analysis of Turkey EU political relations and democratization places the case of Turkey within an international context As such it will be of interest not only to those studying Turkish politics government and democracy but anyone working in the area of international relations and the EU
