Zhu Rongji Chinas Economic Take Off:

Zhu Rongji And China's Economic Take-off John Wong, 2016-04-25 Following Deng Xiaoping's economic reform and opening Gaige Kaifang policy China experienced unprecedented high growth for over three decades Crucial in the process was the role of Zhu Rongji who was hand picked by Deng initially as Executive Vice Premier and later full Premier to carry through the needed reform and manage the critical marketization process through the turbulent 1990s when China's economy suffered many ups and downs Dubbed as China's Economic Czar Zhu tackled many thorny problems associated with the country's then half reformed economy ably and effectively thereby laying the ground for subsequent periods of greater dynamic growth Zhu was instrumental in preparing China's economy for its final take off The chapters in this volume were originally written as policy briefings for the Singapore government from 1997 to 2003 when Zhu was Premier They cover a wide variety of topics including how he had applied his own way of macroeconomic control Hongguan Tiaokong how he went about reforming taxation foreign exchange and state owned enterprises and finally his embrace of capitalism Each chapter is preceded by a detailed introduction highlighting the main issues and interpreting them from today's perspective based on updated information and additional new research *China's Economy In Transformation Under The New Normal* Sarah

Yueting Tong, Jing Wan, 2017-07-07 This book examines the recent development and prospect of the Chinese economy as the country adapts to changing domestic and external settings After more than three decades of near double digit annual expansion the country's growth decelerated considerably to enter a new era of the so called New Normal At the macro level considerable amount of overhaul is required to improve governance and enhance regulatory effectiveness These include monetary policy adjustment financial sector development and taxation reforms As the Chinese government at both the central and local levels plays an important role in promoting growth issues such as the role of local government and the reform of state owned enterprises are examined in this book Topics such as the development of private consumption and industrial upgrading are also assessed The book discusses several matters considered important to China's social and economic cohesion including the management of agricultural product reserves the development of a functioning social security system and regional development To help project a long term view of China's economic strength the book also examines such factors as development in population and the labour market This book provides a comprehensive analysis of China's economy and identifies the recent developments that matter to China's economic future **China's Economic**

Modernisation And Structural Changes: Essays In Honour Of John Wong Yongnian Zheng, Sarah Yueting

Tong, 2019-03-05 This book provides a timely update on the ongoing transformation of the Chinese economy As the world's second largest economy China marked the 40th anniversary of economic reform and opening up in 2018 In this book top scholars on Chinese economic studies review China's remarkable economic achievement in the past four decades and analyse the challenges facing economic development in the country The book focusses on structural changes of China's economy

which are essential to steer the country towards sustainable development It studies the long term factors affecting the Chinese economy such as education and innovation and emerging sources of economic growth such as e commerce Other important aspects of the Chinese economy explored in this book include the economic role of the Chinese government fiscal reforms capital account liberalisation housing policies competition policy and anti monopoly law China s export trends of regional development and reforms of state owned enterprises This rich collection of policy oriented economic studies is also a tribute to Professor John Wong former research director of the East Asian Institute National University of Singapore who passed away in June 2018 For over three decades Professor Wong had followed and provided insightful analyses on China s economic development

The Impact of China's Economic Reforms Upon Land, Property and Construction Jean Jinghan Chen, David Wills, 2019-04-12 First published in 1999 this volume aims to explore the impact of China s recent economic reforms and dynamic economic progress on land use the property market and construction activity under the leadership of Deng Xiaoping until his death in 1997 Following the famine and bloody mayhem of Mao Zedong s Great Leap Forward and Cultural Revolution Deng Xiaoping took on the task of piecing the country back together to once more become a leading world economy Here Jean Jinghan Chen and David Wills concentrate on his reforms and progress examining at what point power can be said to have passed from Deng Xiaoping to Jiang Zemin to what extent Deng s political philosophy remained in place under the new government and what this means for China s economic reforms on land property and construction The authors provide a view on how management of the physical environment needs to be considered in the context of economic progress to achieve sustainable development

Redefining Capitalism in Global Economic Development Kui-Wai Li, 2017-06-07 Redefining Capitalism in Global Economic Development reconsiders capitalism by taking into account the unfolding forces of economic globalization especially in Asian economies It explores the economic implications and consequences of recent financial crises terrorism ultra low interest rates that are decades long debt prone countries and countries with large trade surpluses The book illuminates these economic implications and consequences through a framework of capitalist ideologies and concepts recognizing that Asia is redefining capitalism today The author Li seeks not to describe why nations fail but how the sustainability of capitalism can save the world Merges capitalist theory with global events as few books do Emphasizes ways to interpret capitalist ideas in light of current global affairs Reframes capitalism via economics supported by insights from political science sociology international relations and peace studies

trade agreement ch 9 The political economy of East Asia economic integration **From Accelerated Accumulation to Socialist Market Economy in China** Kjeld Erik Brodsgaard, Koen Rutten, 2017-04-03 In *From Accelerated Accumulation to Socialist Market Economy in China* Kjeld Erik Brodsgaard and Koen Rutten examine China's indigenous economic discourse and its relation to both economic policy making and the overall trajectory of development from the First Five Year Plan in 1953 to 2016 In so doing this volume demonstrates that although the form of the current economic system and its theoretical underpinnings bear scant resemblance to those of the planned economy economic policy making still relies on the principle of accelerated accumulation which lay at the heart of the economic development project in the early years of the People's Republic *The EU, US and China Tackling Climate Change* Sophia Kalantzakos, 2017-07-14 This book examines why a close collaboration between the EU and China may result in the necessary push to solidify a concrete vision and a roadmap for our common future in the Anthropocene Introducing a novel perspective and narrative on climate change policy leadership through analysis of international relations diplomacy Kalantzakos examines the role of the US EU and China in the global fight against climate change as well as the way in which the EU and China have both utilized their substantial development aid as soft power tools to gain influence in developing nations This book will be of great interest to students and scholars of environmental politics international relations climate change and energy law and policy **Suzhou Industrial Park: Achievements, Challenges And Prospects** John Wong, Liang Fook Lye, 2020-01-22 This book studies the Suzhou Industrial Park a flagship project between the governments of Singapore and China in a holistic manner by highlighting not only its economic progress but also the developments on the social front such as its neighbourhood centres schools housing and talent attraction The success of the Park should be assessed keeping in view not only its economic achievements alone but also its ability to attract residents to live and play in it Making the Suzhou Industrial Park economically and socially attractive is thus a perennial challenge and remains key to the continued success of the industrial park This book details Suzhou Industrial Park's latest effort in industrial upgrading and transformation in terms of new growth areas as well as the challenges faced It examines the social achievements of the Park which are critical in enhancing the overall attractiveness of the Park and distinguishes it from other industrial parks in China and elsewhere It also highlights how the experiences of the Suzhou Industrial Park is being replicated not only in the Jiangsu province but also in other provinces and autonomous regions in China **China in the Global Political Economy** Gordon C.K. Cheung, 2018 Is the US losing its economic authority to China whose global economic identity is being determined more by entrepreneurial spirit than developmental principle Through the exercise of soft power and hard currency in some areas of the global economy China has clear national interest in the protection of intellectual property rights financial integration and sovereign wealth funds China's Belt and Road Initiative and the Asian Infrastructure Investment Bank will set new standard to global economic development

China Reconnects: Joining A Deep-rooted Past To A New World Order Gungwu Wang, 2019-07-02 The book is

engaging informative and provocative and can profitably be read by undergraduates and professors alike You do not have to agree with the dean of China studies to learn from him China Review International The book shows how the Chinese are now confident of their capacity to learn all they need from the developed world and are keen to know which parts of the past they would need to build a modern Chinese civilization They are very conscious of the challenges coming from the United States and are looking for ways and means to respond to a superpower that wants to preserve its dominant position in the international status quo The book seeks to explain what China is doing and what its immediate and long term interests are It is not to defend or judge China It does not employ theoretical frameworks that are not appropriate for describing Chinese conditions It calls for understanding why history is particularly relevant to the Chinese state and most of its people That way we also see how the present and hopes for the future changes our perspectives of the past Related Link s Development Of Guangdong, The: China's Economic Powerhouse Joseph Yu-shek Cheng, 2018-06-28 This volume examines the development of Guangdong especially the Pearl River Delta throughout the era of China's economic reforms and opening to the external world from 1978 till now It analyzes the evolution from a labour intensive export oriented manufacturing base to a heavy industry based economy then to a high tech manufacturing center cum regional business services center This book focusses on the planning and development strategies of the Guangdong leadership and its local counterparts their interactions with the central leadership the learning and adaptation processes involved by stages and the problems and challenges ahead The author adopts a chronological approach thus enabling the readers to study the development processes in detail taking into consideration the benefits offered by as well as the crises in the domestic and international environment **China's Economic Dilemmas in the 1990s** Joint Economic Committee, 1992 Most students of contemporary China are familiar with the Joint Economic Committee studies on China which have appeared periodically since 1967 This is the most recent study in the series released in April 1991 This volume follows the format of the previous studies offering a broad sweep of its subject matter The 50 chapters contributed by Chinese scholars in government universities and private research centres are divided into five major parts Each section begins with an overview which summarises and comments on the main points in each of the chapters The volume offers a detailed examination of China's economy and the political and social factors currently facing the leadership in Beijing Economic Explanation Steven N. S. Cheung, 2005 **Western Bankers in China** Jane Nolan, 2018-10-10 When China's economic reforms were beginning there was an expectation in the west that China's financial markets would be opened to western banks and that China's banks would be reformed along western lines Joint ventures between Chinese banks and western banks minority shareholding by western banks and the involvement of western banking personnel in assisting Chinese banks with their reforms were all seen as moves towards reform along western lines This book analyses the role which western bankers have played in China's economic reforms focusing on their influence on institutional change and corporate governance Based on extensive original research the book shows that while components

of western models of corporate governance have been widely adopted the motivation for these changes seems to have been legitimacy seeking by Chinese banks and that whilst there has been relatively rapid change in the formal legislative environment informal organisational practices are changing at a much slower pace Alliances between Chinese and western banks are woven with contradictions and power games and so many actors in the Chinese banking sector seek to resist manipulation by their western counterparts The financial crisis weakened the idea that western banks are a universally correct model and strengthened China's resolve to keep control of its banking sector and manage it along Chinese lines

China's Economic Dilemmas in the 1990s, 1991 *China's Campaign to 'Open Up the West'* David S. G.

Goodman, 2004-11-08 The 2004 volume examines the newly adopted Chinese government policy designed to aid the development of China's western regions It considers the political and economic context of the campaign and then examines its potential impact in seven provincial level jurisdictions Xinjiang Qinghai Sichuan Shaanxi Chongqing Yunnan and Guizhou

Singapore And Hong Kong: Comparative Perspectives On The 20th Anniversary Of Hong Kong's Handover To China Institute Of Advanced Studies, Ntu, Singapore, Gungwu Wang, Antony Leung, Sin Tze Ker, Wan Da Guo, Hai Ming Liang, Alex Sai-kit Law, Houmin Yan, Jinlin Yang, Da-hsuan Feng, 2019-03-15 Political social and economic transformations have marked the 20 years since Hong Kong became a Special Administrative Region of China To mark the historic handover the Institute of Advanced Studies IAS at Nanyang Technological University invited experts from various fields to share their unique insights on the developments and impact of the last 20 years on Hong Kong and Singapore in a conference in Singapore This volume is a compilation of speeches and presentations delivered at the conference by such heavyweight experts as Wang Gungwu Antony Leung and Yang Jinlin on the road travelled and the paths ahead for both cities This volume is an invaluable collection on Hong Kong and Singapore's past present and future Readers can enjoy the salient analysis delivered with great thought and reflective humour

Financial Cold War James A. Fok, 2021-12-20 A groundbreaking exploration of US China relations as seen through the lens of international finance Rising tensions between China and the United States have kept the financial markets on edge as a showdown between the world's two largest economies seems inevitable But what most people fail to recognise is the major impact that the financial markets themselves have had on the creation and acceleration of the conflict In *Financial Cold War* A View of Sino US Relations from the Financial Markets market structure and geopolitical finance expert James Fok explores the nuances of China US relations from the perspective of the financial markets The book helps readers understand how imbalances in the structure of global financial markets have singularly contributed to frictions between the two countries In this book readers will find A comprehensive examination of the development of financial markets in both China and the US as well as the current US dollar based global financial system Insightful observations of the roles of technology innovation regulation taxation and politics in the markets and on their resulting effect on US Sino relations Thorough explorations of the role of Hong Kong as an intermediary for capital flows

between China and the rest of the world Suggestions for how balancing the many varying interests policymakers might be able to devise effective strategies for de escalating current Sino US tensions Financial Cold War is a can t miss resource for anyone personally or professionally interested in the intersection of economics and international relations financial markets and the infrastructure underlying the international financial system *The Nanxun Legacy and China's Development in the Post-Deng Era* John Wong,Yongnian Zheng,2001 In the spring of 1992 Deng Xiaoping made a historical tour of south China popularly known as the Nanxun southern tour During the tour he boldly called for more radical economic reform and further opening up of China The Nanxun has become a political landmark in the history of the People s Republic of China much like great events such as the Great Leap Forward the Cultural Revolution and the 1989 Tiananmen crackdown Deng Xiaoping has left his own legacy for the country The Nanxun belongs to Deng just as the 1911 revolution belongs to Sun Yat sen and the communist revolution to Mao Zedong In this collection of articles leading China scholars and experts analyze how the Nanxun has sparked off dynamic economic growth in China and drastically changed the political and social landscape of the country
