Who Cares Christopher Howard, 2022-10-11 In *Who Cares* Christopher Howard focuses on the poor and offers the first comprehensive map of the US social safety net. He chronicles what Americans say about poverty and what we do about it, capturing the views of ordinary citizens, business and labor organizations, churches, and other charities and public officials. Although the US social safety net is extensive, Howard argues that major gaps remain, particularly impacting Blacks, Hispanics, and individuals who are not employed full time. Emphasizing how we have spent many years investigating the poor, this book also shines a light on the behavior and views of the non-poor.

The Films of the Eighties Robert A. Nowlan, 1991-01-01 The 1980s had more than its share of both emerging stars and final tributes paid to luminaries, as well as smash hits and bombs, memorable and boring performances, and new trends and tried and true formula offerings. The *Film of the Eighties* includes numerous examples of all of these. Each entry has the year of release, production company, country of origin, U S U K, Australian, Canadian, leading performers, and the characters they portrayed, and comprehensive credits. A brief description, review, and evaluation of the film's cinematic values, if any, are also provided.

Drugs and Drug Policy Clayton J. Mosher, Scott M. Akins, 2020-11-22 This engaging and thoroughly updated text provides a cross-national perspective on the use and regulation of both legal and illegal drugs. It examines and critiques drug policies in the United States and abroad in terms of their scope, goals, and effectiveness. Authors Clayton J. Mosher and Scott Akins also discuss the physiological, psychological, and behavioral effects of legal and illicit drugs, the patterns and correlates of use, theories of the causes of drug use, and the policies that govern that usage. Features and Benefits: Thoroughly reviews use of and regulation policies of both illegal and legal drugs, including the use of energy drinks and muscle enhancers like steroids and human growth hormones. Very up-to-date statistics and discussions of emerging trends and policies. Provides more coverage of drug policy issues than comparable books, with particular attention to contrasting policies in countries around the world. Coverage of drug epidemics for new legal and illegal drugs not found in other books on drugs.

CMJ New Music Report, 1999-06-21 *CMJ New Music Report* is the primary source for exclusive charts of non-commercial and college radio airplay and independent and trend-forward retail sales. *CMJ's* trade publication compiles playlists for college and non-commercial stations, often a prelude to larger success.

Zombie, D.c. Corey Deitz, 2012-09-01 *Zombies and Politics: One Will Kill You, The Other Will Make You Wish You Were Dead*. The nation's capital is under siege by the living dead; the President of the United States has not been seen in public for weeks, and Washington D C is on complete lockdown. A zombie infestation has infiltrated the seat of national government, and politics just became *Bite Partisan*. *Zombie D C* is clearly this year's most intelligent spoof on the state of politics in the United States of America. Little escapes the author's stinging satire as he lampoons Republicans, Democrats, health care, terrorism, lying politicians, the Occupy Movement, the 1% the 99%, cable news, and more. The Zombies are coming to Washington D C, and if you enjoy smiling
