The Mystery of Consciousness

Donald Ernest Mansell,1988 The Psychiatric Forum ,1989 *Refusing the Limits of Contemporary Childhood* Julie C. Garlen,Neil T. Ramjewan,2023-12-11 Each of the essays in this collection considers what lies beyond the limiting discourses of childhood innocence Instead of focusing on how children grow up as has been the focus of developmental science for over a century we ask what it might mean for discourses of childhood to finally grow out of childhood innocence The authors featured in this volume explore this question through critical approaches that actively refuse the limits of normative and normalizing conceptions of the child by surfacing and centering complex multiplicitous configurations of childhood Together these perspectives challenge existing discourses and social practices to reveal how power operates in and through the child and its uses Philosophy of Knowledge: an Inquiry Into the Nature, Limits, and Validity of Human Cognitive Faculty George Trumbull Ladd,1897 **Slayer of the Soul** Stephen J. Rossetti,1990 Breaks through the myths anger and confusion that surround child sexual abuse Experts in the fields of mental health law pastoral theology communications and medicine here answer these questions What is child sexual abuse Who are the victims of this behaviour Who are the perpetrators What help exists for each group What is the Church s responsibility in the process of healing Counters the discrimination often shown against both victim and perpetrator Illustrates how the Church community can provide leadership responding to the message of Jesus by taking decisive action demonstrating compassion promoting healing and enabling reformation
