

"It is my sincere hope that this book will contribute towards changing the overall Chinese public attitude to the issue of Tibet and the aspirations of the Tibetan people, who are neither anti-Chinese or anti-China, but rather anti-oppression."

**Tibet Through Dissident Chinese Eyes** Cao Changching, James D. Seymour, 1998 Tibet Through Dissident Chinese Eyes Changqing Cao, James D. Seymour, 1998 Translated expanded and revised for western readers from Zhongguo dalu zhishi fenzi lun Xizang Chinese Mainland Intellectuals on the Subject of Tibet published by Shidai Chuban Press Taipei in 1996 The 13 contributors represent the small minority of Chinese who believe that Tibetans have been the victims of Chinese imperialism Most are in exile and the best perhaps only known to westerners is probably the vociferous Harry Wu Annotation copyrighted by Book News Inc Portland OR The Tibetan Independence Movement Jane Ardley, 2003-08-27 The first serious analysis of the Tibetan independence movement this book is also the first to view the struggle from a comparative perspective making an overt comparison with the Indian independence movement **Contemporary Tibet** Barry Sautman, June Teufel Dreyer, 2017-03-02 The subject of Tibet is highly controversial and Tibet as a political entity is defined differently from source to source and audience to audience The editors of this path breaking multidisciplinary study have gathered some of the leading scholars in Tibetan and ethnic studies to provide a comprehensive analysis of the Tibet question Contemporary Tibet explores essential themes and issues concerning modern Tibet It presents fresh material from various political viewpoints and data from original surveys and field research The contributors consider such topics as representations and sovereignty economic development and political conditions the exile movement and human rights historical legacies and international politics identity issues and the local society The individual chapters provide historical background as well as a general framework to examine Tibet's present situation in world politics the relationship with China and the West and prospects for the future **Tibet** Jeff Hay, 2014-03-25 This anthology contains a collection of writings chosen for their unique insights into the historical economic and social factors that gave rise to the humanitarian crimes committed against the Tibetan people and includes writings that detail the factors that gave rise to the conflict First person narratives are provided which give the reader insight into the thoughts of the people who experienced the events Topics include the assertion that China committed genocide in Tibet the status of religion in Tibet and what outsiders have done in regard to Tibet *Modern Tibetan Literature and Social Change* Luran R. Hartley, Patricia Schiaffini-Vedani, 2008-07-16 The first systematic and detailed overview of modern Tibetan literature **Tibetan Autonomy and Self-government**, 2000 Contributed seminar papers **Sino-Tibetan Dialogue in the Post-Mao Era** Tashi Rabgey, Tseten Wangchuk Sharlho, 2004 This study examines the dialogue process in the Sino Tibetan dispute from the early years of the post Mao era to the present It considers the latest round of discussions between Beijing and the Dalai Lama in light of the failures of the early initiatives as well as the current conditions for dialogue In its reappraisal of the early failures the study contends that even when Beijing appeared most inclined to enter into talks the gap between the two sides was too wide for meaningful engagement The study then traces the relationship between the PRC and the exiled Tibetan leadership from the PRC and the

exiled Tibetan leadership from the early engagement of the 1980s through the protracted stalemate of the 1990s Jiang Zemin's abortive exploratory talks of 1997-98 and on to the breakthrough of 2001 when direct contacts between Beijing and Dharamsala were re-established. The study contends that conditions for Sino-Tibetan talks have improved over time. But while factors such as the emergence of domestic critics of China's Tibet policy suggest a momentum toward engagement developments such as the institutional restructuring of Beijing's management of Tibetan affairs signal potential obstacles to serious dialogue. The authors argue that while both sides can benefit from the current process of talking about talks they will nonetheless find it difficult to overcome their differences on the substantive issues of autonomy and unification. This is the twelfth publication in Policy Studies, a peer-reviewed East-West Center Washington series that presents scholarly analysis of key contemporary domestic and international political, economic and strategic issues affecting Asia in a policy-relevant manner. 田原, 2003 田原, 2002 **Global Goes Local** Timothy J. Craig, Richard King, 2010-10-01

Cheap mechanical and satellite transmissions have made a predominantly North American culture available to a global audience. Does this mean that rock n' roll, soap opera reruns and professional wrestling will destroy Asian traditions and leave Asian nations to produce nothing but imitations of a shallow hedonistic alien culture? Far from it. In *Global Goes Local*, international scholars from a variety of disciplinary perspectives examine different forms of popular culture in Asia. Covering topics from pop music in Korea to TV commercials in Malaysia, this collection shows how imported cultural forms can be invested with fresh meaning and transformed by local artists to result in new forms of assertion and resistance that also meet the needs of their particular audiences. *Global Goes Local* addresses significant questions being considered by scholars of popular culture and offers case studies of how culture survives or prospers in Asian communities in an age of global communication. 田原, 1993 "All that Glitters is Not Gold" Barry Sautman, 2009 *Refugee Survey Quarterly*, 1998

*China Review International*, 1999 **Asian Thought & Society**, 2001 **Historical Dictionary of the People's Republic of China** Lawrence R. Sullivan, 2007-05-23 When the Chinese Communist Party (CCP) seized power in October 1949, China was one of the poorest nations in the world. In fact, it was so weak it had been conquered by Japan, a country one-tenth its size, a decade earlier. Now, more than fifty years later, the People's Republic of China (PRC) is an emerging economic, political and military superpower with the world's fastest growing economy and largest population (1.3 billion in 2005). A member of the United Nations Security Council since the early 1970s and a nuclear power, China wields enormous influence in the world community. The second edition of the *Historical Dictionary of the People's Republic of China* contains more than 400 cross-referenced dictionary entries on individual topics spanning China's political, economic and social system, along with short biographies on important figures from politicians to writers and movie directors who have shaped Chinese history during the period of Communist rule from 1949 to 2006. Supplementing the entries are a chronology, an introduction, charts outlining the structure of the Chinese government and a bibliography of works in English, making this a superb resource for
