From Tientsin to Peking with the Allied Forces (Classic Reprint) Frederick Brown, 2017-10-11 Excerpt from From Tientsin to Peking With the Allied Forces The sole excuse for undertaking the march with twenty thousand men fewer than military experts deemed necessary for the capture of Peking in the middle of the rainy season is to be found in the urgency of the situation It was daring in the extreme and had it ended in failure would have been characterised as a foolhardy undertaking But we still believe that one man with God is a majority and there were so many clear exhibitions of divine interposition during the march that I give the glory to God for the saving of the eight hundred precious lives About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
