Tilting At Windmills

Joseph Pittman

Tilting At Windmills:

Tilting at Windmills Wolfgang Mieder, 2006 *Tilting at Windmills* Julian Branston, 2007-12-18 In seventeenth century Valladolid Spain's new capital Miguel Cervantes is busy writing his comic masterpiece *Don Quixote* which is being issued in installments. It is quickly making him the most popular author in the country when three potential disasters strike. Cervantes discovers that there is a real *Don Quixote* just like the character he thought he'd invented. A jealous poet concocts a scheme involving one of the novel's other characters to make Cervantes a laughingstock and Cervantes falls in love with a beautiful widowed but unavailable duchess. Many duels, misunderstandings, politicking and betrayals later, *Don Quixote* himself comes to Cervantes' rescue. This sparkling tale of crazed knights, thwarted love and literary rivalry is set against the background of a mighty empire suffering from a century of reckless wars and a ruling hierarchy stultified by patronage and ritual. Peopled with an engagingly idiosyncratic cast that ranges from a Machiavellian duke to a misanthropic poacher, this charming story is imbued with the spirit, verve and humor of the great novel to which it pays playful tribute. *Tilting at Windmills* is a dazzling evocation of Cervantes' life and times and a brilliant weave of fact, fiction and farce. *Tilting at Windmills* Phyll Macleod, 2000 *Tilting at Windmills* Brian Hibbs, 2003 Columns the author wrote for *Comics Retailer* magazine **Tilting at Windmills** Joseph Pittman, 2011-09-01 This lyrical debut novel celebrates the joys and tears of love lost and found and of a life renewed in a most unexpected place. At thirty-four Brian Duncan has it all: A trendy Manhattan life, a high-powered PR job and a gorgeous fiancée with an exciting future of her own. Then in a single moment of deception Brian's world crumbles. Bitterly betrayed, he decides to toss away all he has worked for. Irresistibly drawn to the road, he leaves the city's busy streets behind. On a hillside along New York's Hudson River Valley, Brian is transfixed by the beauty of an enormous windmill. Running toward it is a lovely little girl and her alluring mother, Annie Sullivan, who owns the windmill. The two strike a chord in Brian's heart and soon he discovers the small-town charms of Linden Corners and of Annie, whose elusive quality matches his own questions about life. And as their relationship deepens into passion through the force of nature and the hand of fate, Brian will learn that love comes in unexpected ways. Pittman's debut novel is a feel-good fantasy, a nice feel-for-pace and place. *Publishers Weekly* **'Tilting at windmills.'** Mary Shane, 1934 **Tilting at Windmills** Charles Walcott, 1995 **Tilting at Windmills** Alan Nicol, 1991 *Tilting at Windmills* Art On The Move, Ilsa Bennion, 2014 *Tilting at Windmills* Charles Peters, 1988 *Tilting at Windmills* James J. Duderstadt, 2015 *Dispute Resolution in China, Europe and World* Lei Chen, André Janssen, 2020-04-11 This book brings together articles from leading experts in the field of international dispute resolution. The main focus is on the situation in Asia, though the European perspective also plays an important part. Accordingly, the focus on the Asian dispute resolution market with a distinctly American and European touch is one of the book's most unique features. The dispute resolution market is rapidly transforming and dispute resolution law is changing with it, especially in Asia. This book highlights recent advances and outlines future trends in this area. Emphasis is

especially placed on International Commercial Arbitration Law on the one hand and on International Investment Arbitration Law on the other Two dedicated sections address these two topics while another is dedicated to a quite new phenomenon in the field of international dispute resolution the emergence of International Commercial Courts not only in Asia but also in other regions of the world e g in the Netherlands This raises a host of interesting legal questions which the book addresses The book s final section investigates general trends in dispute resolution e g the rising cost problem in arbitration in general

International Commercial Arbitration Nobumichi Teramura, 2020-05-12 Despite its many distinguished proponents over time ex aequo et bono the idea of deciding disputes on the basis of what an adjudicator regards as fair and equitable has failed to take hold in international commercial arbitration ICA Formalisation and fossilisation of arbitral procedure as manifested in the increasing use of litigation style practice unfortunately reign instead This bold and challenging book argues that parties to an arbitration should be more willing for their cross border disputes to be decided and arbitrators should be more prepared to decide those disputes in accordance with broad principles of equity and fairness rather than by strict adherence to technical rules of law Putting forward suggestions based on extensive research and doctrinal considerations this book invites us to confront what ICA was supposed to be what it now is and what it can be In particular Dr Teramura discusses how by resorting to ex aequo et bono arbitrators can construe contractual terms including the limits apply trade usages deal with mandatory rules of a given forum or place of performance minimise the cost and length of time that arbitration takes avoid the abuse of discretion and ensure predictable results The book examines significant differences in the way that ex aequo et bono arbitration is understood among various state and international institutions It attempts to identify a common core of universally accepted concepts underlying those different understandings The book argues that ex aequo et bono has the potential to reform ICA without undermining its positive aspects Along the way it discusses the

implications of ex aequo et bono arbitration on the now widely used UNCITRAL Model Law on ICA It should thus appeal to lay business persons and commercial law practitioners who are looking for an economical and efficient way to solve business disputes within a globalised arbitration framework *Everyday Sayings* Charles N.
