Time Magazine Black America 197:

Operation Breadbasket Martin L. Deppe, 2017-02-01 This is the first full history of Operation Breadbasket the interfaith economic justice program that transformed into Jesse Jackson's Operation PUSH now the Rainbow PUSH Coalition Begun by Martin Luther King Jr during the 1966 Chicago Freedom Movement Breadbasket was directed by Jackson Author Martin L. Deppe was one of Breadbasket's founding pastors He digs deeply into the program's past to update the meager narrative about Breadbasket add details to King's and Jackson's roles and tell Breadbasket's little known story Under the motto Your Ministers Fight for Jobs and Rights the program put bread on the tables of the city's African American families in the form of steady jobs Deppe details how Breadbasket used the power of the pulpit to persuade businesses that sought black dollars to also employ a fair share of blacks Though they favored negotiations Breadbasket pastors also organized effective boycotts as they did after one manager declared that he was not about to let Negro preachers tell him what to do Over six years Breadbasket's efforts netted forty five hundred jobs and sharply increased commerce involving black owned businesses Economic gains on Chicago's South Side amounted to 57.5 million annually by 1971 Deppe traces Breadbasket's history from its early Don't Buy campaigns through a string of achievements related to black employment and black owned products services and businesses To the emerging call for black power Breadbasket offered a program that actually empowered the black community helping it engage the mainstream economic powers on an equal footing Deppe recounts plans for Breadbasket's national expansion its sponsored business expos and the Saturday Breadbasket gatherings a hugely popular black pride forum Deppe shows how the program evolved in response to growing pains changing alliances and the King assassination Breadbasket's rich history as told here offers a still viable model for attaining economic justice today **The**

American Notebook Michael Gawenda, 2014-03-05 One of the rewards extended to former editors if they are lucky and get to plan their departure is that they can choose their next assignment I had no doubt about what I wanted to be Washington correspondent for The Age and The Sydney Morning Herald There was no more important and interesting international story to cover than the United States at the beginning of George W Bush's second term The war in Iraq was going badly and it was not at all clear that the war on terror was being won or even if there was any agreement that it was in fact a war When veteran journalist Michael Gawenda was posted to the USA as a Washington correspondent in 2005 George W Bush was beginning his second term and the war in Iraq was showing signs of becoming a quagmire Two years later Bush is a lame duck president and most Americans want their troops out of Iraq American Notebook is Gawenda's absorbing and insightful account of his American posting Weaving the personal into the political Gawenda takes the reader on his journey into a country he has always loved Beyond daily life in Washington he visits hurricane ravaged New Orleans and the God fearing states of the Midwest His engaging analysis of politics and current events is interwoven with his reflections on his childhood as a post war Jewish refugee growing up in the sixties in a Melbourne steeped in American culture In light of the increasingly evident failure of efforts in Iraq he revisits his own controversial decision while editor of The Age newspaper to support the Howard Government's decision in 2003 to join the coalition of the willing American Notebook is a fascinating discussion of the role of journalism and the nature of public debate about war politics and current events **The Black**

Officer Corps Isaac Hampton, 2013 The U S Armed Forces started integrating its services in 1948 and with that push more African Americans started rising through the ranks to become officers although the number of black officers has always been much lower than African Americans total percentage in the military Astonishingly the experiences of these unknown reformers have largely gone unexamined and unreported until now The Black Officer Corps traces segments of the African American officers experience from 1946 1973 From generals who served in the Pentagon and Vietnam to enlisted servicemen and officers wives Isaac Hampton has conducted over seventy five oral history interviews with African American officers Through their voices this book illuminates what they dealt with on a day to day basis including cultural differences racist attitudes unfair promotion standards the civil rights movement Black Power and the experience of being in ROTC at Historically Black Colleges Hampton provides a nuanced study of the people whose service reshaped race relations in the U S Armed Forces ending with how the military attempted to control racism with the creation of the Defense Race Relations Institute of 1971 The Black Officer Corps gives us a much fuller picture of the experience of black officers and a place to start asking further questions *Slavery and Islam* Jonathan A.C. Brown, 2020-03-05 What happens when authorities you venerate condone something you know is wrong Every major religion and philosophy once condoned or approved of slavery

but in modern times nothing is seen as more evil Americans confront this crisis of authority when they erect statues of Founding Fathers who slept with their slaves And Muslims faced it when ISIS revived sex slavery justifying it with verses from the Quran and the practice of Muhammad Exploring the moral and ultimately theological problem of slavery Jonathan A C Brown traces how the Christian Jewish and Islamic traditions have tried to reconcile modern moral certainties with the infallibility of God s message He lays out how Islam viewed slavery in theory and the reality of how it was practiced across Islamic civilization Finally Brown carefully examines arguments put forward by Muslims for the abolition of slavery

American Government Scott F. Abernathy, 2023-04-17 In *American Government* Fourth Edition author Scott F Abernathy tunes in to the voices of all Americans showing how our diverse ideas shape the way we behave the laws we live by and the challenges we face Each chapter features personal narratives that illustrate how the American political system is the product of strategies calculations and miscalculations of individuals *Eli and the Octopus* Matt Garcia, 2023-04-18 Eli Black was the immigrant rabbi turned CEO who transformed the notoriously corrupt United Fruit into a model of ethical business Then he died by suicide How did it all go wrong Matt Garcia traces Black s own descent into corruption and despair the unraveling and the deliberate forgetting of one of America s most enigmatic business leaders **Ethnic Humor in Multiethnic**

America David Gillota, 2013-07-01 When wielded by the white majority ethnic humor can be used to ridicule and demean marginalized groups In the hands of ethnic minorities themselves ethnic humor can work as a site of community building and resistance In nearly all cases however ethnic humor can serve as a window through which to examine the complexities of American race relations In *Ethnic Humor in Multiethnic America* David Gillota explores the ways in which contemporary comic works both reflect and participate in national conversations about race and ethnicity Gillota investigates the manner in which various humorists respond to multiculturalism and the increasing diversity of the American population Rather than looking at one or two ethnic groups at a time as is common scholarly practice the book focuses on the interplay between humorists from different ethnic communities While some comic texts project a fantasy world in which diverse ethnic characters coexist in a rarely disputed harmony others genuinely engage with the complexities and contradictions of multiethnic America The first chapter focuses on African American comedy with a discussion of such humorists as Paul Mooney and Chris Rock who tend to reinforce a black white vision of American race relations This approach is contrasted to the comedy of Dave Chappelle who looks beyond black and white and uses his humor to place blackness within a much wider multiethnic context Chapter 2 concentrates primarily on the Jewish humorists Sarah Silverman Larry David and Sacha Baron Cohen three artists who use their personas to explore the peculiar position of contemporary Jews who exist in a middle space between white and other In chapter 3 Gillota discusses different humorous constructions of whiteness from a detailed analysis of *South Park* to *Blue Collar Comedy* and the blog *Stuff White People Like* Chapter 4 is focused on the manner in which animated children s film and the network situation comedy often project simplified and harmonious visions of diversity

In contrast chapter 5 considers how many recent works such as Harold and Kumar Go to White Castle and the Showtime series Weeds engage with diversity in more complex and productive ways
