United States. Congress

Time Table Of 2014 Matric:

Indian Muslims Riaz Hassan, 2016-10-17 Research shows that Indian Muslims experience higher levels of development and equity deficits Indian Muslims are also predicted to become the largest Muslim population in the world by 2050 This increase in numbers might exacerbate their relative deprivation creating a disjunction between India's constitutional promises of equality of opportunity for citizens of a secular democracy including for minorities and the existential reality This will create social and political conditions that could undermine the stability of the country's democracy and make Indian Muslims a security threat which would have not only national but also global ramifications This book examines the struggle for equality of citizenship of Indian Muslims in light of the release of the Sachar Committee report of 2006 which sparked widespread awareness of socioeconomic disparity and exclusion of religious minorities in India especially Muslims The contributors are some of the most eminent social scientists in the fields of applied economics politics sociology and demography who work on Indian issues The Indian state and its political infrastructure have been relatively successful thus far in countering the challenges presented by the diversity of its population India therefore has the capacity and the ability to deal with these new challenges given the political and collective will **Islamic Studies Series Volume 22**

The Internal Structure of Periglacial Landforms Adrian Alexander Emmert, 2020-07-27 Periglacial environments are facing dramatic changes Warming air temperatures and strong snow cover variations fundamentally affect landforming processes in this hotspot region of Climate Change But before we can assess the response of landform development to a changing climate we need to enhance our understanding of the internal structure of those landforms Within this study a broad scope of landform types from alpine and subarctic regions is investigated rock glaciers solifluction lobes palsas and patterned ground By using the geophysical methods 2 D and 3 D ERI as well as GPR surveying structural differences and similarities between landform units of different or the same landform types are highlighted This enables a reconstruction of their past and a projection of their future development
