Spymaster Gordon Stewart,2024-10-07 Germany was the epicenter of the Cold War Across the Iron Curtain hundreds of thousands of soldiers faced each other and if World War III were to break out contemporaries feared surely it would happen here The country s frontline status made it an El Dorado for spies who gathered information on military targets penetrated

political parties and trained partisans for stay behind operations For the Americans the Central Intelligence Agency CIA came to take the lead in this silent and sometimes not so silent contest In the heyday of the Cold War the agency s German station employed nearly two thousand officers in addition to countless spies and informants Ultimately this covert empire reported to the CIA station chief in West Germany and his deputy And for many years either of those positions was held by Gordon Matthews Stewart Gordon Stewart was well prepared for this assignment He studied German history and literature during the 1930s and lived in Munich and Hamburg as a visiting student Here he personally witnessed the Nazi takeover even catching a glimpse of Adolf Hitler at one of his notorious rallies When the United States entered the war in 1941 the newly established Office of Strategic Services OSS recruited him as a specialist on German affairs In the summer of 1945 he arrived in Germany with an OSS detachment Eventually the OSS morphed into the CIA and Gordon Stewart would run the agency s espionage organization in Germany for some twenty years From CIA headquarters in Heidelberg Karlsruhe Frankfurt and eventually Bonn Mr Stewart directed all intelligence operations in central Europe Initially he hunted down Nazi war criminals but the Cold War compelled him to bend his efforts toward the Soviet bloc During the 1950s Mr Stewart directed espionage operations against East Germany organized the training of Ukrainian partisans at U S bases in Bavaria and participated in a scheme to dig a tunnel into East Berlin to eavesdrop on Soviet and East German communications He also recruited and handled sources inside the West German government including the chief of the Bundesnachrichtendienst Reinhard Gehlen the highest ranking West German military officer General Adolf Heusinger and top policy makers of the Christian and social democratic parties Mr Stewart s memoirs introduced by renowned intelligence scholar Thomas Boghardt offer not only a fascinating look inside the CIA s largest overseas station they also tell the story of a deeply conscientious and highly accomplished intelligence officer whose experience intellect and moral compass shaped American policy toward Germany and Europe during the turbulent years of the early Cold War *PC Mag* ,1990-04-24 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology *Time's Twisted Arrow* C. Walniuk,Rysa Walker,2012-10-01 In the year 2307 historians are born with a genetic license to time travel and are sent out with strict orders to observe everything and change nothing But when a violent act of sabotage strands twenty three CHRONOS historians at various points in time it triggers a chain of events that will alter history and potentially erase more than half of the human population In *TIME S TWISTED ARROW* the first book of The CHRONOS Files seventeen year old Kate learns that she has inherited designer DNA when her grandmother arrives with a strange medallion that she claims only Kate and a few other descendants of the CHRONOS historians can operate Kate soon finds herself in an alternate reality Leaders of a previously unknown religion now hold great power and her grandmother has been murdered somewhere in the past Her mother never existed her father doesn t know her and she has rather inconveniently managed to fall in love In order

to restore the time line Kate must travel back to 1893 and keep herself and her grandmother clear of the serial killer H H Holmes who is stalking young women at the Chicago World s Fair Unfortunately other descendants of CHRONOS have a very different agenda English Mechanics and the World of Science ,1882
