Maurice Baring, 1927 [The Green Book Magazine](#) , 1917 **The Wire, Deadwood, Homicide, and NYPD Blue** Jason P. Vest, 2010-11-02. This book offers the only examination of the television writing of David Milch and David Simon as significant contributions to American culture, literature, and social realism. David Milch and David Simon are two of the most prolific and successful television drama writers in the last 30 years. These talented writers have combined real-world knowledge with wild imaginations and understandings of the human psyche to create riveting shows with realistic environments and storylines. Milch and Simon's writing have resulted in television series that have earned both critical acclaim and millions of viewers. *The Wire*, *Deadwood*, *Homicide*, and *NYPD Blue*. *Violence is Power* is the most comprehensive text yet written about Milch and Simon and documents how television dramas of the 1980s, 1990s, and 2000s mirrored American culture with unprecedented sociological accuracy. The author explains how both individuals are not only capable dramatists but also insightful cultural critics. This book also examines the full range of Milch's and Simon's authorial careers, including Milch's books *True Blue*, *The Real Stories*, *Behind NYPD Blue*, and *Deadwood*; Tales of the Black Hills; and Simon's *Homicide: A Year on the Killing Streets* and *The Corner: A Year in the Life of an Inner-City Neighborhood*. **The Bookman** , 1904 **The Irish Short Story at the**

Turn of the Twenty-First Century Madalina Armie, 2022-12-30. In the mid-1990s, Ireland was experiencing the best of times. The Celtic Tiger seemed to instill in the national consciousness that poverty was a problem of the past. The impressive economic performance ensured that the Republic occupied one of the top positions among the world's economic powers. During the boom, dissident voices continuously criticised what they considered to be a mirage, identifying the precariousness of its structures and foretelling its eventual crash. The 2008 recession proved them right. Throughout this time, the Irish contemporary short story expressed distrust. Enabled by its capacity to reflect change with immediacy and dexterity, the short story saw through the smokescreen created by the Celtic Tiger discourse of well-being. It reinterpreted and captured the worst and the best of the country and became a bridge connecting tradition and modernity. The major objective of this book is

to analyse the interactions between fiction and reality during this period in Ireland by studying the short stories written by old and emergent voices published between the birth of the Celtic Tiger in 1995 up to its immediate aftermath in 2013
