Tremendum A Theological Interpretation Of The Holocaust:

The Tremendum Arthur Allen Cohen,1993 A profound and important book the best book on the Holocaust interpreted by a theologian of Judaism Jacob Neusner **The Tremendum** Arthur A. Cohen,1988-01-01 **The Tremendum** ,1993

An Arthur A. Cohen Reader Arthur Allen Cohen,1998 A collection of essays all published previously The following deal with antisemitism *The Oxford Handbook of Levinas* Michael L. Morgan,2019-04-10 Emmanuel Levinas 1906 1995 emerged as an influential philosophical voice in the final decades of the twentieth century and his reputation has continued to flourish and increase in our own day His central themes the primacy of the ethical and the core of ethics as our responsibility to and for others speak to readers from a host of disciplines and perspectives However his writings and thought are challenging and difficult The Oxford Handbook of Levinas contains essays that aim to clarify and engage Levinas and his writings in a number of ways Some focus on central themes of his work others on the ways in which he read and was influenced by figures from Plato Hobbes Descartes and Kant to Blanchot Husserl Heidegger and Derrida And there are essays on how his thinking has been appropriated in moral and political thought psychology film criticism and more and on the relation between his thinking and religious themes and traditions Finally several essays deal primarily with how readers have criticized him and found him wanting The volume exposes and explores both the depth of Levinas s philosophical work and the range of applications to which it has been put with special attention to clarifying why his interests in the human condition the crisis of civilization the centrality and character of ethics and morality and the very meaning of human experience should be of interest to the widest range of readers **Exile and Restoration in Jewish Thought** Ralph Keen,2009-09-24 Exile and Restoration in Jewish Thought presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation **Between Cross and Resurrection** Alan E. Lewis,2003-06-20 For much of Christian history the church has given no place to Holy Saturday in its liturgy or worship Yet the space dividing Calvary and the Garden may be the best place from which to reflect on the meaning of Christ

s death and resurrection This superb work by the late Alan Lewis develops on a grand scale and in great detail a theology of Holy Saturday The first comprehensive theology of Holy Saturday ever written Between Cross and Resurrection shows that at the center of the biblical story and the church's creed lies a three day narrative Lewis explores the meaning of Holy Saturday the restless day of burial and waiting from the perspectives of narrative hearing the story doctrine thinking the story and ethics living the story Along the way he visits as many spiritual themes as possible in order to demonstrate the range of topics that take on fresh meaning when viewed from the vantage point of Holy Saturday Between Cross and Resurrection is not only incisive and elegantly written but it is also a uniquely moving work deeply rooted in Christian experience While writing this book Lewis experienced his own Holy Saturday in suffering from and finally succumbing to cancer He considered Between Cross and Resurrection to be the culmination of his life's work

Struggling with God Simon D

Podmore, 2013-10-31 Invoking the biblical motif of Jacob's struggle with the Face of God Genesis 32 Simon D Podmore undertakes a constructive theological account of spiritual trial tentatio known in German mystical and Lutheran tradition as *Anfechtung* in relation to enduring questions of the otherness and hiddenness of God and the self the problem of suffering and evil the freedom of Spirit and the anxious relationship between temptation and ordeal fear and desire This book traces a genealogy of spiritual trial from medieval German mystical theology through Lutheran and Pietistic thought Tauler Luther Arndt Boehme and reconstructs Kierkegaard's innovative yet under examined recovery of the category *Anfægtelse* a Danish cognate for *Anfechtung* within the modern context of the spiritless decline of Christendom Developing the relationship between struggle *Anfechtung* and release *Gelassenheit* Podmore proposes a Kierkegaardian theology of spiritual trial which elaborates the kenosis of the self before God in terms of Spirit's restless longing to rest transparently in God Offering an original rehabilitation of the temptation of spiritual trial this book strives for a renewed theological hermeneutic which speaks to the enduring human struggle to realise the unchanging love of God in the face of spiritual darkness

The Holocaust as Interruption Elisabeth Schüssler Fiorenza, David Tracy, 1984 An international journal of theology a catholic journal in the widest sense rooted in Roman Catholicism yet open to other Christian traditions and the world's faiths Promotes discussion in the spirit of Vatican II Annual subscriptions available

Bearing Witness Stephanie N.

Arel, 2023-09-26 Museum memorialization has long been about politics design implications and visitor experience rarely focused upon the people mired in commemorating the dead Profound challenges confront those who memorialize mass trauma at memorial museums Listening to the voices of those called to do this work enables insight into the critical role they play in preserving and disseminating history's most painful narratives expanding views of recovery from mass trauma and revealing the value in the profession As an Andrew W Mellon Fellow at the National September 11 Memorial Museum Dr Stephanie Arel recognized costs psychological spiritual and physical aligned with responding to mass trauma and participating in communal recovery The impact of bearing witness at memorial museums emerged in the lives of workers To

explore the phenomenon she visited Auschwitz interviewing those who remember the Holocaust's horrors while resisting its infiltration in their personal lives. The immensity of honoring the dead for others inspired additional sojourns in Bosnia Herzegovina, Cambodia, Israel, South Africa, and the United States. She discovered dimensions of pride and care evident in those who honor memory, the capacity of workers to address reverberating political tensions while tending to visitor needs, the passion workers have for giving voice to the voiceless who died during traumatic events while offering care and support to the survivors, and the reality that reassembling the fragments of mass trauma is not for the weary but instead emerges as a calling and a vocation. Bearing Witness places value on what workers do, opening space for workers' testimonies to be heard for the first time and creating a global community of and for these workers who have otherwise never been given a platform to speak about their experiences. The interviews reveal the entanglement of politics with commemoration, the sacredness of remembering, and the multidimensional aspects of care, transforming the reader's understanding of humanity forever.

Plurality and Ambiguity David Tracy, 1994-06-10. In *Plurality and Ambiguity*, David Tracy lays the philosophical groundwork for a practical application of hermeneutics while constructing an innovative model of theological interpretation developed out of the notions of conversation and argument. He concludes with an appraisal of the religious significance of hope in an age of radically different voices and constantly shifting meanings. *The Jewish Spectator*, 1990. *The Evolving God in Jewish Process Theology*, William E. Kaufman, 1997. Provides a systematic examination of process themes in Jewish theology. After tracing process motifs in the writings of contemporary Jewish thinkers, the text analyzes process theology as a form of postmodernism, discussing the tensions between it and more orthodox theologies. *Journal of Ecumenical Studies*, 1989. *Human and Divine*, Gwen Griffith Dickson, 2000-11-30. In this introduction to the philosophical study of religion, Gwen Griffith Dickson attempts to fill an important gap by considering these questions squarely in the context of the world's many religions and philosophical traditions. *Contemporary Jewish Religious Responses to the Shoah*, Steven L. Jacobs, 1993-03-25. Contemporary scholars in all disciplines have long recognized that the Shoah is a critical challenge to Christianity and Western civilization as well as a watershed event in Jewish history. Steven L. Jacobs has completed two complementary works dealing with contemporary religious responses to the Shoah: one from the Christian perspective, the other from the Jewish perspective. This work focuses on the Jewish responses to the Holocaust. Contents: Judaism and Christianity after Auschwitz; Steven L. Jacobs, In a World Without a Redeemer, Redeem; Michael Berenbaum, Academia and the Holocaust; Alan L. Berger, After Auschwitz and the Palestinian Uprising; Marc H. Ellis, The Holocaust: A Summing Up after Two Decades of Reflection; Emil L. Fackenheim, Voluntary Covenant; Irving Greenberg, Auschwitz: Re-envisioning the Role of God; Peter J. Haas, Why Bernard Maza; Apocalyptic Rationality and the Shoah; Richard L. Rubenstein, Between the Fires; Arthur Waskow. **Kierkegaard and the Self Before God**, Simon D. Podmore, 2011. Simon D. Podmore claims that becoming a self before God is both a divine gift and an anxious obligation. Before we can know God or ourselves, we must come to a moment

of recognition How this comes to be as well as the terms of such acknowledgment are worked out in Podmore s powerful new reading of Kierkegaard As he gives full consideration to Kierkegaard s writings Podmore explores themes such as despair anxiety melancholy and spiritual trial and how they are broken by the triumph of faith forgiveness and the love of God He confronts the abyss between the self and the divine in order to understand how we can come to know ourselves in relation to a God who is apparently so wholly Other **Subject Catalog** Library of Congress, **The Socialist Register** Ralph Miliband,1996 **Horizons** ,1984
