Why Can't Church Be More Like an AA Meeting? Stephen R. Haynes,2021-10-26 Do Christians need recovery Or is recovery something needed by the church itself Addiction whether to a substance or to a behavior is a problem within faith communities just like it is everywhere else But because churches are rarely experienced as safe places for dealing with addiction co addiction or the legacy of family dysfunction Christians tend to seek recovery from these conditions in Twelve Step fellowships Once they become accustomed to the ethos of vulnerability acceptance and healing that these fellowships provide however they are often left feeling that the church has failed them with many asking why can t church be more like an AA meeting Inspired by his own quest to find in church the sort of mutual support and healing he discovered in Twelve Step fellowships Stephen Haynes explores the history of Alcoholics Anonymous and its relationship to American Christianity He shows that while AA eventually separated from the Christian parachurch movement out of which it emerged it retained aspects of Christian experience that the church itself has largely lost comfort with brokenness and vulnerability an emphasis on honesty and transparency and suspicion toward claims to piety and respectability Haynes encourages Christians to reclaim these distinctive elements of the Twelve Step movement in the process of recovering church He argues that this process must begin with he calls Step 0 which as he knows from personal experience can be the hardest step the admission that despite appearances we are not fine

Beckford,2017-12-14 There are many different ways in which minority religions and counselling may interact In some cases there can be antagonism between counselling services and minority religions with each suspecting they are ideologically threatened by the other but it can be argued that the most common relationship is one of ignorance mental health professionals do not pay much attention to religion and often do not ask or consider their client s religious affiliation To date the understanding of this relationship has focused on the anti cult movement and the perceived need for members of minority religions to undergo some form of exit counselling In line with the series this volume takes a non judgemental approach and instead highlights the variety of issues religious groups and counselling approaches that are relevant at the interface between minority religion and counselling The volume is divided into four parts Part I offers perspectives on counselling from different professions Part II offers chapters from the field leaders directly involved in counselling former members of minority religions Part III offers unique personal accounts by members and former members of a number of different new religions while Part IV offers chapters on some of the most pertinent current issues in the counselling minority religions fields written by new and established academics In every section the volume seeks to explore different permutations of the counsellor client relationship when religious identities are taken into account This includes not only secular therapists counselling former members of religion but the complexities of the former member turned counsellor as well as counselling practised both within religious movements and by religious movements that offer counselling services to the outside world

Words to the Weary, Form #17.064 Brook Stockton, 2023-08-14 Biblical encouragement for those in the midst of trials [The Quest for the Inner Human](#) Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men

have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves **The Cure of Souls** R. J. Rushdoony, 2009-11-16 Hypocrisy replaces virtue when men cover their sins rather than confess them to God This is all too common when men do not preach and practice a Biblical doctrine of confession The challenge is first to restore the meaning of confession as taught in the Scriptures As long as confession is seen as a Romanist doctrine we have no hope of recovering this vital aspect of Christianity In this path breaking volume R J Rushdoony examines the Biblical teaching on confession and sets it over against the errors of Romanism and the neo Freudianism of modern Christian counseling Despite the subject matter this book is remarkably readable and is sure to empower both clergy and laity as they discover the powerful tool of Biblical confession
