Zoopoetics Aaron M. Moe, 2013-12-19 Zoopoetics assumes Aristotle was right The general origin of poetry resides in part in the instinct to imitate But it is an innovative imitation An exploration of the oeuvres of Walt Whitman E E Cummings W S Merwin and Brenda Hillman reveals the many places where an imitation of another species poiesis Greek makings contributes to breakthroughs in poetic form However humans are not the only imitators in the animal kingdom Other species too achieve breakthroughs in their makings through an attentiveness to the ways of being of other animals For this reason mimic octopi elephants beluga whales and many other species join the exploration of what zoopoetics encompasses Zoopoetics provides further traction for people interested in the possibilities when and where species meet Gestures are paramount to zoopoetics Through the interplay of gestures the human animal textual spheres merge making it possible to recognize how actual biological animals impact the material makings of poetry Moreover as many species are makers zoopoetics expands the poetic tradition to include nonhuman poiesis

Handbook of Poetic Forms Jessica Bundschuh, Irmtraud Huber, 2025-10-06 This *Handbook of Poetic Forms* aims to offer historically informed approaches to a wide variety of poetic forms A particular emphasis will be on considering poetic form in dialogue with the cultural context in which it is being used as well as within the literary tradition of each form and to explore the stable as well as the historically variable affordances of each form in such contexts Hereby the focus lies on prescriptive forms that is on poetic forms which are defined by or at least associated with specific metrical stanzaic or overall structures or the absence of such rather than poetic genres that are primarily characterised by similarities in subject matter like the elegy or the ode While this *Handbook* should be accessible to students its aim is not to offer basic introductions but rather to broaden a historical and functional understanding of the poetic forms it covers and to engage with poetic forms not as givens but as historically contingent processes of formation Above all this *Handbook*'s formalism is new

formalist in emphasising historical awareness and contextualisation

A Poetics of Orthodoxy Benjamin P. Myers, 2020-12-17 What makes one poem better than another Do Christians have an obligation to

strive for excellence in the arts While orthodox Christians are generally quick to affirm the existence of absolute truth and absolute goodness even many within the church fall prey to the postmodern delusion that beauty is in the eye of the beholder This book argues that Christian doctrine in fact gives us a solid basis on which to make aesthetic judgments about poetry in particular and about the arts more generally The faith once and for all delivered unto the saints is remarkable in its combined emphasis on embodied particularity and meaningful transcendence This unique combination makes it the perfect starting place for art that speaks to who we are as creatures made for eternity
