Twin Flame Soul Connections Kevin Hunter, 2018-10-16 Twin Flames have a shared ongoing sentiment and quest from the moment they re a spark shooting out of God s love that explodes into a blinding white fire that breaks apart causing one to be two until two become one again separate and whole and back around again Looking into the eyes of your Twin Flame is like looking into the eyes of God because to know love is to know God When one thinks of a Soul Mate or Twin

Flame they might equate it to a passionate romantic relationship where you're making love on a white sandy palm tree lined beach in paradise for the rest of your lives. This beautiful mythological notion has caused great turmoil in others who long for this person that fits the description of a lothario character in a romance novel. It is also an unrealistic and misguided interpretation of the Soul Mate or Twin Flame dynamic. Twin Flame Soul Connections discusses and lists some of the various myths and truths surrounding the Twin Flames and how to identify if you've come into contact with your Twin Flame or if you know someone who has. The ultimate goal is not to find one's Twin Flame but to awaken one's heart to love and to work on becoming complete and whole as an individual soul through spiritual self-mastery, life lessons, growth, and raising your consciousness. Questions Twin Flame Newbies Ask Silvia Moon, 2019-07-08. You begin to embark on a series of spiritual lessons and soul awakening experiences that bring enlightenment into your life. Even if you were not a spiritual person before you start awakening to the calling from your soul, the Twin Flame process therefore has both physical and spiritual aspects of the connection. During the physical aspects of the Twin Flame process, the Twin Flames move the obstacles that get in the way of their connection, like ending karmic cycles and relationships. The spiritual aspect of the Twin Flame experience asks both Twin Flames to embark on a journey of re-discovering their authentic selves to fully embody unconditional love within themselves by opening themselves up to the spiritual aspect of the Twin Flame journey. My life will never be back to what it was before I met my Twin Flame because every day I am changing to become the authentic version of myself. I have had to face my inner pain within myself so that the pain can be cleaned out to heal my inner wounding is also

healed It has been over two years since I found my Twin Flame and my life first turned upside down in every aspect of it change took over my life because my physical situations were mirroring the emotional chaos that the Twin Flame encounter had triggered The journey to self rediscovery has brought Self love in my life and every new day is another opportunity for me to re discover my Self power There is no more normal for me after I met my Twin Flame because the intensity of the connection only gets stronger and the love that I feel for my Twin Flame only gets purer It was difficult to accept the whole package of the Twin Flame process at first especially during the times when I was going through the Dark Night Of The Soul because I was naive to the experiences that pertain encountering a Twin Flame for the first time Also when I was starting this journey everything about the Twin Flame experience seemed complicated for me I am ascending higher and higher into a Spiritual being because of this Twin Flame experience I did not know the meaning of Spiritual awakening until I discovered that I am going through a Twin Flame Spiritual Love Everything about my life will never be the same again for me after I met my Twin Flame After two years of being on a Twin Flame journey I have a fresh perspective towards life I look for love in everything that I do and I have learned to surround myself with a life of meaning and purpose The Twin Flame revolution has helped to bring a personal revolution and transformation in my life and I am very grateful for the authentic person that I have become

Stages of Twin Flame Love Silvia Moon,2019-07-30 I also know that different people experience their Journeys differently and some people indeed go through difficulties uniting because of various reasons that keep Twin Flames apart Therefore feel grateful for having your Twin Flame experience for flowing in the right direction Your Twin Flame is a mirror of what you fear and simultaneously what you desire the most for your inner healing For example if you are a highly strung person your Twin Flame will most likely be the relaxed and messy one If you like to play the victim in your daily life your Twin Flame will be a strong character who refuses to give you pity or sympathy to perpetuate your complex If you are creatively repressed one your Twin Flame will be a flourishing artist In this way your Twin Flame challenges and infuriates you but also they teach you the important lessons about our fears core wounds and repressions because a Twin Flame is your divine mirror Your childhoods were opposites of each other for example you were raised in very different ways which led to the development of opposite childhood wounds that you now have the opportunity to mend after your initial Twin Flame encounter One of you is more soulfully mature than the other and often serves as the teacher counselor or confidant within the relationship This does not mean that it is a one way learning relationship both Twin Flames balance each other out like yin yang When you meet your Twin Flame you are taught the most important life lessons such as forgiveness gratitude empathy and open mindedness by them and with them The most growth you ve ever experienced has been with them and no other friendship or relationship has transformed you as deeply as this one has that you have with your Twin Flame The connection with your Twin Flame is multi faceted In other words your twin flame is likely your best friend lover teacher nurturer and muse all at once because your Twin Flame doesn t try to change you They accept you for who you are
