Understanding The Militants Media In Pakistan Outreach And Impact:

Understanding the Militants' Media in Pakistan, 2010 **The Muslim Extremist Discourse** Faizullah Jan, 2015-11-12

This unique book analyzes the discourse of militant organizations affiliated with al Qaeda. It interrogates the discourse of these extremist organizations which publish their own newspapers. These publications widely distributed to the local population play a critical role in securing and maintaining public support for the militant organizations. The book examines how these organizations discursively construct the socio political reality of their world in the process defining the Self and the Other. The Self becomes umma or the global Muslim community while the Other becomes the West including the United States, Israel and India. This book presents an analysis of three historical moments: the assassination of al Qaeda chief Osama Bin Laden, the controversial YouTube video 'Innocence of the Muslims' and the shooting of the Pakistani child activist and Nobel Laureate Malala Yousafzai. This analysis reveals the discursive strategies used by the militant organizations to create what Foucault calls regimes of truth and articulate identities of the Self and the Other. The first of its kind, this book provides an insight into the mind set of extremists. It presents a picture of the world that extremists construct through their own discourse and explains how extremists try to win the hearts and minds of mainstream Muslims in order to expand their support base, seek donations and find new recruits. Understanding extremist narratives and the ways they feed the broader militant discourse may yield more meaningful and effective strategies for the West to communicate with mainstream Muslims.

Imagining Pakistan Rasul Bakhsh Rais, 2017-08-30. *Imagining Pakistan* argues that the creation of Pakistan is a result of Muslim modernism in the Subcontinent as it defined the struggle for identity, nationalism and empowerment of Muslim communities. This modernist movement represented the ideals of inclusivity, equal rights, a liberal constitutional framework and a shared sense of political community among diverse ethnic and regional groups. However, while this modernity was the ideal of Pakistan's founders, it faced resistance from Islamists obsessed with recovering a past legacy of lost Muslim glory. A major threat to political modernism also came from the military that wanted to create a strong and secure Pakistan through controlled democracy. Multiple interventions by the military and deviations from the foundational republican ideas left Pakistan in the rough sea of power struggles, causing institutional decay and creating space for the rise of radical Islam. *Imagining Pakistan* analyzes the institutional imbalance between the military and the civilian groups, the idea of the security state and the Islamist social forces and movements that have been engaged in the politics of Islamic revival. It argues that Pakistan's stability, security and progress will depend on pursuing the path of political modernity. Although the restoration of parliamentary democracy and the resilience of the Pakistani society are hopeful signs, resolving the critical issues that Pakistan faces today will require consolidation of democracy, better leadership and a moderate and modernist vision of both the state and the society. *Political Conflict in Pakistan* Mohammad Waseem, 2022-04-01. This book is a major reinterpretation of politics in Pakistan. Its focus is conflict among groups, communities, classes, ideologies and institutions.

which has shaped the country's political dynamics Mohammad Waseem critically examines the theory surrounding the millennium long conflict between Hindus and Muslims as separate nations who practiced mingled faiths and the Hindu Muslim and Sikh renaissances that created a twentieth century clash of communities and led to partition Political Conflict in Pakistan addresses multiple clashes between the high culture as a mission to transform society and the low culture of the land and the people between those committed to the establishment's institutional constitutional framework and those seeking to dismantle the colonial state between the corrupt and those seeking to hold them to account between the political class and the middle class and between civil and military power The author exposes how the ruling elite centralised power through the militarisation and judicialization of politics rendering the federalist arrangement an empty shell and thus grossly alienating the provinces He sets all this within the contexts of education and media as breeders of conflict the difficulties of establishing an anti terrorist regime and the state's pragmatic attempts at conflict resolution by seeking to keep the outsiders inside This is a wide ranging account of a country of contestations *World Yearbook of Education 2011* Lyn Yates, Madeleine Grumet, 2011-02 This book brings together contributions from around the world that analyse and reflect on the way curriculum is configuring and reconfiguring that world [Terrorism Challenges in the Indo-Pacific](#) Andrew T.H. Tan, Julian Droogan, Nell Bennett, 2025-02-26 This edited volume focuses on contemporary terrorism challenges that remain serious in the Indo Pacific region long after the seminal terrorist attacks on 11 September 2001 Since then the emergence of the new terrorism has been epitomised by rise of radical Islamist terrorist groups such as Al Qaeda and the Islamic State Through the use of new terrorism techniques and strategies such movements have been able to transform themselves into worldwide global jihadist movements While both Al Qaeda and the Islamic State have suffered greatly from vigorous and sustained global counter terrorism operations led by the United States their local affiliates in the Indo Pacific as well as other local radical Islamist and non Islamist groups have continued to pose serious terrorist challenges in the Indo Pacific region While the threat has somewhat abated in recent times in Southeast Asia the terrorist threat remains very serious in South Asia The chapters in this book assess the key threats and counter terrorism responses of South and Southeast Asia to these on going challenges This book will be indispensable to students scholars and policy makers working on Asian Security Politics International Relations and the security dynamics of the Indo Pacific region The chapters in this issue were originally published as a special issue of *Journal of Policing Intelligence and Counter Terrorism* **What's Wrong with Pakistan?** Babar Ayaz, 2013-08-01 A courageous comprehensive and no holds barred account by a veteran journalist of a 66 year old nation that is still trying to find its identity and fighting its own demons Beginning with the genetic defect that Pakistan was born with Babar Ayaz highlights the numerous problems faced by Pakistan today that have arisen as a result of the country's foundation being based on religion What Quaid e Azam Muhammad Ali Jinnah managed to achieve as a separate homeland in August 1947 is today being consumed by religious fanaticism Ayaz attributes such a state of affairs to the Islamization of

Pakistani laws which are in conflict with the twenty first century value systems The author next pinpoints how Jinnah failed to recognize the ethno linguistic diversity of the Pakistan he had created which needed proper distribution of power between the Centre and the states in the then existent West Pakistan and East Pakistan He describes how the centralization of power and the imposition of a single language for both wings of the country led to the dismemberment of Pakistan and the creation of Bangladesh in 1971 The book also analyzes the unwritten national security policy of Pakistan and how it has dictated its foreign policy Relations with the US India China Saudi Arabia Iran and Afghanistan are discussed vis vis the overall national security policy The author contends that the rise of fundamentalism is a global phenomenon but in Pakistan it has given birth to a plethora of Islamic militant groups covertly supported by the Pakistani intelligence services Pakistan has been branded as the most dangerous state of the world and the epicentre of terrorism He laments the fact that attempts to present the peaceful side of Islam are extremely feeble because of the dominance of the pro jihad elements which are pushing the country into a civil war like situation In spite of several years of attempts at indoctrination of the people through mass media and educational institutions in Pakistan the anti Indian feelings and extreme stands on Kashmir have been limited Ayaz believes that India and the developed world would have to help by being more accommodating and understanding so that the people of Pakistan can re invent their country Without moving towards secularism the author warns Pakistan will remain at war with itself as it is torn between the twenty first century and medieval religious value systems *Pakistan* Pervez

India's National Security Satish Kumar, 2017-11-22 The global security environment in the last five years has been characterised by a state of no war no peace among major powers resulting in a state of uncertainty about their national security objectives For instance the US has been concerned about the attitudes of Iran Russia North Korea China and others and yet did not expect a direct military conflict with them On the other hand China has expanded its naval strategy from a mere off shore defence to open seas protection and has called for both defence and offence instead of merely territorial air defence thereby indicating preparedness for the possibility of a military confrontation The major powers have been thus groping for suitable responses to their threat perceptions It is in this kind of a complex and confusing international environment that India as a rising power has been called upon to wade through its strategic partnerships with major powers and nurture friendships with various Asian and African countries This sixteenth volume of India's National Security Annual Review offers indispensable information and evaluation on matters pertaining to national security It undertakes a thorough analysis of the trends to provide a backdrop to India's engagement with various countries The volume also discusses persisting threats from China and Pakistan With contributions from experts from the fields of diplomacy academia and civil and military services the book will be one of the most dependable sources of analyses for scholars of international relations foreign policy defence and strategic studies and political science and practitioners alike
