[Understanding Your Child's Temperament](#) William B. Carey,2004-12

[UNDERSTANDING YOUR CHILD S TEMPERAMENT](#) From their earliest days some children are shy and others are bold A brother may be flexible while his sister is rigid One child is highly active another far less so One may stick

with a challenge for hours while another gives up easily All children display distinct profiles of nine largely inborn temperament traits that determine how they experience their environments and respond to them These interactions have a major impact on children s physical health development social behavior and school performance and on the caregivers themselves If adults learn to recognize and tolerate temperament traits they will be able to manage them more harmoniously and care for each child s individual needs What an important book for parents to consider Treating each child as an individual shows them the respect that will engender self esteem in them later This book about differences in temperament by Dr William Carey an esteemed pediatrician will give parents the backup they need to treat each child individually T Berry Brazelton M D Emeritus Professor of Pediatrics Harvard Medical School Author of numerous books on child development and care America s favorite pediatrician This classic work is now more useful than ever The too often neglected role of temperamental patterns is explained brilliantly so that all adults who live or work with kids can understand and manage these all important differences between them Mel Levine M D Professor of Pediatrics University of North Carolina Medical School Author of national bestseller A Mind at a Time and 10 other books about children s learning issues I Got You Mama Kristen Cook, MD, 2021-02-22 The journey to parenthood is different for everyone but the struggles of pregnancy childbirth and the first year of a baby s life are almost universal As parents or future parents we are constantly fed a myth that being a Mommy or Daddy is a wonderful amazing and completely fulfilling experience We are expected to raise our children effortlessly love every minute of being a parent and post the pictures on social media to prove it We feel guilty if we do not like a certain aspect of this experience and we are shamed if someone doesn t agree with our decisions Parents it is time to stop the insanity Creating growing birthing and raising a child is really hard I know this because I am a Mom of two strong willed children and a pediatrician with over a decade of experience in the medical field I understand that you are inundated with information from family members friends and the media who all tell you what you should do and what you should not do for yourself and for your child This information is often conflicting and confusing You know what I Got You Mama Take a deep breath and hang with me This book is a no holds barred approach with information that is real raw and sometimes gross But I promise it will help you to unapologetically thrive as a parent The Sleep Training Method That Really Works (And It's Not Cry It Out) Aurora Brooks, 2023-09-08 Are you a tired and sleep deprived parent desperately searching for a sleep training method that actually works Look no further Introducing The Sleep Training Method That Really Works And It s Not Cry It Out the ultimate guide to helping your baby sleep peacefully through the night without resorting to the dreaded cry it out method In this groundbreaking book you will discover the importance of sleep training and how it can positively impact your baby s overall well being Understanding your baby s sleep patterns is crucial and this book provides valuable insights into newborn sleep patterns and how they evolve as your baby grows Establishing a bedtime routine is key to promoting healthy sleep habits and this book offers practical tips and advice on creating a soothing and consistent routine
