Understanding Ukrainian Politics Power Politics And Institutional Design:

Understanding Ukrainian Politics: Power, Politics, and Institutional Design Paul D'Anieri, 2015-01-28 Ukraine made headlines around the world during the winter of 2004-05 as the colorful banners of the Orange Revolution unfurled against the snowy backdrop of Kyiv signaling the bright promise of democratic rebirth But is that what is really happening in Ukraine In the early post Soviet period Ukraine appeared to be firmly on the path to democracy The peaceful transfer of power from Leonid Kravchuk to Leonid Kuchma in the election of 1994 followed by the adoption of a western style democratic constitution in 1996 seemed to complete the picture But the Kuchma presidency was soon clouded by dark rumors of corruption and even political murder and by 2004 the country was in full blown political crisis A three stage presidential contest was ultimately won by Viktor Yushchenko who took office in 2005 and appointed Yulia Tymoshenko as premier but the turmoil was far from over The new government quickly faltered and splintered This introduction to Ukrainian politics looks beyond these dramatic events and compelling personalities to identify the actual play of power in Ukraine and the operation of its political system The author seeks to explain how it is that after each new beginning power politics has trumped democratic institution building in Ukraine as in so many other post Soviet states What is really at work here and how can Ukraine break the cycle of hope and disillusionment

Democratic Revolution in Ukraine Taras Kuzio, 2013-09-13 In 2000 a beheaded journalist was found in a remote forest near Kyiv The corpse led to a scandal when it was revealed that it was that of a journalist critical of the authorities The President was heard on tapes made covertly in his office ordering violence to be undertaken against the journalist The scandal led to the creation of a wide protest movement that culminated in the victory of democratic opposition parties in 2002 The democratic opposition led by its presidential candidate Viktor Yushchenko fought a bitter and fraudulent election campaign in 2004 during which he was poisoned Widespread election fraud led to Europe's largest protest movement since the Cold War which became known as the Orange Revolution known after the campaign colour of the democratic opposition This book is the first to provide a collection of studies surveying different aspects of the rise of the Ukraine's democratic opposition from marginalization to protest against presidential abuse of office and culminating in the Orange Revolution It integrates the Kuchmagate crisis of 2000-2001 with that of the Orange Revolution four years later providing a rich detailed and original study of the origins of the Orange Revolution This book was published as a special issue of the Journal of Communist Studies and Transition Politics

Against All Odds Max Bader, 2025-10-01 As part of a wider democracy promotion effort political parties in Georgia and Ukraine as in most other post communist states have received assistance from a number of non governmental but governmentfunded western organizations for most of the post communist period This assistance however has persistently failed to contribute to making parties in the two former Soviet republics substantially more stable democratic and representative In searching for an answer to why the assistance has not been more effective this thesis looks both at the

nature of the assistance and the particularities of party politics in Georgia and Ukraine The thesis argues that as a consequence of domestic constraints on party development political parties in Georgia and Ukraine were essentially unsuitable as recipients of party assistance and that therefore party assistance was poorly positioned to make an impact

Pivotal Countries, Alternate Futures Michael F.
