Robert Ruhnke

Understanding Your Rights Your Rights And Responsibilities In The Catholic Church:

Understanding Your Rights Russell B. Shaw,1994 *The Clergy Sexual Abuse Crisis* Paul R. Docecki,2004-02-27 The story of sexual abuse of children by Catholic priests has sent shock waves around the nation and will not fade from consciousness or the news We ask How could this happen And then we ask How could the Catholic Church let this continue for so long in seeming silence and duplicity Paul R Docecki a community psychologist at Vanderbilt University an active Catholic and a former board member of the National Catholic Education Association investigates the crisis not only with the eye of an investigative reporter but with the analytical skills and training of a psychologist as well Moreover he lays the foundation for reasonable and practical reform measures Through the scandal in the Archdiocese of Boston as well as the earlier if less well known but momentous case in the Diocese of Nashville Docecki reports on and analyzes what is ultimately an abuse of power not only by the clergy but by church officials As distasteful as these instances may be they are compelling reading enlightened by the author s abilities to contextualize these events through the lenses of professional ethics the human sciences and ecclesiology According to Docecki these and other instances of clergy sexual abuse reveal a systemic deficiency in the structure and the nature of the church itself one that has prevented the church from adequately dealing with its own worst sins Docecki may shine a spotlight into the church s dark corners but he does so in the service of enlightenment calling the church back toward the vision of Vatican II and the spirit of Pope John XXIII toward a greater transparency a more open and participatory governance in the church and for a greatly expanded role for the people of God who make up the church It is in this way Docecki believes the church will be better able to keep the innocent children of the church safe from harm Encyclopedia of Monasticism William M. Johnston,2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Human Rights and Responsibilities in Britain and Ireland** Sydney D. Bailey,1987-12-01 Encyclopedia of Monasticism: A-L William M. Johnston,2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company *For Better and for Ever - Roman Catholic Edition* Robert Ruhnke,1999-11 A resource for couples preparing for Christian marriage Cover **How to Unite Catholic - Protestant Church As One** Dante Michael Soiu,2011-06-23 Persons and Their Bodies: Rights, Responsibilities, Relationships Mark J. Cherry,2006-04-11 Debate regarding organ sales is largely

innocent of the history of thought on the matter This volume seeks to remedy this shortcoming Positions for or against a market in human organs are nested within moral intuitions ontological or political theoretical premises or understandings of special moral concerns such as permissible uses of the body which have a long history of analysis The essays compass the views of Plato Aristotle Aquinas Locke Kant Hegel Mill and Christianity as well as particular methodological approaches such as the phenomenology of the body natural law theory legal theory and libertarian critique of legal theory These discussions cluster a number of conceptually independent philosophical concerns 1 What is the appropriate understanding of the relationship between persons and their bodies 2 What does it mean to own an organ 3 Do governments have moral authority to regulate how persons use their own body parts 4 What are the costs and benefits of a market in human organs Such questions are related by an urgent public health challenge the considerable disparity between the number of patients who could significantly benefit from organ transplantation and the number of human organs available for transplantation This volume explores the theoretical normative and historical foundations for alternative policies for procurement and transplantation of human organs
