models proposed by Wolfgang Iser and Hans Robert Jauss Placing the emphasis on the text and its effects rather than on the historical or psycho sociological genesis of the text the author invokes the models and paradigms of other literatures to establish a broader cultural context permitting the significance of a literature to emerge as a carrier of meaning in and beyond the culture that produces it Tracing a critical path from Hugh MacLennan s hierarchic romance structures and Gabrielle Roy s social realism to the metafiction of Hubert Aquin and Timothy Findley the author reveals that the novel s narratological features themselves are often closely linked with ideological positions Nouvelles de la Bibliothèque Nationale National Library of Canada,1989 *The Oxford Book of French-Canadian Short Stories* Richard Teleky,1983 The first major historical collection of French Canadian short stories in translation spanning a century and a half this anthology offers twenty two stories that will entertain charm and often disturb At the same time they reveal the development of the French Canadian short story form and present many of the leading writers of French Canada **The French Novel of Quebec** Maurice Cagnon,1986 Encyclopedia of World Literature in the 20th Century Leonard S.
